Birth without violence Fr Leboyer, **The Art of Giving Birth** Frédérick Leboyer,2009-01-26 A guide to help women find the joy and confidence needed for successful childbirth Provides breathing and vocalizing exercises for use during pregnancy and labor Contains inspiring stories from women who successfully applied these techniques Includes links to 26 minute audio tracks of tambur music to accompany the singing exercises Giving birth is a veritable explosion of joy The baby arrives when the life force surges up so strongly in the woman that it breaks all limitations in order to spring forth But in our modern culture women often do not feel empowered to give birth by themselves They want the experts to handle the birth for them out of fear of the pain or the possible safety risks to them or the baby Dr Fr d rick Leboyer author of the groundbreaking book Birth without Violence which looks at birth from the baby s point of view now explores the birth process from the mother s perspective Through the heartfelt letters of women sharing their experiences which are accompanied by his advice and commentary he reveals how women can develop the skills needed to create a successful and joyful birth Dr Leboyer stresses that proper breathing is the most important component for women going through childbirth The breathing should come from the lower belly and the exhalation should be accompanied by a musical tone Without this musical dimension breathing is merely a physical exercise Dr Leboyer found that by using the music of the tambura an Indian stringed instrument whose tones represent the embodiment of universal harmony women are transported to a place of inner peace The Art of Giving Birth includes breathing and singing exercises and gentle movements to be practiced throughout pregnancy and during labor Also included are links to 26 minute audio tracks of tambur music to accompany the exercises
