## **Course In Miracles And Christianity A Dialogue:**

A Course in Miracles and Christianity Kenneth Wapnick, William Norris Clarke, 1995 Reflecting the view of A Course in Miracles that a universal theology is impossible but a universal experience love is not only possible but necessary this dialogue was held in the loving spirit of friends respecting their differences and agreeing to disagree Dr Wapnick and Rev Clarke define the differences clearly showing unequivocally that A Course in Miracles and the Bible are mutually exclusive theologies that can never be integrated into one coherent spirituality Themes include the origin of the world Jesus the Eucharist and daily life     *The System of Antichrist* Charles Upton, 2005 The System of Antichrist examines the present religious and cultural scene from the standpoint of traditional metaphysics and critiques the New Age spiritualities within their postmodern context Its many references to Rene Guenon and Frithjof Schuon also help introduce these important but little known traditionalist thinkers The book presents lore relating to the latter days of the present cycle from the vantage point of comparative religion drawing upon relevant doctrines from Buddhism Hinduism Judaism Christianity Islam Zoroastrianism and the Native American traditions It also speculates upon the social psychic and spiritual nature of that being known to Christianity Judaism and Islam as the Antichrist presenting him as both an individual and a system and warning those willing to be warned against the spiritual seduction and terror he represents and against the regime which will be and is the social expression of that seduction and that terror Finally in tracing the roots of Antichrist in the fallen nature of man the author sketches the particular quality of spirituality proper to apocalyptic times the dangers it faces the unique opportunities open to it And along the way he describes his own course from the spiritual revolution of the 1960s through the world of New Age spiritualities to the threshold of traditional esoterism and metaphysics As he says speaking of the angst that characterizes the modern world The specific medicine for the shock of despair is the deeper shock of meaning Nothing but the weight of eternity breaking through the thin brittle shell of the postmodern sky can set us on our feet     Revelatory Events Ann Taves, 2016-11-08 A leading scholar sheds critical light on the seemingly revelatory events behind new religions and spiritual movements Unseen presences Apparitions Hearing voices Although some people would find such experiences to be distressing and seek clinical help others perceive them as transformative Occasionally these unusual phenomena give rise to new spiritual paths or religious movements Revelatory Events provides fresh insights into what is perhaps the bedrock of all religious belief the claim that otherworldly powers are active in human affairs Ann Taves looks at Mormonism Alcoholics Anonymous and A Course in Miracles three cases in which insiders claimed that a spiritual presence guided the emergence of a new spiritual path In the 1820s Joseph Smith Jr reportedly translated the Book of Mormon from ancient gold plates unearthed with the help of an angel Bill Wilson cofounded AA after having an ecstatic experience while hospitalized for alcoholism in 1934 Helen Schucman scribed the words of an inner voice that she attributed to Jesus which formed the basis of her 1976 best selling self study course In each case Taves argues the sense of a guiding presence emerged through a

