## **Birth Of The Modern Postimpressionism In Canada:**

*Canadian Books in Print. Author and Title Index*, 1975      **Impressionism** John I. Clancy, 2003 Defining an artistic era or movement is often a difficult task as one tries to group individualistic expressions and artwork under one broad brush Such is the case with impressionism which culls together the art of a multitude of painters in the mid 19th century including Monet C zanne Renoir Degas and van Gogh Basically impressionism involved the shedding of traditional painting methods The subjects of art were taken from everyday life as opposed to the pages of mythology and history In addition each artist painted to express feelings of the moment instead of hewing to time honoured standards This description of impressionism obviously is quite broad and can apply to a wide array of styles Nonetheless it remains a very important school in the annals of art Any current or budding art aficionado should become familiar with the impressionist movement and its impact on the art world This book presents a sweeping study of this artistic period from its origins to its manifestations in the works of some of art history s most revered painters Following this overview is a substantial and selective bibliography featuring access through author title and subject indexes      Canadian Books in Print, 2003      **No Man's Land** Kathryn A. Young, Sarah M. McKinnon, 2017-10-13 What force of will and circumstance drove a woman from a comfortable life painting china tea services to one of hardship and loneliness in the battle zones of France and Belgium following the Great War For western Canadian artist Mary Riter Hamilton 1868 1954 art was her life s passion Her tale is one of tragedy and adventure from homestead beginnings to genteel drawing rooms in Winnipeg Victoria and Vancouver to Berlin and Parisian art schools to Vimy and Ypres and finally to illness and poverty in old age No Man s Land is the first biographical study of Hamilton whose work can be found in galleries and art museums throughout Canada Young and McKinnon s meticulous research in unpublished private collections brings to light new correspondence between Hamilton and her friends revealing the importance of female networks to an artist s well being Her letters from abroad in particular bring a woman s perspective into the immediate post war period and give voice to trying conditions Hamilton s career is situated within the context of her peers Florence Carlyle Emily Carr and Sophie Pemberton with whom she shared a Canadian and European experience      Canadian Art in the Twentieth Century Joan Murray, 1999-11-01 Canadian Art in the Twentieth Century is a survey of the richest most controversial and perhaps most thoroughly confusing centuries in the whole history of the visual arts in Canada the period from 1900 to the present Murray shows how beginning with Tonalism at the start of the century new directions in art emerged starting with our early Modernists among them Tom Thomson and the Group of Seven Today Modernism has lost its dominance Artists critics and the public alike are confronted by a scene of unprecedented variety and complexity Murray discusses the social and political events of the century in combination with the cultural context movements ideas attitudes and styles the important groups in Canadian art and major and minor artists and their works Fully documented well researched and written with clarity and over four hundred illustrations in both black and white and colour Murray s book is

essential for understanding Canadian art of this century As an introduction it is excellent in both its scope and intelligence

**Independent Spirit** A. K. Prakash, 2008 Presents an introduction to a variety of Canadian women artists from the 1800s to the present day **Canadian Art**, 2001 The Canadian Who's who, 1983 Abstract Painting in Canada Roald Nasgaard, Art Gallery of Nova Scotia, 2008 In the tradition of the distinguished Douglas McIntyre art program this lavishly illustrated and superbly printed book is a rich readable history of abstract painting in Canada The story begins in the 1920s with the sometimes eccentric but remarkable work rooted in symbolism and theosophy of pioneers such as Kathleen Munn Bertram Brooker and Lawren Harris Two decades later the Automatistes Canada's first truly independent avant garde art movement burst onto the scene in Montreal After the Second World War the urge to abstraction spread across Canada manifesting itself in significant regional movements Vancouver painters retained a British flavour while in Toronto the Painters Eleven looked south to New York Montreal's Plasticiens launched their own razor edged interpretation of the European tradition of geometric abstraction In the sixties and seventies the Prairies were influenced by Clement Greenberg's post painterly abstraction while Halifax became a hub of conceptual art and concrete painting The book continues through the eighties and nineties during which critics largely denounced painting and concludes in the twenty first century with abstract painting alive and well again in the studios of Canada's young artists A monumental tome containing 200 color reproductions it mines a rich vein of art history ripe for international discovery **Edwin Holgate** Edwin Holgate, Rosalind M. Pepall, Laura Brandon, Brian Foss, Montreal Museum of Fine Arts, 2005 **Catalogue of the Library of the National Gallery of Canada: Mah** National Gallery of Canada. Library, 1973 **The Society of Six** Nancy Boas, 1997 The Oakland Six may constitute the most important modernist development that occurred in this country during the 1920s William H Gerdts author of *American Impressionism* *Modern Painting in Canada* Terry Fenton, Edmonton Art Gallery, Karen Wilkin, 1978 **Catalogue of the Library of the National Gallery of Canada: Has** National Gallery of Canada. Burns, Alice M. Rudy Price, 2021-05-03 This book offers microhistories related to the transnational circulations of impressionism in the late nineteenth and early twentieth centuries The contributors rethink the role of French impressionism in shaping these iterations by placing France within its global and imperialist context and

arguing that impressionisms might be framed through the mobility studies concept of constellations of mobility Artists engaging with impressionism in France as in other global contexts relied on responded to appropriated and resisted elements of form and content based on fluid and interconnected political realities and market structures Written by scholars and curators the chapters demand reconsideration of impressionism as a historical construct and the meanings assigned to that term This project frames future discussion in art history cultural studies and global studies on the politics of appropriating impressionism *Encyclopedia of Post-Colonial Literatures in English* Eugene Benson, 2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide **Catalogue of the Library of the National Gallery of Canada** National Gallery of Canada. **Society of Six** Nancy Boas, 2023-09-01 Six plein air painters in Oakland California joined together in 1917 to form an association that lasted nearly fifteen years The Society of Six Selden Connor Gile Maurice Logan William H Clapp August F Gay Bernard von Eichman and Louis Siegriest created a color centered modernist idiom that shocked establishment tastes but remains the most advanced painting of its era in Northern California Nancy Boas s well informed and sumptuously illustrated chronicle recognizes the importance of these six painters in the history of American Post Impressionism The Six found themselves in the position of an avant garde not because they set out to reject conventionality but because they aspired to create their own indigenous modernism While the artists were considered outsiders in their time their work is now recognized as part of the vital and enduring lineage of American art Depression hardship ended the Six s ascendancy but their painterliness use of color and deep alliance with the land and the light became a beacon for postwar Northern California modern painters such as Richard Diebenkorn and Wayne Thiebaud Combining biography and critical analysis Nancy Boas offers a fitting tribute to the lives and exhilarating painting of the Society of Six **Images Inoubliables** Art Gallery of Hamilton (Ont.)
