## **Birth Of Western Canada A History Of The Riel Rebellions:**

The Birth of Western Canada George F. G. Stanley, 1992 For fifty years Canadian historians have considered George F. G. Stanley's *The Birth of Western Canada* a classic work on the Riel rebellions and a seminal study of western Canadian history. Through the lens of the Métis uprisings, Stanley focuses on some of the essential and perennial issues of Canadian history: the frontier, the impact of contact with Europeans on Native peoples and the dynamic of minorities and dominant cultures. The political implications of Riel's execution continue to reverberate today. A new introduction by Thomas lanagan places the work in its historical context. The Birth of Western Canada George Francis Gilman Stanley, 1963 **The Birth of Western Canada** George F.G.. Stanley, 1978 The Birth of Western Canada George Francis Gilman Stanley, C. C. J. Bond, 1963 **The birth of western Canada** George Francis Gillman Stanley, 1978 **The Birth of Western Canada** George F. G. Stanley, 1963 **Policing the Great Plains** Andrew R. Graybill, 2007-11-01 In the late nineteenth century the Texas Rangers and Canada's North West Mounted Police were formed to bring the resource-rich hinterlands at either end of the Great Plains under governmental control. Native and rural peoples often found themselves squarely in the path of this westward expansion and the law enforcement agents that led the way. Though separated by nearly two thousand miles, the Rangers and Mounties performed nearly identical functions, including subjugating Indigenous groups, dispossessing peoples of mixed ancestry, defending the property of big cattlemen, and policing industrial disputes. Yet the means by which the two forces achieved these ends sharply diverged: while the Rangers often relied on violence, the Mounties usually exercised restraint, a fact that highlights some of the fundamental differences between the U.S. and Canadian Wests. *Policing the Great Plains* presents the first comparative history of the two most famous constabularies in the world. *The Birth of Western Canada. A History of the Riel Rebellions ... With Maps and Illustrations [including Portraits]*. George Francis Gilman STANLEY, Louis Riel, 1936 *Colonialism and Capitalism: Canada's Origins 1500-1890* BRYAN D. PALMER, 2024-09-17 In the past decade, Canadian history has become a hotly contested subject. Iconic figures, notably Sir John A. Macdonald, are no longer unquestioned nation-builders. The narrative of two founding peoples has been set aside in favour of recognition of Indigenous nations whose lands were taken up by the incoming settlers. An authoritative and widely respected Truth and Reconciliation Commission, together with an honoured Chief Justice of the Supreme Court, have both described long-standing government policies and practices as cultural genocide. Historians have researched and published a wide range of new research documenting the many complex threads comprising the Canadian experience. As a leading historian of labour and social movements, Bryan Palmer has been a major contributor to this literature. In this first volume of a major new survey history of Canada, he offers a narrative which is based on the recent and often specialized research and writing of his historian colleagues. One major theme in this book is the colonial practices of the authorities as they pushed aside the original peoples of this country. While the methods varied, the result was opening up Canada's rich resources for exploitation by the

incoming European settlers The second major theme is the role of capitalism in determining how those resources were exploited and who would reap the enormous power and wealth that accrued The first volume of this challenging and illuminating new survey history covers the period that concludes in the 1890s after the creation out of Britain's northern colonies of the semi autonomous federal Canadian state Volume II to be published in spring 2025 takes the narrative to the present *Civilizing the Wilderness* A.A. den Otter, 2012-04-05 Eleven essays explore the dichotomy of civilizing and wilderness in 1850s Euro British North America *The Western Métis* Patrick C. Douaud, 2007 This book contains a collection of articles concerning the Western Metis published in Prairie Forum between 1978 and 2007 These articles have been chosen for the breadth and scope of the investigations upon which they are based and for the reflections they will arouse in anyone interested in Western Canadian history and politics *History of the Book in Canada: 1840-1918* History of the Book in Canada Project, 2004-01-01 This second of three volumes in the History of the Book in Canada demonstrates the same research and editorial standards established with Volume One by book history specialists from across the nation

*Canadian Books in Print. Author and Title Index*, 1975 **Voices of the Plains Cree** Edward Ahenakew, 1995 When buffalo were many on the western plains when Cree and Blackfoot warred in unrelenting enmity when the Sun Dance and the shaking tent were still a way of life these were the days of Chief Thunderchild who roamed the Saskatchewan plains fought and hunted lived and sometimes nearly starved there His stories of a fierce and vanished freedom are reprinted here exactly as he told them to Edward Ahenakew in 1923 His voice simple and poetic resonates with something of the wide expanse of sky the song of the wind the sound of water Chief Thunderchild was born in 1849 and died in 1927 four years after recounting his tales to Edward Ahenakew The other voice in this volume is equally moving but in a very different way It is the voice of Old Keyam pained and angry raised in protest against the Indian's lethargy and the white man's insensitivity A fictional character semi autobiographical he is very much the voice of Edward Ahenakew telling of life on the reservations in the new white world of the early twentieth century Precursor of later more vehement voices Old Keyam presents and examines the Indian's predicament conveying the tragic image of caged and broken spirits *The Canadian Prairies* Gerald Friesen, 1987-01-01 A history of the Canadian prairie provinces from the days of Native European contact to the 1980s

*Crime and Criminal Justice in Europe and Canada* Louis Knafla, 2006-01-01 How is modern day thinking about crime different from that of previous centuries What are the similarities and differences in attitudes and systems between the civil and common law societies of Europe and North America These and other questions were addressed at an international conference on crime and criminal justice at The University of Calgary attended by historians professors of law judges and criminologists The essays in Part I consider the evolution of criminal law doctrine and those in Part II analyse the theory and measurement of crime in the past and at present Parts III and IV examine the courts and prosecution and Part V assesses the historical roots of the insanity defence and the theory and practice of punishment The volume will be of interest across

In arresting but harrowing prose James Daschuk examines the roles that Old World diseases climate and most disturbingly Canadian politics the politics of ethnocide played in the deaths and subjugation of thousands of aboriginal people in the realization of Sir John A Macdonald's National Dream It was a dream that came at great expense the present disparity in health and economic well being between First Nations and non Native populations and the lingering racism and misunderstanding that permeates the national consciousness to this day Clearing the Plains is a tour de force that dismantles and destroys the view that Canada has a special claim to humanity in its treatment of indigenous peoples Daschuk shows how infectious disease and state supported starvation combined to create a creeping relentless catastrophe that persists to the present day The prose is gripping the analysis is incisive and the narrative is so chilling that it leaves its reader stunned and disturbed For days after reading it I was unable to shake a profound sense of sorrow This is fearless evidence driven history at its finest Elizabeth A Fenn author of Pox Americana Required reading for all Canadians Candace Savage author of A Geography of Blood Clearly written deeply researched and properly contextualized history Essential reading for everyone interested in the history of indigenous North America J R McNeill author of Mosquito Empires      **Peel's Bibliography of the Canadian Prairies to 1953** Ernest Boyce Ingles,Bruce Braden Peel,Norman Merrill Distad,2003-01-01 The Prairie Provinces cover Alberta Saskatchewan and Manitoba      **Canada's Odyssey** Peter H.
