Birthday Party And The Room Two Plays:

The Dramatic World of Harold Pinter: Its Basis in Ritual Katherine H. Burkman, 1971 *Pinter's Comic Play* Elin Diamond, 1985 Examines the basis of Harold Pinter's tense comedy and how it functions in his plays as well as covering the major drama from *The Room* to *Other Places* Diamond argues that the metaphysical fear and emptiness so characteristic of the Pinter situation are inseparable from his use and abuse of literary and popular comic traditions

The Dream Structure of Pinter's Plays Lucina Paquet Gabbard, 1976 Approaches the problems of obscurities ambiguities and interrelationships in Pinter's plays through the mechanisms of the dream and shows that the plays group around the oedipal wish

The Films of Harold Pinter Steven H. Gale, 2001-04-12 Examines the screenplays of the master British dramatist and screenwriter Harold Pinter

Sharp Cut Steven H. Gale, 2021-02-16 While best known as one of the most important playwrights of the twentieth century Harold Pinter 1930-2008 had an equally successful career writing screenplays His collaborations with director Joseph Losey garnered great attention and esteem and two of his screenplays earned Academy Award nominations *The French Lieutenant's Woman* 1981 and *Betrayal* 1983 He is also credited for writing an unproduced script to remake Stanley Kubrick's 1962 adaptation of *Lolita* Much scholarship has been dedicated to the subject of Pinter as playwright but the rich landscape of his work in film has been left largely undisturbed In *Sharp Cut* Harold Pinter's Screenplays and the Artistic Process Steven H. Gale the world's foremost Pinter scholar analyzes Pinter's creative process from initial conception to finished film Gale makes careful point by point comparisons of each stage in the screenplay's creation the source material the adaptations themselves and the films made from the scripts in order to reveal the meaning behind each film script and to explain the cinematic techniques used to express that meaning Unlike most Pinter scholars who focus almost solely on the written word Gale devotes discussion to the cinematic interpretation of the scripts through camera angles and movement cutting and other techniques Pinter does not merely convert his stage scripts to screenplays he adapts the works to succeed in the other medium avoiding elements of the live play that do not work onscreen and using the camera's focusing operations in ways that are not possible on the stage As Pinter's career progressed and his writing evolved screenplays became for him an increasingly vital means of creative expression *Sharp Cut* is the first study to fully explore this important component of the Pinter canon

Integral Drama William S. Haney II, 2008-01-01 *Integral Drama* critically explores modern drama in the context of Indian aesthetics described in the *Natyashastra* and the vast new interdisciplinary field of consciousness studies It also focuses on how Indian theatre aesthetics has influenced modern drama theories and practice and the extent to which this has promoted the development of higher consciousness in actors and audience According to Indian aesthetics *rasa* or aesthetic rapture is refers to bliss innate in the Self that manifests even in the absence of external sources of happiness Overall this book explores the relation between modern theatre and higher states of mind and demonstrates that one of the key purposes of theatre is to help the spectator experience the pure consciousness event

described in consciousness studies by theorists such as Anna Bonshek Ken Wilber Robert K C Forman Jonathan Shear Daniel Meyer Dinkgr fe Ralph Yarrow and others Integral Drama will appeal not only to drama theorists but also to teachers and students of acting as well as an educated general audience interested in understanding the aesthetic experience of theatre Integral Drama moreover can be used as a textbook for acting and drama theory classes and would also appeal to university and public libraries The book serves as a bridge between the ideas and experiences long understood through Indian philosophy and the many questions raised by modern theatre studies Dramatic Strategies in the Plays of Edward Bond

Cahn,2011-12-20 During the past century artists

have been preoccupied with the search for meaning in a fragmented world In this book Victor L Cahn suggests that the plays of Harold Pinter dramatize how such a search leads characters to try to establish security through control of territory and people The resulting conflict often manifests itself in a gender battle in which men dominate the physical arena and women the emotional The innate tension between the sexes is both comic and unnerving but also reflects humanity's eternal quest for meaning and identity
