The image is dark and dramatic, with the man's face being the central focus. The texture is a network of fine, dark cracks that spread across the entire face, giving it a weathered, ancient appearance. The lighting is low, highlighting the contours of the face and the texture of the skin and beard. The eyes are a striking yellow, looking directly at the viewer. The overall mood is mysterious and intense.

The Beast Within Joyce E. ,2025-08-28 How was bestiality perceived in the Middle Ages The answer is far from simple Depending on the context it might be a kingmaking ritual a boys game a pact with the devil a peccadillo or a capital offense As dangerous as it could be to be suspected by one s own neighbors of committing bestiality medieval literature and art are full of often exhilarating erotic interspecies encounters In the end this volume suggests that there is a zoophilic streak in all humans the medievals as well as ourselves Contributors are Crystal Beamer Bailey Flannery Katherine Leach Marian E Polhill Anna Russakoff Joyce E Salisbury Andrea Schutz Jacqueline A Stuhmiller Larissa Tracy and Tess Wingard **Thomas Harris and William Blake**

Portraying the Lady Donatella Izzo,2001-01-01 From Daisy Miller to Isabel Archer to Maisie female characters dominate the work of Henry James and often critical discussion of James s work Donatella Izzo shifts that discussion to a different more revealing plane in this original interpretation of James s short fiction By redirecting criticism from a biographical emphasis to a focus on James s engagement with the issues of representation Izzo shows how these short stories actually question and

investigate the cultural and ideological practices that produced women both in literature and in society Portraying the Lady brings to light the experimental quality and inherent consistency of stories that have received little critical attention all of which revolve around ideas at the core of the cultural representation of femininity at the time Izzo shows how James by testing and stretching these ideas in his imagery and plots exposed and exploded the perverse logic and the ultimate implications of such culturally shared versions of femininity thus revealing their oppressive quality for women and laying bare literature's complicity in reproducing and circulating them Exposing James's texts as sensitive registers of women's roles during the Victorian Edwardian era this book demonstrates that his texts make readers aware of how those stereotypes operated Blending literary art and feminist criticism with narratological analysis and postmodern theory this groundbreaking work restores a formal awareness to James studies within the wider theoretical concerns of feminist gender and cultural critiques
