Disposable Sarah Jones,2025-02-18 In a compelling blend of personal narrative and in depth reporting New York magazine senior writer Sarah Jones exposes the harsh reality of America s racial and income inequality and the devastating impact of the pandemic on our nation s most vulnerable people In the tradition of Matthew Desmond s *Evicted* and Andrea Elliot s *Invisible Child* *Disposable* is a poignant exploration of America s underclass left vulnerable by systemic racism and capitalism Here Sarah Jones delves into the lives of the essential workers seniors and people with disabilities who were disproportionately affected by COVID 19 not due to their age or profession but because of the systemic inequality and poverty that left them exposed The pandemic served as a stark revelation of the true state of America a country where the dream of prosperity is a distant mirage for millions Jones argues that the pandemic didn t create these dynamics but rather revealed the existing social mobility issues and wealth gap that have long plagued the nation Behind the staggering death toll are stories of lives lost injustices suffered and institutions that failed to protect their people Jones brings these stories to the forefront transforming the abstract concept of the pandemic into a deeply personal and political phenomenon She argues that America has abandoned a sacrificial underclass of millions but insists that another future is possible By addressing the pervasive issues of racial justice and public policy Jones calls for a future where no one is seen as disposable again
