This book explores how economic changes and the growing importance of educational qualifications in a shrinking labour market particularly effects marginalized young men It follows a group of young working class men in a de industrial community and challenges commonly held representations that often appear in the media and in policy discourses which portray them as feckless out of control educational failures and lacking aspiration Ward argues that for a group of young men in a community of social and economic deprivation expectations and transitions to adulthood are framed through the industrial legacy of geographically and historically shaped class and gender codes These codes have an impact on what it means to be a man and what behaviour is deemed acceptable and what is not **Doing History** Linda S. Levstik,Keith C. Barton,2015-01-30 Now in its fifth edition Doing History offers a unique perspective on teaching and learning history in the elementary and middle grades Through case studies of teachers and students in diverse classrooms and from diverse backgrounds it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum The premise is that children can engage in valid forms of historical inquiry collecting and analyzing data examining the perspectives of people in the past considering multiple interpretations and creating evidence based historical accounts Grounded in contemporary sociocultural theory and research the text features vignettes in each chapter showing communities of teachers and students doing history in environments rich in literature art writing discussion and debate The authors explain how the teaching demonstrated in the vignettes reflects basic principles of contemporary learning theory Doing History emphasizes diversity of perspectives in two ways readers encounter students from a variety of backgrounds and students themselves look at history from multiple perspectives It provides clear guidance in using multiple forms of assessment to evaluate the specifically historical aspects of children s learning *Twentieth Century Crime & Mystery Writers* NA NA,2015-12-25 **The Extraordinary Misadventures of Lake and Birdy (and their remarkable fortitude)** Damien Leith,2025-03-05 A darkly comic debut novel for fans of Lemony Snicket s Series of Unfortunate Events Matilda and Miss Peregrine s Home for Peculiar Children This is a story so strange it might almost be unbelievable Sisters Lake and Birdy are latest arrivals at the Charitable Home for Poor Unfortunates Touched by Tragic Circumstances And if you think that sounds bad that s just the beginning Luck is not on the sisters side it seems Or is it Depending on the way you look at it together these sisters are capable of surviving everything and anything But it is going to take all of Lake and Birdy s courage to face their biggest misfortune of all the dreadful the awful the terrible Miss MacGregor A darkly comic fantastic and fantastical tale from Damien Leith with only a few embellishments the very odd exaggeration and much to enjoy Birdy and the group ...
