Bedside kama-sutra Mallanaga Vatsyayana,1992 Kama Sutra Richard Burton,2003-04-04 Kama Sutra or Aphorisms on Love is one of the most widely read and enjoyed of the ancient classics Written in India nearly two centuries ago and translated by the great Richard Burton this landmark of sensuality explores the rules and commandments of love pleasure and mutual gratification with frankness and celebration In this beautiful new rendering traditional art and illustrations provide a pleasing accompaniment throughout Packaged with a beautiful satin bound cover and clasp The Book of Love James McConnachie,2008-05-27 An engaging enlightening biography of the ancient Hindu manuscript that became the world s most famous sex manual The Kamasutra is one of the world s best known yet least understood texts its title instantly familiar but its actual contents widely misconstrued In the popular imagination it is a work of practical pornography a how to guide of absurdly acrobatic sexual techniques Yet the book began its long life in third century India as something quite different a seven volume vision of an ideal life of urbane sophistication offering advice on matters from friendship to household decoration Over the ensuing centuries the Kamasutra was first celebrated then neglected and very nearly lost until an outrageous adventurer introduced it to the West and earned literary immortality In lively and lucid prose James McConnachie provides a rare intimate look at the exquisite civilization that produced this cultural cornerstone He details the quest of famed explorer Richard F Burton who along with his clandestine coterie of libertines and iconoclasts unleashed the Kamasutra on English society as a deliberate slap at Victorian prudishness and paternalism And he describes how the Kamasutra was driven underground into the hands of pirate pornographers until the end of the Lady Chatterley obscenity ban thrust it once more into contentious daylight The first work to tell the full story of the Kamasutra The Book of Love explores how a remarkable way of looking at the world came to be cradled between book covers and survived **18+:**
