Beatrice and Vanessa John Yeoman, 2011 **Compass Volume III: Prelude to War** James ilardi II , 2012-02-19 The third installment of the Compass series by James ilardi II **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1977 *Beatrice ve Vanessa* John Yeoman, 2017-03 *Art and the Artist in the Contemporary Israeli Novel* Joseph Lowin, 2016-12-21 *Art and the Artist in the Contemporary Israeli Novel* presents studies of eight contemporary works of Israeli fiction by eight major Israeli novelists It deals with a society where drama lived in reality but also in the mind is a central moving force What this book shows is the ways these texts deal with the themes of creativity and the creation of a work of art and with the way art and artists are portrayed in a culture that is often perceived as being otherwise preoccupied The book involves close and painstaking readings of these novels and travels along a broad spectrum of themes It also shows how these texts engage in dialogue with texts of the Jewish tradition on the one hand and on the other hand with each other Two major points of the book are its emphasis on the work as literary art and the way the same themes often find their way into the varied works created by this literary generation The book notes two tendencies among Israeli writers that there is a great urge to tell their story and the story of Israel and that to make clear not only what is happening in these novels but also what is going on in their works of art the novelist take the leisurely route of literary emerging slowly but surely leading the reader to see how art emerges from the most prosaic of events Despite its easygoing tone the book still claims to be a serious book dealing with serious issues both ethical and metaphysical One of the cases this book endeavors to make is that one of the main goals of contemporary Israeli writers is to insert their works of art via a midrashic mode of writing in which previous texts are constantly being re written and being made modern as links in the great chain of the Jewish textual tradition These novels often refer back to biblical tales and to rabbinic ways of reading them But they also demonstrate how the writers themselves and their books and are also a part of that tradition Most of all however these writers are supremely aware that they are artists and that they have a particular responsibility to their art
