The Lure of Images David Morgan, 2007. This is the history of the relationship between mass-produced visual media and religion in the US from early evangelical tracts to teenage witches and televangelists. Morgan explores the cultural marketplace of public representation, showing how American religionists have made special use of visual media to instruct the public and practice.

The Athenaeum, 1897. Beyond Words Andrew Apter, 2007-07. Even within anthropology, a discipline that strives to overcome misrepresentations of peoples and cultures, colonialist depictions of the so-called Dark Continent run deep. The grand narratives, tribal tropes, distorted images, and natural histories that forged the foundations of discourse about Africa remain firmly entrenched. In *Beyond Words*, Andrew Apter explores how anthropology can come to terms with the colonial library and begin to develop an ethnographic practice that transcends the politics of Africa's imperial past. The way out of the colonial library, Apter argues, is by listening to critical discourses in Africa that reframe the social and political contexts in which they are embedded. Apter develops a model of critical agency focusing on a variety of language genres in Africa situated in rituals that transform sociopolitical relations by self-consciously deploying the power of language itself. To break the cycle of Western illusions in discursive constructions of Africa, he shows we must listen to African voices in ways that are culturally and locally informed. In doing so, Apter brings forth what promises to be a powerful and influential theory in contemporary anthropology.

The Spring Child's Whisper Gary Warner, 2017-04-24. January Grant hunts the witch hunters. Her superior, Claire Darblay, assigns her to take the fight to those who even today persecute the Sisterhood. So when Claire asks January to retrieve two young runaways who have absconded from the Burgrun House Coven, she can't help feeling that this is a job more suited to one of the Sisterhood's social workers. And when January, a Sister used to action, is also tasked with the seemingly diplomatic mission of finding the reason for the girls' decision to abscond, it seems that things couldn't get any worse until her mother calls with news that her younger sister is also missing. Could the two events be linked? Cordelia Trent, the enigmatic Elder of the Burgrun House Coven, is in no mood to compromise. She wants the runaways back. But this coven hides a deadly secret.
