Courts On Trial Myth Reality In:

Courts on Trial Jerome Frank, 1973-09-21 CONTENTS I The Needless Mystery of Court House Government II Fights and Rights III Facts Are Guesses IV Modern Legal Magic V Wizards and Lawyers VI The Fight Theory versus the Truth Theory VII The Procedural Reformers VIII The Jury System IX Defenses of the Jury System Suggested Reforms X Are Judges Human XI Psychological Approaches XII Criticism of Trial Court Decisions The Gestalt XIII A Trial as a Communicative Process XIV Legal Science and Legal Engineering XV The Upper Court Myth XVI Legal Education XVII Special Training for Trial Judges XVIII The Cult of the Robe XIX Precedents and Stability XX Codification XXI Words and Music Legislation and Judicial Interpretation XXII Constitutions The Merry Go Round XXIII Legal Reasoning XXIV Da Capo XXV The Anthropological Approach XXVI Natural Law XXVII The Psychology of Litigants XXVIII The Unblindfolding of Justice XXIX Classicism and Romanticism XXX Justice and Emotions XXXI Questioning Some Legal Axioms XXXII Reason and Unreason Ideals A *Theory of the Trial* Robert P. Burns, 2001-10-08 Anyone who has sat on a jury or followed a high profile trial on television usually comes to the realization that a trial particularly a criminal trial is really a performance Verdicts seem determined as much by which lawyer can best connect with the hearts and minds of the jurors as by what the evidence might suggest In this celebration of the American trial as a great cultural achievement Robert Burns a trial lawyer and a trained philosopher explores how these legal proceedings bring about justice The trial he reminds us is not confined to the impartial application of legal rules to factual findings Burns depicts the trial as an institution employing its own language and styles of performance that elevate the understanding of decision makers bringing them in contact with moral sources beyond the limits of law Burns explores the rich narrative structure of the trial beginning with the lawyers opening statements which establish opposing moral frameworks in which to interpret the evidence In the succession of witnesses stories compete and are held in tension At some point during the performance a sense of the right thing to do arises among the jurors How this happens is at the core of Burns s investigation which draws on careful descriptions of what trial lawyers do the rules governing their actions interpretations of actual trial material social science findings and a broad philosophical and political appreciation of the trial as a unique vehicle of American self government Courts Cassia Spohn, Craig Hemmens, 2009 Courts A Text Reader provides the best of both worlds authored text Sections with carefully selected accompanying Readings that illustrate the questions and controversies legal scholars and court researchers are investigating in the 21st century The articles from leading journals in criminology and criminal justice reflect both classic studies of the criminal court system and state of the art research and often have a policy perspective that makes them more applied less theoretical and more interesting to both undergraduate and graduate students This unique Text Reader is primarily intended for undergraduate and graduate courses on the criminal court system and or judicial processes BOOK JACKET Library Book Catalog National Institute of Law Enforcement and Criminal Justice. Office of Technology Transfer, 1976 Library Book Catalog

