## **Birth Of Whiteness Race And The Emergence Of United States Cinema:**

*The Birth of Whiteness* Daniel Bernardi, 1996 As indelible components of the history of the United States race and racism have permeated nearly all aspects of life cultural economic political and social In this first anthology on race in early cinema fourteen scholars examine the origins dynamics and ramifications of racism and Eurocentrism and the resistance to both during the early years of American motion pictures Any discussion of racial themes and practices in any arena inevitably begins with the definition of race Is race an innate and biologically determined essence or is it a culturally constructed category Is the question irrelevant Perhaps race exists as an ever changing historical and social formation that regardless of any standard definition involves exploitation degradation and struggle In his introduction Daniel Bernardi writes that early cinema has been a clear partner in the hegemonic struggle over the meaning of race and that it was steadfastly aligned with a Eurocentric world view at the expense of those who didn't count as white The contributors to this work tackle these problems and address such subjects as biological determinism miscegenation Manifest Destiny assimilation and nativism and their impact on early cinema Analyses of *The Birth of a Nation* *Romona* *Nanook of the North* and *Madame Butterfly* and the directorial styles of D W Griffith Oscar Micheaux and Edwin Porter are included in the volume [The Persistence of Whiteness](#) Daniel Bernardi, 2007-09-12 *The Persistence of Whiteness* investigates the representation and narration of race in contemporary Hollywood cinema Ideologies of class ethnicity gender nation and sexuality are central concerns as are the growth of the business of filmmaking Focusing on representations of Black Asian Jewish Latina o and Native Americans identities this collection also shows how whiteness is a fact everywhere in contemporary Hollywood cinema crossing audiences authors genres studios and styles Bringing together essays from respected film scholars the collection covers a wide range of important films including *Guess Who's Coming to Dinner* *The Color Purple* *Star Wars* and *The Lord of the Rings* Essays also consider genres from the western to blaxploitation and new black cinema provocative filmmakers such as Melvin Van Peebles and Steven Spielberg and stars including Whoopi Goldberg and Jennifer Lopez Daniel Bernardi provides an in depth introduction comprehensive bibliography and a helpful glossary of terms thus providing students with an accessible and topical collection on race and ethnicity in contemporary cinema *Film and Television Analysis* Harry M. Benshoff, Caryn Murphy, 2024-01-31 This fully revised second edition textbook is especially designed to introduce undergraduate students to the most important qualitative methodologies used to study film and television The methodologies covered in *Film and Television Analysis* include ideological analysis auteur theory genre theory semiotics and structuralism psychoanalysis and apparatus theory feminism postmodernism cultural studies including reception and audience studies and contemporary approaches to race nation gender and sexuality With each chapter focusing on a distinct methodology students are introduced to the historical developments of each approach along with its vocabulary significant scholars key concepts and case studies Features of the second edition include new and updated case studies to accompany each chapter over 130

color images throughout questions for discussion at the end of each chapter suggestions for further reading a glossary of key terms Written in a reader friendly manner Film and Television Analysis is a vital textbook for students encountering these concepts for the first time     *The American Girl Goes to War* Liz Clarke,2022-01-14 Introduction American Girls and National Identity Fighting Femininity on Home Soil in Civil War Films 1908 to American Revolution and Other Wars Featuring Preparedness and Peace or America and the European War Part I From Serial Queens to Patriotic Heroines or America and the European War Part II The American Girl and Wartime Patriotism Conclusion     Encyclopedia of Early Cinema Richard Abel,2005 One volume reference work on the first twenty five years of the cinema s international emergence from the early 1890s to the mid 1910s     Diversity in Disney Films Johnson Cheu,2013-01-24 Although its early films featured racial caricatures and exclusively Caucasian heroines Disney has in recent years become more multicultural in its filmic fare and its image From Aladdin and Pocahontas to the Asian American boy Russell in Up from the first African American princess in The Princess and the Frog to Spanish mode Buzz Lightyear in Toy Story 3 Disney films have come to both mirror and influence our increasingly diverse society This essay collection gathers recent scholarship on representations of diversity in Disney and Disney Pixar films not only exploring race and gender but also drawing on perspectives from newer areas of study particularly sexuality queer studies critical whiteness studies masculinity studies and disability studies Covering a wide array of films from Disney s early days and Golden Age to the Eisner era and current fare these essays highlight the social impact and cultural significance of the entertainment giant Instructors considering this book for use in a course may request an examination copy here     *Faulkner and Whiteness* Jay Watson,2011-05-11 William Faulkner wrote during a tumultuous period in southern racial consciousness between the years of the enactment of Jim Crow and the beginnings of the civil rights movement in the South Throughout the writer s career racial paradigms were in flux and these shifting notions are reflected in Faulkner s prose Faulkner s fiction contains frequent questions about the ways in which white Americans view themselves with regard to race along with challenges to the racial codes and standards of the region and complex portrayals of the interactions between blacks and whites Throughout his work Faulkner contests white identity its performance by whites and those passing for white its role in shaping the South and its assumption of normative identity in opposition to non white Others This is true even in novels without a strong visible African American presence such as As I Lay Dying The Hamlet The Town and The Mansion Faulkner and Whiteness explores the ways in which Faulkner s fiction addresses and destabilizes the concept of whiteness in American culture Collectively the essays argue that whiteness as part of the Nobel Laureate s consistent querying of racial dynamics is a central element This anthology places Faulkner s oeuvre and scholarly views of it in the contexts of its contemporary literature and academic trends exploring race and texts

