Stahnisch,2025-07-29 The twentieth century witnessed two devastating world wars that led to the exodus of millions of people Counted among them were hundreds of neuroscientists and biological psychiatrists from Nazi Germany and its surrounding countries who were forced to emigrate in the 1930s and 1940s Many of them settled in North America where they profoundly influenced the

development of the biomedical sciences Focusing on the years between 1933 and 1989 *Great Minds in Despair* examines the long term effects of this forced migration on scientific and medical cultures in North America and on the researchers themselves Frank Stahnisch traces the lives and careers of approximately four hundred German speaking doctors scientists and researchers over two generations Placed in unfamiliar research settings in Canada and the United States they helped to build the fields of neuroscience psychiatry clinical psychology and the cognitive sciences even as they rebuilt their own lives amid myriad challenges including cultural adaption and the complications of relicensing Stahnisch explores how generational factors gender international networking refugee organizations and national funding agencies shaped their experiences and affected postwar remigration *Great Minds in Despair* provides an important revision to the brain gain thesis in migration studies by turning attention to the working conditions and social acculturation of an influential academic refugee group in North America

Levitt, 2015-04 The 1936 Yankees the 1963 Dodgers the 1975 Reds the 2010 Giants why do some baseball teams win while others don't General managers and fans alike have pondered this most important of baseball questions The Moneyball strategy is not the first example of how new ideas and innovative management have transformed the way teams are assembled In Pursuit of Pennants examines and analyzes a number of compelling winning baseball teams over the past hundred plus years focusing on their decision making and how they assembled their championship teams Whether through scouting integration instruction expansion free agency or modernizing their management structure each winning team and each era had its own version of Moneyball where front office decisions often made the difference Mark L. Armour and Daniel R. Levitt show how these teams succeeded and how they relied on talent both on the field and in the front office While there is no recipe for guaranteed success in a competitive ever changing environment these teams demonstrate how creatively thinking about one's circumstances can often lead to a competitive advantage
