It takes you on a short journey of a young woman's life. It goes through life's different stages while she is living life to its fullest. In this book she looks back over her life and sees how the different pieces of her life have made her whole. Or has it made a hole. Every person has pieces of their lives that they can remember that makes them who they are today. Pieces that are good and help you to grow and understand or pieces that are bad that slowly interrupts your overall health and wellness. But once a person realizes the pieces within themselves life's happiness is not far behind. Everyone goes through at least 3 stages in their lives: innocence, single, and free. The dream or reality. Many people will experience all 4 stages or pieces. At each stage or piece there are issues, difficulties, accomplishments, or people that left a lasting impression on your life. Did it make you a better person or make life worse? Did it affect the next stage in your life? Knowing and understanding the pieces that have made you humble or that have made you bitter makes your life whole. It is ok to accept an issue but not understanding will leave you with an ever growing hole. The character in this book reflects on different important moments in her life in a 2 hour period and then she gets back to reality. Is her reality what she really wants? Do the pieces of her add up to a whole woman? Read the short sections for entertainment then read the questions at the end of each section to reflect and discuss them to see how the pieces fit into your life. Are you really whole? Have you obtained overall Health and Wellness?