United States. Department of Justice,1976 **Transforming Criminal Justice?** Jane Donoghue,2014-04-03 Why is punishment not more effective Why do we have such high re offending rates How can we deal with crime and criminals in a more cost effective way Over the last decade in particular the United Kingdom in common with other jurisdictions such as Canada the United States US and Australia has sought to develop more effective ways of responding to criminal behaviour through court reforms designed to address specific manifestations of crime Strongly influenced by developments in US court specialisation problem solving and specialist courts including domestic violence courts drugs courts community courts and mental health courts have proliferated in Britain over the last few years These courts operate at the intersection of criminal law and social policy and appear to challenge much of the traditional model of court practice In addition policy makers and practitioners have made significant attempts to try to embed problem solving approaches into the criminal justice system more widely Through examination of original data gathered from detailed interviews with judges magistrates and other key criminal justice professionals in England and Wales as well as analysis of legislative and policy interventions this book discusses the impact of the creation and development of court specialisation and problem solving justice This book will be essential reading for students and academics in the fields of criminology criminal justice criminal law socio legal studies and sociology as well as for criminal justice practitioners and policy makers **Library Book Catalog** United States. Law Enforcement Assistance Administration,1976 *International Bibliography on Crime and Delinquency* ,1963 *The Mythology of Crime and Criminal Justice* Victor E. Kappeler,Gary W. Potter,2017-07-18 The social construction of crime is often out of proportion to the threat posed The media and advocacy groups shine a spotlight on some crimes and ignore others Street crime is highlighted as putting everyone at risk of victimization while the greater social harms from corporate malfeasance receive far less attention Social arrangements dictate what is defined as crime and the punishments for those who engage in the proscribed behavior Interest groups promote their agendas by appealing to public fears Justifications often have no basis in fact but the public accepts the exaggerations and blames the targeted offenders The net widening effect of more laws and more punishment catches those least able to defend themselves This innovative alternative to traditional textbooks provides insightful observations of myths and trends in criminal justice Fourteen chapters challenge misconceptions about specific crimes or aspects of the criminal justice system Kappeler and Potter dissect popular images of crimes and criminals in a cogent compelling and engaging manner They trace the social construction of each issue and identify the misleading statistics and fears that form the basis of myths and the collateral damage of basing policies on mythical beliefs The authors encourage skepticism about commonly accepted beliefs offer readers a fresh perspective and urge them to analyze important issues from novel vantage points **American Government, Second Edition** Timothy O. Lenz,Mirya Holman,2018-03-21 This exciting new book explores the role of government politics and policy in American lives Full of real life applications and scenarios this text encourages and enables political thinking The second edition has been

updated to include recent developments in U S politics and government This includes the description and analysis of the 2016 elections as well as the early Trump administration Chapters have expanded coverage of immigration policy environmental policy economic policy and global affairs including counterterrorism policy The text also includes analysis of racial issues in contemporary American politics and law It also addresses questions about the state of the economy jobs and wages Hyperlinks and URLs provide deeper dives into various topics and examples of comparative politics

The Puzzle of Unanimity Pamela C. Corley, Amy Steigerwalt, Artemus Ward, 2013-05-15 The U S Supreme Court typically rules on cases that present complex legal questions Given the challenging nature of its cases and the popular view that the Court is divided along ideological lines it is commonly assumed that the Court routinely hands down equally divided decisions Yet the justices actually issue unanimous decisions in approximately one third of the cases they decide Drawing on data from the U S Supreme Court database internal court documents and the justices private papers The Puzzle of Unanimity provides the first comprehensive account of how the Court reaches consensus Pamela Corley Amy Steigerwalt and Artemus Ward propose and empirically test a theory of consensus they find consensus is a function of multiple concurrently operating forces that cannot be fully accounted for by ideological attitudes In this thorough investigation the authors conclude that consensus is a function of the level of legal certainty and its ability to constrain justices ideological preferences

The Judiciary Henry J. Abraham, 1996-11 Revised and updated to include the latest Supreme Court decisions this classic text now in its tenth edition provides a concise overview of the judiciary in general and the Supreme Court in particular The only book available that combines theory and practice of the judicial process with civil rights and liberties The Judiciary acquaints students with the intricacies of our courts the people who compose them and their relationship to other branches of government as well as to individuals and groups

State of the Judiciary and Access to Justice United States. Congress. House. Committee on the Judiciary. Subcommittee on Courts, Civil Liberties, and the Administration of Justice, 1977

L'Influence de la religion dans le droit international privé des pays musulmans Academie de Droit International de la Haye, 1988-05-16 The Academy is a prestigious international institution for the study and teaching of Public and Private International Law and related subjects The work of the Hague Academy receives the support and recognition of the UN Its purpose is to encourage a thorough and impartial examination of the problems arising from international relations in the field of law The courses deal with the theoretical and practical aspects of the subject including legislation and case law All courses at the Academy are in principle published in the language in which they were delivered in the Collected Courses of the Hague Academy of International Law

