Marshall and His Generals Stephen R. Taaffe, 2011-10-18 General George C. Marshall chief of staff of the U S Army during World War II faced the daunting task not only of overseeing two theaters of a global conflict but also of selecting the best generals to carry out American grand strategy Marshall and His Generals is the first and only book to focus entirely on that selection process and the performances both stellar and disappointing that followed from it Stephen Taaffe chronicles and critiques the background character achievements and failures of the more than three dozen general officers chosen for

top combat group commands from commanders like Dwight Eisenhower and Douglas MacArthur to some nearly forgotten Taaffe explores how and why Marshall selected the Army's commanders. Among his chief criteria were character including unselfish and devoted purpose, education whether at West Point, Fort Leavenworth or the Army War College, and striking a balance between experience and relative youth in a war that required both wisdom and great physical stamina. As the war unfolded, Marshall also factored into his calculations the combat leadership his generals demonstrated and the opinions of his theater commanders. Taaffe brings into sharp focus the likes of Eisenhower, MacArthur, George Patton, Omar Bradley, Walter Krueger, Robert Eichelberger, Courtney Hodges, Lucian Truscott, J. Lawton Collins, Alexander Sandy Patch, Troy Middleton, Matthew Ridgeway, Mark Clark, and twenty-five other generals who served in the conflict. He describes their leadership and decision-making processes and provides miniature biographies and personality sketches of these men drawn from their personal papers, official records, and reflections of fellow officers. Delving deeper than other studies, this path-breaking work produces a seamless analysis of Marshall's selection process of operational-level commanders. Taaffe also critiques the performance of these generals during the war and reveals the extent to which their actions served as stepping stones to advancement. Ambitious in scope and filled with sharp insights, *Marshall and His Generals* is essential reading for anyone interested in World War II and military leadership more generally.

The Battle of Manila, Nicholas Evan Sarantakes, 2025. Douglas MacArthur had a special relationship with the city of Manila. Many years before when he had decided to make a career in the U.S. Army like his father and had bounced around the globe, he kept coming back to the city. He received his first promotion in Manila and contracted malaria so severe the Army had to send him back to the United States. The city was a constant in a life without many others. He was, by any measure, an exceptional soldier. At the U.S. Military Academy, he earned an athletic letter in baseball, became the First Captain of the Corps of Cadets, and finished first in a class of ninety-three. Commissioned in the Corps of Engineers, he had his first assignment in the Philippines.
