Regional Modernisms Neal Alexander,2013-10-14 Where did literary modernism happen This book answers this question re evaluating the parameters of modernism in the light of recent developments in literary geography and literary history through an examination of novels poetry theatre and little magazines Essays identify and appraise the local attachments of modernist texts in particular geographical regions and question the idea of the regional in light of the alienating displacements of transnational modernity History of Birmingham: Birmingham, 1939-1970, by A. Sutcliffe and R. Smith Conrad Gill,1952 *Subscription Theater* Matthew Franks,2020-08-28 Subscription Theater asks why turn of the century British and Irish citizens spent so much time money and effort adding their names to subscription lists Shining a spotlight on private play producing clubs public repertory theaters amateur drama groups and theatrical magazines Matthew Franks locates subscription theaters in a vast constellation of civic subscription initiatives ranging from voluntary schools and workers hospitals to soldiers memorials and Diamond Jubilee funds Across these enterprises Franks argues subscribers created their own spaces for performing social roles from which they had long been excluded Whether by undermining the authority of the Lord Chamberlain s Examiner of Plays and London s commercial theater producers or by extending rights to disenfranchised women and property less men a diverse cast of subscribers including typists plumbers and maids acted as political representatives for their fellow citizens both inside the theater and far beyond it Citizens prized a democratic or representative subscription list as an end in itself and such lists set the stage for the eventual public subsidy of subscription endeavors Subscription Theater points to the importance of printed ephemera such as programs tickets and prospectuses in questioning any assumption that theatrical collectivity is confined to the live performance event Drawing on new media as well as old Franks uses a database of over 23 000 stage productions to reveal that subscribers introduced nearly a third of the plays that were most frequently revived between 1890 and the mid twentieth century as well as nearly half of all new

translations and they were instrumental in staging the work of such writers as Shaw and Ibsen whose plays featured subscription lists as a plot point or prop Although subscribers often are blamed for being a conservative force in theater Franks demonstrates that they have been responsible for how we value audience and repertoire today and their history offers a new account of the relationship between ephemera drama and democracy *Bringing Down the House* Olivia Turnbull, 2014-05-14 Between 1979 and 1997 a quarter of Britain's regional theaters closed their doors forever Those that survived found themselves constantly on the brink forced to radically reduce their programs and shut down for extended periods *Bringing Down the House* examines how and why this crisis occurred from the British government's scant regard for the arts after World War II to the onset of Thatcherism and its long lasting effects on the theater industry This timely read for theater and cultural history scholars unearths a catalog of recurring problems that ensured the fragility of the British regional stage *Bernard Shaw and Barry Jackson* Past President Barry Jackson, Bernard Shaw, Barry Jackson, 2002-01-01 This collection of 183 letters all but two of which are previously unpublished sheds new light on a partnership that for Shaw was the most important of his later playwriting career *British Playwrights, 1880-1956* William W.
