## **Bird Watching:**

Teach Yourself Bird Watching GE Hyde, 2017-09-07 With a few sorry exceptions it's heartening to think that the gardener or bird spotter of the 1950s or 60s would immediately recognise most of the songs that sing out over English gardens today. For the amateur ornithologist of the twenty-first century Teach Yourself Bird Watching will be as much of a delight now as it ever was. A beautifully written, precise guide to identifying, protecting and encouraging birdlife in your garden and beyond. Since 1938 millions of people have learned to do the things they love with Teach Yourself. Welcome to the how-to guides that changed the modern world.

**Bill Bailey's Remarkable Guide to British Birds** Bill Bailey, 2016-10-20 When herons are spooked they have a habit of vomiting as a defence. Half-digested pieces of eel and water vole skull on your head is not a good look. Just so you know, Bill Bailey's *Remarkable Guide to British Birds* is all about comedian Bailey's love of birds. A visual feast, it is packed with illustrations, sketches and notes by Bailey, as well as informative. It is funny and insightful and positively crackles with energy, knowledge and wit as he takes us on a journey around the British Isles, zooming in on those birds that enthuse him the most. Whether it's what they eat, where they fly to or how they communicate, these birds are always fascinating, and Bailey introduces us to their weird and wonderful ways in a manner that is always entertaining. If you're a parent who'd like to appear a bit clever when your child asks you the name of a bird, if you want to find a new and healthy hobby that takes you outdoors or whether quite simply you want to understand a bit more about our natural environment and have a laugh at the same time, this is the perfect companion book to have. Alongside music and stand-up, one of Bailey's favourite pastimes is birdwatching, which he has been doing since he was a child in the West Country. His fondest memories are of family outings with parents, grandparents and cousins, ticking the birds off in his little *Observer's Book of Birds*. As he has said, about those formative years, birdwatching gave a purpose to the day and a love of the natural world which has carried on into my adult life. A beautifully and originally designed hardback, it will delight Bailey's fans as well as those who like a bit of armchair escapism.

*Watching Birds* James Fisher, 2010-10-30 This revised edition of the late James Fisher's much-praised *Watching Birds* is the work of Dr Jim Flegg, Director of the British Trust for Ornithology. In his Preface, Dr Flegg writes: 'It is a daunting task to revise the bird book on which you cut your teeth; it is the surest measure of the man who wrote it that what is needed after thirty odd years is an updating and not a sweeping revision.' Among James Fisher's deservedly popular writings, *Watching Birds* was probably the most read and consulted. After several reprints published by Penguin Books, he planned to re-write it, and it is wholly appropriate that the work should now be done by Dr Flegg, who like the original author has done much to help arouse and stimulate a widening interest in watching and understanding the life and world of birds. It is an indication of that interest today that radio and TV programmes in which Dr Flegg has frequently participated have audiences of millions.

Such numbers are hardly surprising since few leisure activities offer as effective or as gratifying an antidote to the pressures of modern life as birdwatching and few can be as readily and inexpensively pursued at almost any time anywhere. Watching Birds has been an introduction and an item of basic equipment to tens of thousands of birdwatchers in the past and this new and revised edition is assured of an even wider audience.

**A Bird in the Bush** Stephen Moss, 2013-07-25 This journey through the world of birdwatchers is a wonderful book fascinating often hilarious anecdotes and information. Daily Mail Critics Choice. Scholarly authoritative and above all supremely readable. Stephen Moss's book is the first to trace the fascinating history of how and why people have watched birds for pleasure from the beginnings with Gilbert White in the eighteenth century through World War II POWs watching birds from inside their prison camp and all the way to today's twitchers with their bleeping pagers driving hundreds of miles for a rare bird. Proves that birdwatchers can be as instructive to watch as birds. Sunday Times Thoroughly researched and well written. The Guardian Moss knows his subject intimately and writes about it with just the right mixture of affection and occasional quizzicality. Sunday Telegraph It would be difficult to imagine anyone producing a more comprehensive thoughtful intelligent and entertaining examination of how people have watched birds at each point in history. In fact it is one of the few books which might prove such compulsive reading that even a dedicated twitcher might forgo a day in the field to stay at home to finish it. Birding World

**Observations on British Birds** Edmund Selous, 2006-01-01 Originally published in London 1901. The author was a distinguished naturalist of his time. This book is a record of some of his observations of British birds. Contents Include Watching Great Plovers Ringed Plovers Redshanks Peewits Stock Doves Wood Pigeons Snipe Sea Birds etc. Watching Birds at Strawstack and in the Greenwoods. Watching Rooks. Watching Nightingales. Sand Martins etc. Nicely Illustrated. Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive. Home Farm Books are republishing these classic works in affordable high quality modern editions using the original text and artwork.

A Sky Full of Birds Matt Merritt, 2016-04-07 Prose from a poet and a personal take on the spectacles. Chris Packham author of *Fingers in the Sparkle Jar* Shortlisted for Richard Jefferies Society White Horse Bookshop Literary Prize 2017 Longlisted for the Wainwright Prize 2017. Britain is a nation of bird lovers. However few of us fully appreciate the sheer scale variety and drama of our avian life. From city centre hunters to vast flocks straight out of the Arctic wilderness much loved dawn songsters to the exotic invaders of supermarket car parks a host of remarkable wildlife spectacles are waiting to be discovered right outside our front doors. In *A Sky Full of Birds* poet and nature writer Matt Merritt shares his passion for birdwatching by taking us to some of the great avian gatherings that occur around the British isles from ravens in Anglesey and raptors on the Wirral to Kent nightingales and Scottish capercaillies. By turns lyrical informative and entertaining he shows how natural miracles can be found all around us if only we know where to look for them. *A Sky Full of Birds* is the perfect read for avid birdwatchers and a beautiful gift for lovers of nature and poetic prose.
