Beautiful Risk:

The Beautiful Risk James H. Olthuis, 2006-03-01 The heart is too much a mystery for us to approach its healing as a simple matter of finding and fixing the problem. Methods alone cannot meet the deep aching need of souls that cry not for solutions but for connection. The Beautiful Risk encourages us to trade cure for care, expertise for partnership and mastery for love. With perspective, shifting insights and examples, Dr. James Olthuis helps us both counselors and those who come for counsel to move beyond control and technique and join in a risky but glorious dance of relationship, love and healing.

What If? Ronald A. Beghetto, 2018-08-28 If a fundamental goal of schooling is to prepare young people for the unknowable future, why do we assign students so many clearly defined tasks with predetermined solutions? According to educator and creativity expert Ronald A. Beghetto, the best way to unleash students' problem solving and creativity and thus prepare them to face real world problems is to incorporate complex challenges that teach students to respond productively to uncertainty. In this thought provoking book, Beghetto explains how to foster possibility thinking to help students open up their thinking in creative, sometimes counterintuitive ways. The process of lesson unlearning is a way of transforming existing lessons, activities and assignments into more complex classroom challenges. Four basic action principles that teachers and students can use to design and solve complex challenges both inside and outside the classroom. The steps for creating legacy challenges which require students to identify a problem, develop a solution and ensure that their work makes a lasting contribution. With planning forms and detailed sample activities, this practical guide will enable teachers at every grade level to design a full range of challenges in any subject area. Invite uncertainty into your classroom and discover what your students are capable of.

Mere Disciple: a Spiritual Guide for Emerging Leaders Jeff Strong, 2010-06-03 *Mere Disciple* is a guide for young adults that offers a fresh perspective on what discipleship to Jesus demands in our day. It will inspire those who are tired of half-hearted Christianity by offering transformative insights into the nature of discipleship and practical help in following Jesus faithfully. Part I Foundations explores the worldview foundations that need to be adopted in order for genuine discipleship to take root in our lives. Part II Money, Sex and Power offers advice on dealing with the three great idols of money, sex and power and how discipleship to Jesus can redeem and transform our relationship to each. Part III Into the Kingdom focuses on creating a plan for daily discipleship, providing the tools and strategies needed to make discipleship to Jesus a lived reality.

René Lévesque & the Parti Québécois in Power Graham Fraser, 2001 René Lévesque and the Parti Québécois in Power has been described as the classic work on one of the most important periods in recent Quebec history. Graham Fraser paints a vivid portrait of one of the most dynamic political figures of the twentieth century, describes the origins of the Parti Québécois and gives a graphic account of key events that still resonate in Canadian political life: Quebec's language law, the 1980 referendum and the patriation of the constitution. In a new preface, Fraser completes the story of the last months of the PQ government and the period leading up to Lévesque's death in 1987, detailing how Lévesque's leadership