**Cinema's Original Sin** Paul McEwan,2022-12-13 For over a century cinephiles and film scholars have had to grapple with an ugly artifact that sits at the beginnings of film history D W Griffith s profoundly racist epic The Birth of a Nation

inspired controversy and protest at its 1915 release and was defended as both a true history of Reconstruction although it was based on fiction and a new achievement in cinematic art Paul McEwan examines the long and shifting history of its reception revealing how the film became not just a cinematic landmark but also an influential force in American aesthetics and intellectual life In every decade since 1915 filmmakers museums academics programmers and film fans have had to figure out how to deal with this troublesome object and their choices have profoundly influenced both film culture and the notion that films can be works of art Some critics tried to set aside the film s racism and concentrate on the form while others tried to relegate that racism safely to the past McEwan argues that from the earliest film retrospectives in the 1920s to the rise of remix culture in the present day controversies about this film and its meaning have profoundly shaped our understandings of film race and art

**American Cinema's Transitional Era** Charlie Keil, Shelley Stamp, 2004-07-12 This transitional era covered the years 1908 1917 witnessed profound changes in the structure of the motion picture industry in the US involving film genre film form filmmaking practices the emergence of the studio system The pattern which emerged dominated the industry for decades to come

Country/Whose Country? Richard Abel, 2023 The concept of settler colonialism offers an invaluable lens to reframe early westerns and travel pictures as re enactments of the United States repressed past Westerns in particular propose a remarkable vision of white settlers westward expansion that reveals a transformation in what American Progress came to mean Initially these films tracked settlers moving westward across the Appalachians Great Plains and Rockies Their seizure of empty land provoked continual resistance from Indigenous peoples and Mexicans pioneers suffered extreme hardships but heroic male figures usually scattered or wiped out those aliens Some films indulged in nostalgic empathy for the Indian as a Vanishing American In the early 1910s westerns became increasingly popular In Indian pictures Native Americans ranged from devious savages victims of white violence and Noble Savages to in between figures caught between cultures and mixed descent peoples partnered for security or advantage Mexicans took positions across a similar spectrum In cowboy and cowgirl films ordinary whites became heroes and heroines fighting outlaws and bandits like Broncho Billy underwent transformation into good badmen The mid to late 1910s saw a shift as Indian pictures and cowgirl films faded and male figures embodied by movie stars dominated popular series In different ways William S Hart and Harry Carey reinvented the good badman as a stoic if troubled figure of white masculinity In cowboy films of comic romance Tom Mix engaged in dangerous stunts and donned costumes that made him a fashionable icon In parodies Douglas Fairbanks subverted the myth of American Progress sporting a nonchalant grin of effortless self confidence Nearly all of their films assumed firmly settled white communities rarely threatened by Indians or Mexicans Masked as Manifest Destiny the expropriation of the West seemed settled once and for all Our Country Whose Country offers a rich and expansive examination of the significance of early westerns and travel pictures in the ideological foundations of our country Silent Film and U.S. Naturalist Literature Katherine Fusco, 2016-03-17 Typically studies of early cinema s relation to literature have focused on the interactions between film and modernism When film first emerged however it was naturalism not modernism competing for the American public s attention In this media ecosystem the cinema appeared alongside the works of authors including Charlotte Perkins Gilman Jack London and Frank Norris Drawing on contemporaneous theories of time and modernity as well as recent scholarship on film narrative and naturalism this book moves beyond traditional adaptation studies approaches to argue that both naturalism and the early cinema intervened in the era s varying experiments with temporality and time management Specifically it shows that American naturalist novels are constructed around a sustained formal and thematic interrogation of the relationship between human freedom and temporal inexorability and that the early cinema developed its norms in the context of naturalist experiments with time The book identifies the silent cinema and naturalist novel s shared privileging of narrative progress over character development as a symbolic solution to social and aesthetic concerns ranging from systems of representation to historiography labor reform miscegenation and birth control This volume thus establishes the dynamic exchange between silent film and naturalism arguing that in the products of this exchange personality figures as excess

bogging down otherwise efficient narratives of progress Considering naturalist authors and a diverse range of early film genres this is the first book length study of the reciprocal media exchanges that took place when the cinema was new It will be a valuable resource to those with interests in Adaptation Studies American Literature Film History Literary Naturalism Modernism and Narrative Theory     **Silent Film and the Formations of U.S. Literary Culture** Sarah

Gleeson-White, 2024-05-14 Silent Film and the Formations of U S Literary Culture Literature in Motion argues that the emergence of motion pictures constituted a defining moment in U S literary history Author Sarah Gleeson White discovers what happened to literary culture both popular and higher brow when inserted into the spectacular world of motion pictures during the early decades of the twentieth century How did literary culture respond to and how was it altered by the development of motion pictures literature s exemplar and rival in narrative realism and enthrallment Gleeson White draws on extensive archival film and literary materials and unearths a range of collaborative cross media expressive and industrial practices to reveal the manifold ways in which early twentieth century literary culture sought both to harness and temper the reach of motion pictures