Labor Arbitration Under Fire James L. Stern, Joyce M. Najita, 1997 Labor arbitration was once seen as an integral part of bargaining and as a pioneering effort to create shop floor justice But the decline of unions in status and power has raised profound questions about the future of labor arbitration While labor unions seek justice for twenty two million workers covered by collective bargaining arbitration of employment disputes in the non unionized sectors of the economy is on the

increase with arbitration procedures promulgated by the employer substituting for more expensive litigation Moreover arbitration may find a new role among unrepresented employees as the obligation to justify discharges is more widely adopted This volume chronicles the development of labor arbitration analyzes the paths it is now following and suggests what the future may hold under changing conditions *Judicial Review in State Supreme Courts* Laura Langer,2012-02-01 Despite having the final word on many policy issues state supreme courts have received much less scholarly attention than the United States Supreme Court Examining these often neglected institutions this book demonstrates that by increasing our knowledge of the behavior of state supreme court judges across differing areas of law we can enrich our understanding of the function of state supreme courts and the relations between these institutions and other branches of government In addition *Judicial Review in State Supreme Courts* advances our conceptualization of the judiciary and offers a more general theory about judicial behavior accountability and the role of courts in American society Langer looks at the policy making powers of state supreme courts and the conditions under which justices are most likely to review and invalidate state laws portraying judges as forward thinking individuals who pursue both policy and electoral goals *Transboundary Water Disputes* Itzhak E. Kornfeld,2019-02-21 A thorough analysis of how effectively international courts and tribunals adjudicate transboundary water disputes using detailed case studies *The Dynamism of Civil Procedure - Global Trends and Developments* Colin B. Picker,Guy Seidman,2015-11-11 This book shows the surprising dynamism of the field of civil procedure through its examination of a cross section of recent developments within civil procedure from around the world It explores the field through specific approaches to its study within specific legal systems and within discrete sub fields of civil procedure The book reflects the latest research and conveys the dynamism and innovations of modern civil procedure by field method and system The book s introductory chapters lay the groundwork for researchers to appreciate the flux and change within the field The concluding chapters bring the many different identified innovations and developments together to show the field s ability to adapt to modern circumstances while retaining its coherence even across different legal systems traditions fields and analytic approaches Specifically in this book the presence of dynamism is explored in the legal systems of the EU France the US Brazil Australia the UK and China So too that dynamism is explored in the contributions analyses and discussions of the changes or need for change of specific aspects of civil procedure including litigation costs class actions derivative actions pleadings and res judicata Furthermore most of the individual contributions may be considered to be comparative analyses of their respective subjects and when considered as a whole the book presents the dynamism of civil procedure in comparative perspective Those discrete and aggregated comparative analyses permit us to better understand the dynamism in civil procedure for change in the abstract can be less visible and its significance and impact less evident While similar conclusions may have been drawn through examinations in isolation employing comparative analytic methods provided a richer analysis and any identified need for change is correspondingly advanced through comparative analysis

Furthermore if that analysis leads to a conclusion that change is necessary then comparative law may provide pertinent examples for such change as well as methodologies for successfully transplanting any such changes In other words as this book so well reflects comparative law may itself usefully contribute to dynamism in civil procedure This has long been a raison d'être of comparative law and as clear from this book's contributions in this particular time and field of study we find that it is very likely to achieve its lofty promise

A Catalogue of the Law Collection at New York University Julius J. Marke, 1999 Marke Julius J Editor A Catalogue of the Law Collection at New York University With Selected Annotations New York The Law Center of New York University 1953 xxxi 1372 pp Reprinted 1999 by The Lawbook Exchange Ltd LCCN 99 19939 ISBN 1 886363 91 9 Cloth 195 Reprint of the massive well annotated catalogue compiled by the librarian of the School of Law at New York University Classifies approximately 15 000 works excluding foreign law by Sources of the Law History of Law and its Institutions Public and Private Law Comparative Law Jurisprudence and Philosophy of Law Political and Economic Theory Trials Biography Law and Literature Periodicals and Serials and Reference Material With a thorough subject and author index This reference volume will be of continuous value to the legal scholar and bibliographer due not only to the works included but to the authoritative annotations often citing more than one source Besterman A World Bibliography of Bibliographies 3461

The Cartel Evan Whitton, 1998 This critique of the Australian legal system argues that the present system often obstructs justice that common law does not seek the truth and that trials are not designed to achieve a just outcome Discusses topics such as the jury system civil litigation the right of silence the adversary system and the doctrine of precedent Includes references and an index The author is a journalist with The Australian He was five times winner of the Walkley Award for National Journalism and author of Can of Worms Amazing Scenes and Trial by Voodoo