continues to mark his successors **The Weakness of God** John D. Caputo, 2020-03-20 The author of *What Would Jesus Deconstruct* makes a bold attempt to reconfigure the terms of debate around the topic of divine omnipotence Choice Applying an ever more radical hermeneutics including Husserlian and Heideggerian phenomenology Derridian deconstruction and feminism John D Caputo breaks down the name of God in this irrepressible book Instead of looking at God as merely a name Caputo views it as an event or what the name conjures or promises in the future For Caputo the event exposes God as weak unstable and barely functional While this view of God flies in the face of most religions and philosophies it also puts up a serious challenge to fundamental tenets of theology and ontology Along the way Caputo's readings of the New Testament especially of Paul's view of the Kingdom of God help to support the weak force theory This penetrating work cuts to the core of issues and questions What is the nature of God What is the nature of being What is the relationship between God and being What is the meaning of forgiveness faith piety or transcendence that define the terrain of contemporary philosophy of religion Caputo comes out of the closet as a theologian in this work Catherine Keller Drew University Caputo has a gift for explaining Continental philosophy's jargon succinctly and accurately and despite technical and foreign terms this book will engage upper level undergraduates Includes scriptural and general indexes Highly recommended Choice **The UK 'at Risk'** Jens O. Zinn, 2019-07-17 This book presents a case study of the proliferation of at risk language in The Times news coverage from 1785 to 2009 illuminating the changing social experience of risk Zinn presents an historical examination of the forces which have shaped the language of risk over time and considers how linguistic developments in recent decades are underpinned by issues such as cultural and structural transformations the management of infectious and chronic diseases and climate change He also explores changes in the public sphere including the production of the news Based on an interdisciplinary research project which combines linguistic research tools with sociological analysis of the social contexts the book contributes to a better understanding of how at risk has become a defining feature of the UK in recent decades and one which permeates all kinds of social domains This research will be a point of reference for students and scholars engaging with risk studies from various disciplines including sociology media studies history and socio linguistics **The Tragic Sense of Life in Men and Nations** Miguel de Unamuno, 1977 The acknowledged masterpiece of Unamuno expresses the anguish of modern man as he is caught up in the struggle between the dictates of reason and the demands of his own heart *Surrender to Love* David G. Benner, 2015-09-24 In this expanded edition of a spiritual formation classic David G Benner explores the twin themes of love and surrender as the heart of Christian spirituality God doesn't want his people to respond to him out of fear or obligation but invites us to enter into an authentic relationship of intimacy and devotion by surrendering to love **Democracy and Decency** Paul R. Carr, P. L. Thomas, Brad J. Porfilio, Julie A. Gorlewski, 2016-02-01 Democracy can mean a range of concepts covering everything from freedoms rights elections governments processes philosophies and a panoply of abstract and concrete notions that can be

mediated by power positionality culture time and space Democracy can also be translated into brute force hegemony docility compliance and conformity as in wars will be decided on the basis of the needs of elites or major decisions about spending finite resources will be the domain of the few over the masses or people will be divided along the lines of race ethnicity class religion etc because it is advantageous for maintaining exploitative political systems in place to do so Often these frameworks are developed and reified based on the notion that elections give the right to societies or segments of societies to install regimes institutions and operating systems that are then supposedly legitimated and rendered infinitely just because formal power resides in the hands of those dominating forces This book is interested in advancing a critical analysis of the hegemonic paradigm described above one that seeks higher levels of political literacy and consciousness and one that makes the connection with education What does education have to do with democracy How does education shape influence impinge on impact negate facilitate and or change the context contours and realities of democracy How can we teach for and about democracy to alter and transform the essence of what democracy is and importantly what it should be This book advances the notion of decency in relation to democracy and is underpinned by an analysis of meaningful critically engaged education Is it enough to be kind nice generous and hopeful when we can also see signs of rampant entrenched and debilitating racism sexism poverty violence injustice war and other social inequalities If democracy is intended to be a legitimating force for good how does education inform democracy What types of knowledge experience analysis and being are helpful to bring about newer more meaningful and socially just forms of democracy Throughout some twenty chapters from a range of international scholars this book includes three sections Constructing Meanings for Democracy and Decency Justice for All as Praxis and Social Justice in Action for Democracy Decency and Diversity International Perspectives The underlying thread that is interwoven through the texts is a critical reappraisal of normative hegemonic interpretations of how power is infused into the educational realm and importantly how democracy can be re situated and re formulated so as to more meaningfully engage society and education

Shakespearean Spaces in Australian Literary Adaptations for Children and Young Adults Michael Marokakis, 2022-07-29 Shakespearean Spaces in Australian Literary Adaptations for Children and Young Adults offers a comprehensive examination of Shakespearean adaptations written by Australian authors for children and Young Adults The 20 year period crossing the late twentieth and early twenty first centuries came to represent a diverse and productive era of adapting Shakespeare in Australian literature As an analysis of Australian and international marketplaces physical and imaginative spaces and the body as a site of meaning this book reveals how the texts are ideologically bound to and disseminate Shakespearean cultural capital in contemporary ways Combining current research in children s literature and Bourdieu s theory of cultural capital deepens the critical awareness of the status of Australian literature while illuminating a corpus of literature underrepresented by the pre existing concentration on adaptations from other parts of the world Of particular interest is how these adaptations merge Shakespearean worlds with the spaces inhabited by young people such as the classroom the stage the imagination and the gendered body The readership of this book would be academics researchers and students of children s literature studies and Shakespeare studies particularly those interested in Shakespearean cultural theory transnational adaptation and literary appropriation High school educators and pre service teachers would also find this book valuable as they look to broaden and strengthen their use of adaptations to engage students in Shakespeare studies