complex creative interaction between a founding figure with unusual mental abilities and an initial set of collaborators who were drawn into the process by diverse motives of their own A major work of scholarship this compelling and accessible book traces the very human processes behind such events     Understanding a Course in Miracles D. Patrick Miller,2011-11-23 This comprehensive introduction to the grassroots phenomenon A Course in Miracles covers the book s role in America s changing spiritual landscape investigates its origins and history and explains its principal tenets and philosophies Weaving together extensive research and student perspectives journalist D Patrick Miller sheds light on the provocative and oft misunderstood text An examination of the teachings and influence of A Course in Miracles one of the most popular and controversial texts in contemporary spirituality With a new foreword by Iyanla Vanzant Covers common questions such as What exactly is the Course Is it Christian Buddhist New Age or something else entirely How did the author channel the message More than two million copies of A Course in Miracles available worldwide in 19 languages with thousands of study groups devoted to it From the Trade Paperback edition     *The Publishers Weekly* ,1873     The Analogy of Religion. Dialogues Founded Upon Butler's Analogy of Religion Henry Robert HUCKIN,1873     **Divine Dialogues: Prophetic Conversations Across the Ages** BENJAMIN TOYGAR,2023-05-17 Embark on a journey through time and faith in Divine Dialogues Prophetic Conversations Across the Ages This imaginative exploration delves into the heart of divine communication as experienced by three of history s most significant prophets Moses Jesus and Mohammed Divine Dialogues also examines the shared characteristics that may have marked these individuals for divine communication shedding light on the qualities revered across different faiths The book further explores why God might choose to reveal Himself indirectly initiating a thoughtful discussion on the nature of divine revelation While this book offers speculation and interpretation it encourages readers to engage directly with the source texts and to foster a sense of shared understanding among different faiths It s not just a book it s an invitation to embark on your own spiritual exploration Please note Divine Dialogues is a work of creative exploration and is not intended as a theological treatise The author encourages all readers to consult with religious scholars and texts to deepen their understanding of these conversations     **Knowing Christ in the Challenge of Heresy** Steven Tsoukalas,2022-06-02 The Most Holy Trinity Father Son and Holy Spirit uses heresy On the surface this is a frightening statement But through the challenge of Christological heresies the early church was moved to the task of articulating the faith once for all handed down to the saints As a result of these heresies the church realized that it had to lay out biblically with nuance and precision who Christ is This nuance and precision was geared toward answering these heresies with no and resulted in the saints through the ages knowing Jesus better As it was then so it is now The church today in sync with the Scripture and the apostolic tradition founded upon Jesus needs in part to articulate biblical Christology in a way that specifically addresses modern day heresies so that we may know Christ better more deeply In Knowing Christ in the Challenge of Heresy Steven Tsoukalas lays out several modern day heretical Christologies and answers them biblically

with nuance and precision Readers will not only find a documented cataloguing of specific heresies but also chapters on Christology found in books of the Bible

*The Encyclopedic Sourcebook of New Age Religions* James R. Lewis, 2004 In the late 1980s the New Age movement became the focus of both media attention and widespread ridicule as some of the more outlandish aspects of the movement such as channeling and the use of crystals for healing briefly piqued the public's curiosity While the movement was at its height scholars of religion generally sneered at what was perceived to be a daffy shallow craze and ignored it as a subject of serious study Professor James R Lewis was among the first to examine this growing religious phenomenon scientifically In previous books he has investigated the New Age as the most visible manifestation of a significant spiritual subculture the roots of which reach back to Theosophy Spiritualism and New Thought The present collection pursues this theme bringing together some of the best recent scholarship on new religions Since the height of its popular influence the New Age has declined in strength but has given rise to a plethora of new denominations all shaped by New Age ideas and spirituality Reflecting the emergence of this new denominational structure the core chapters of this book focus on specific groups Other chapters examine the movement's historical roots A unique feature of Dr Lewis's work is his inclusion of extensive selections from New Age literature thus allowing readers to experience firsthand the unusual perspectives of the various groups This is a fascinating examination of a significant and persistent religious and social phenomenon

Kautz,2012-04 THE STORY OF JESUS AN INTUITIVE ANTHOLOGY Many contemporary Christians suspect that there is more to Jesus and his enduring message than the little that has survived in historical writings and the legendary Christian tradition This book offers a narrative account of Jesus life from the perspective of twenty contemporary writers who have developed their natural intuitive abilities to an unusually high level They are therefore able to bring forth new and detailed information not ordinarily accessible by his tor ical or literary means Some of them had demonstrated their unusual skill by probing deep ly into the personal lives and minds of historical individuals other than Jesus while some had provided important and detailed technical infor mation which was then verified scien tifically They apply their intuitive skills here to uncover fresh information about the man Jesus his contemporaries and his extensive teachings which never found their way into the New Test ament Gospels and related historical documents These new findings offer a much richer view of the man himself than that available from traditional Christian sources They also provide illumi nating insights and a deep spiritual under standing of Jesus original and hidden teach ings The Story of Jesus is essential reading for all inquirers and seekers into these hidden and previously lost portions of Christian spiritual history
