Courts And Trials:

Courts and Trials Martin L. Friedland, 1975 **Judicial Tribunals in England and Europe, 1200-1700** Maureen Mulholland, Brian Pullan, 2003-06-28 Now available in paperback for the first time this book examines trials civil and criminal ecclesiastical and secular in England and Europe between the thirteenth and the seventeenth centuries Chapters consider the judges and juries and the amateur and professional advisers involved in legal processes as well as the offenders brought before the courts with the reasons for prosecuting them and the defences they put forward The cases examined range from a fourteenth century cause célèbre the attempted trial of Pope Boniface VIII for heresy to investigations of obscure people for sexual and religious offences in the city states of Geneva and Venice Technical terms have been cut to a minimum to ensure accessibility and appeal to lawyers social political and legal historians undergraduate and postgraduates as well as general readers interested in the development of the trial through time **Task Force Report: the Courts** United States. Task Force on Administration of Justice, 1967 Research Handbook on Domestic Violence and Abuse Mandy Burton, Vanessa Bettinson, Kayliegh Richardson, Ana Speed, 2024-09-06 This Research Handbook examines the evolution of understandings and legal definitions of domestic abuse illustrating the importance of expanding these beyond physical violence to encompass coercive control Drawing on academic literature legal doctrine and the lived experiences of victims and survivors it highlights how responses to domestic abuse can be improved in civil family and criminal justice systems Has the time come for the Houses of Parliament to abolish a trial by jury, so that all Crown Court trials are heard by a Judge alone? James Michael Corbett, 2020-11-04 Master's Thesis from the year 2012 in the subject Law Criminal process Criminology Law Enforcement City University London The City Law School course LLM Criminal Litigation language English abstract There are well founded arguments in favour of a jury trial and the idea that the jury is to preserve democracy would remain favourable with the great majority However a jury trial is not without its flaws and it is apparent that a clear argument can be made to the contrary that a jury is somewhat questionable Those concerns on the one hand and those benefits on the other hand cannot be ignored any more Should the UK continue to uphold a trial by jury What would it mean for the Criminal Justice system if we continue to uphold a trial by jury If the accused is tried by a jury that is not fit for purpose can we really say justice has been done The author James Michael Corbett discusses the arguments to set out why UK should no longer try a defendant by a jury For that he not only describes the repeal of section 43 of the Criminal Justice Act he also points out issues within a jury trial to later debate about its further use in the UK Corbett provides a detailed level of knowledge and understanding into the workings of the jury system within the Crown court The book is a real benefit to anyone who is interested in law or who is thinking of entering the legal profession Annual Report of the Director - Administrative Office of the United States Courts United States. Administrative Office of the United States Courts, 1983 HM Courts Service Great Britain. National Audit Office, 2009 The Crown Court operates from around 500 court rooms at almost 100 locations

around England and Wales In 2007 it heard 135 000 criminal cases including the most serious cases up 5 per cent from 2005 Some Crown Court locations in London and parts of the South East are running at or close to full capacity which can increase waiting times affecting victims witnesses and other parties in a court case At some locations HM Courts Service has used magistrates court rooms to reduce the shortage of Crown Court rooms It has also transferred blocks of cases between different locations HM Courts Service is planning to spend 120 million to increase the number of Crown Court rooms by 30 6 per cent over the next three years HM Courts Service should improve its assessment of future Crown Court workload and finalise a standard way of assessing the court rooms needed to meet that workload For 2009 10 onwards HM Courts Service has established a new staffing model the first since 2004 05 for determining staff levels It is also working with the Ministry of Justice to improve learning and development programmes for Crown Court staff Improvements are needed to the two main Crown Court IT systems The case management system CREST is 20 years old and is no longer supported by the manufacturer bringing operational risks The XHIBIT system provides real time information on the progress of trials and records results but it needs greater flexibility to respond to changes in legislation XHIBIT is not currently able to accommodate new or revised forms when they are introduced