Affect, Learning, and Teacher Education Erica E. Colmenares, Scott Jarvie, 2024-11-15 This volume inquires into student teachers stuck moments moments of felt crisis as they occur within the context of a university based social justice teacher education SJTE program The book complicates the notion that these stuck moments are primarily effects of a gap between theory and practice Instead Colmenares and Jarvie argue for a more robust conceptualization drawing on affect theory posthumanism and Deleuzian scholarship By considering what stuck moments do and do to student teachers the book reimagines SJTE in ways that are both responsive to stuckness and disruptive of discourses of learning that dominate the field Through a critique of the affective workings of learning the authors consider how these discourses can prove counterproductive for the work of teaching for social justice This insightful and stimulating volume will be of use to scholars researchers and students with interests in curriculum studies affective approaches to education and SJTE

The Educator and The Ordinary Elizabeth O'Brien, 2023-08-14 This book creates a unique discursive environment to consider how initial teacher education can support student teachers in practical and personal senses in what they can do and who they are What is it to care To develop our voice To educate in beautifully risky ways Engaging with the philosophy of Stanley Cavell Gert Biesta and Nel Noddings central capabilities of the educator are suggested Acknowledgement Autobiography Imagination Interruption Attention and Uncertainty culminating in the essential unifying capability of The Ordinary underpinned by Complexity and Hope This book will appeal to those interested and engaged in initial teacher education professional

development and support from early years to higher education and practicing educators It aims to enrich theoretical as well as practical discussion to influence how we live how we think and how we treat each other

The Story of the Cosmos

Daniel Ray,Paul Gould,2019-07-16 Unraveling the Mysteries of the Universe What do you see when you gaze at the night sky Do you contemplate the stars as the random result of an evolutionary process Or do you marvel over them as a testament of the Creator s glory Modern science has popularized a view of the cosmos that suggests there is no need for God and denies any evidence of His existence But The Story of the Cosmos provides a different and fascinating perspective It points to a God who makes Himself known in the wonder and beauty of His creation This compilation from respected scholars and experts spans topics from The Mathematical Creation and the Image of God to The Glorious Dance of Binary Stars and God s Invisible Attributes Black Holes Contributors include Dr William Lane Craig Dr Guillermo Gonzalez Dr Melissa Cain Travis and Dr Michael Ward Come take a deeper look at the universe and explore the traces of God s glory in the latest discoveries of astronomy science literature and art

The Holy Spirit and Christian Ethics in the Theology of Klaus Bockmuehl

Annette M. Glaw,2014-02-07 Klaus Bockmuehl 1931 1989 former Professor for Systematic Theology at Regent College Vancouver published outstanding theological ethical works The questions that Bockmuehl explored have not lost any relevance How do we know what God s will is in a particular situation Is Scripture sufficient for ethical decisions or should we listen to God Does God even speak today Is there a distinctive Christian ethic Bockmuehl s central contribution can be found in his emphasis on the seminal role the Holy Spirit plays within Christian ethics not only as the one who realizes the reign of God in the life of the individual but also as the one guiding the individual in a particular situation This book is the first in depth study of Bockmuehl introducing readers to his theology and ethics including a short biographical overview delineating and appraising how he understands the role of the Holy Spirit in Christian ethics It is not a book without criticism and its own creative contribution Annette Glaw concludes her fascinating study with a proposal for a relational concept of the Holy Spirit as the loving presence of God in Christian ethics
