## **Birthing The Church:**

**Planting Growing Churches for the 21st Century** Aubrey Malphurs, 2004-10-01 If the church is to thrive in the twenty first century it will have to take on a new form as it ministers to the 120 million unchurched people in the United States Planting Growing Churches for the 21st Century is still virtually the only available text on church planting in North America and beyond In this third edition readers will find material on the importance of healthy biblical change in our churches updated appendixes insight on our postmodern ministry context and strategies for reaching new population demographics such as Generations X and Y Pastors ministry leaders and church planters will find the information and advice found in this book invaluable as they carry out their ministries

**Giving Birth** Margaret L. Hammer, 1994-01-01 The birth of a child is important in the lives of women families and communities But as a metaphor for pastoral practice it is a sadly underdeveloped theme in theology and ministry The author offers a remedy for this lack with this unique work urging the incorporation into worship of Scripture with allusions to birthing which would enliven the church s theology

*The Glorious Church's Birth* Bill Vincent, 2023-05-23 Bill Vincent paints a very vivid image of a rising tremendous army empowered and equipped by the power of the Holy Spirit in this magnificent book which was birthed out of the undeniable revival fire that is blazing right now in all parts of his ministry according to Bill Vincent Also explored in depth in this book is the mystery surrounding these exploding levels of the Holy Spirit s action in our lives As you walk in trust and submit to God s call in your life you will experience unprecedented favor My experience indicates that the gift of God within you will create space for your vision and your vision will create space for the gift of God within you Each visionary leader endowed by God with the capacity to hear from God in order to comprehend and properly carry out vision God endows His leaders with wisdom and judgment enabling them to determine how when and what decisions to make Because the Lord appointed me sovereignly to the work He also bestowed upon me the wisdom to know what to do and when to accomplish it The only way vision may be fully realized is for God s designated leader to completely devote his or her life to Christ s sovereign rulership Preparation and pruning of my heart were critical components of being prepared for the dependence of what God had in store for me

Pioneering construction in uncharted area should be undertaken with the grace and wisdom that come from complete reliance on God and trust in His capacity to keep His promises in and to us

The American Religious Debate Over Birth Control, 1907-1937 Kathleen A. Tobin,2017-07-06 The ongoing debates on the morality of artificial birth control sparked a heated public debate in the early twentieth century in an already religiously fragmented United States Many denominations took part in the deliberations both publicly and privately In examining the ideas about contraception and birth control at that time this book considers the cultural environment religion and its connection to the roots of birth control the questioning of religious doctrine the Protestants view of birth control the Lambeth conferences of 1930 the influence of conservatives and the influence of Catholics Also discussed is the historical context of fundamentalists versus modernists neo Malthusianism eugenics immigration the movement for legalization organized by Margaret Sanger and how the Catholic Church came to lead religious resistance to artificial birth control **The Living Church** ,1960 **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986** ,1999 Abortion and America's Churches Daniel K. Williams,2025-10-01 Abortion and America s Churches explores the surprising history of how American Christians think about abortion Many people assume that Christians have steadfastly condemned abortion throughout the United States s history Daniel K Williams overthrows all assumptions about the unity consistency or simplicity of American Christian thought and belief in this groundbreaking new book He demonstrates that churches in the United States have fought among themselves and with the wider culture as they developed and enforced their stance on abortion revealing major struggles to define their often changing positions Far from a cynical exercise of political interest changes and disagreements arose from serious theological considerations informed by each tradition s approach to the faith These theological shifts and corresponding shifts in interreligious political alliances led to the changing fortunes of Roe v Wade By capturing the fascinating and complicated history informing each faith s position Abortion and America s Churches restores much needed context to the sharp polarization over abortion today *Congressional Record* United States.
