Fischer,2016-10-07 Playing trumpet in the 9th Infantry Division Band should have been a safe assignment but the Viet Cong swarmed throughout the Mekong Delta and safety was nonexistent The band s twofold mission boosting morale and helping win the hearts and minds of the Vietnamese required them to leave their ng Tam a k a Mortar City base camp and travel through a vast area of rice paddies dense jungle and numerous villages By 1969 home front support for the war had dwindled and the U S Army in Vietnam was on the brink of mutiny No one wanted to die under the command of career minded officers in a war lost to misguided politics This memoir of a conscripted musician in Vietnam provides a personal account of the lunacy surrounding combat support service in the 9th Infantry Division during the months prior to its withdrawal After Empires Giuliano Garavini,2012-10-25 A unique account of how decolonization affected European integration covering more than 20 years of the life of the European Community Explains the impact of Thirdworldism in western Europe Describes the significance of the 1973 oil shock beyond the Arab Israeli conflict Traces the tensions in the Atlantic arena in the 1970s and the quest for a European identity Uses a wide range of transnational archives governments international organizations political and economic actors After Empires describes how the end of colonial empires and the changes in international politics and economies after decolonization affected the European integration process Until now studies on European integration have often focussed on the search for peaceful relations among the European nations particularly between Germany and France or examined it as an offspring of the Cold War moving together with the ups and downs of transatlantic relations But these two factors alone are not enough to explain the rise of the European Community and its more recent transformation into the European Union

Southeast Asian Regionalism Nicholas Tarling, 2011 With the disappearance of the imperial structures that had dominated Southeast Asia newly independent states had to develop foreign policies of their own But so far few if any of these states have been willing to allow the public to explore any documentation of their activities Building on his earlier work that drew on U K records the author incorporates material from New Zealand archives which also contain reports from Australian and Canadian diplomats to provide a historical analysis of the foreign policies of Southeast Asian nations from a New Zealand perspective

Missions, Mantras, Migrants and Microchips Leonard A Gordon, 2025-04-10 The fame of people like Priyanka Chopra Satya Nadella Sundar Pichai Kunal Nanjiani Indra Nooyi Mindy Kaling M Night Shyamalan Tata Consultancy Services TCS sponsorship of the New York City Marathon the ubiquitousness of Indian restaurants and yoga studios in many American cities and much else illustrates the close relationship the US and India enjoy today From the 1780s onwards there have been relationships of various kinds all mediated until India's independence through the British Raj While ties in the eighteenth and nineteenth centuries were somewhat thin the closer relationship through three quarters of the twentieth century has now become an extremely close one as India has sent large rivers of people and goods to America and Americans have responded with growing interest and involvement in India This despite occasional blips like the Bhopal industrial disaster

Missions Mantras Migrants and Microchips takes the long view of the Indo US encounter Besides documenting well known ties it also brings into focus some ignored and forgotten people like Kumar Goshal Ida Scudder Charles Page Perin John Bissell and Maharishi Mahesh Yogi Deeply researched and engagingly written by veteran historian Leonard A Gordon this work is the definitive account of the Indo US connection
