Capturing the Beat Moment Erik Mortenson, 2010-11-02 CHOICE Outstanding Academic Title Examining the moment as one of the primary motifs of Beat writing Erik Mortenson offers the first book to investigate immediacy and its presence and importance in Beat writing Capturing the Beat Moment Cultural Politics and the Poetics of Presence places an expanded canon of Beat writers in an early postmodern context that highlights their importance in American poetics and provides an account of Beat practices that reveal how gender and race affect Beat politics of the moment Mortenson argues that Beat writers focused on action desire and spontaneity to establish an authentic connection to the world around them and believed that living in the moment was the only way in which they might establish the kind of life that led to good writing With this in mind he explores the possibility that far from being the antithesis of their times the Beats actually were a product of them Mortenson outlines the effects of gender and race on Beat writing in the postwar years as well as the Beats attempts to break free of the constrictive notions of time and space prevalent during the 1950s Mortenson discusses such topics as the importance of personal visionary experiences the embodiment of sexuality and the moment of ecstasy in Beat writing how the Beats used photographs to evoke the past and the ways that Beat culture was designed to offer alternatives to existing political and social structures Throughout the volume Mortenson moves beyond the Kerouac Ginsberg Burroughs triumvirate commonly associated with Beat literature discussing women such as Diane di Prima Janine Pommy Vega and Joyce Johnson and African American writers including Bob Kaufman and Amiri Baraka With the inclusion of these authors comes a richer understanding of the Beat writers value and influence in American literary history

The Soul Is a Stranger in This World Micah Mattix, 2020-01-07 The Soul Is a Stranger in This World is a timely examination of some of the best modern and contemporary poets and a trenchant defense of poetry as a narrative musical and theological art While it is common today to view the poet as a revolutionary who breaks old forms in the name of aesthetic and political freedom this volume begins with the classical view of the poet as a man speaking to men as Wordsworth put it Poetry may challenge and shock but it also consoles probing the contours of the human soul in a broken world Collected from essays and reviews first published in *The Wall Street Journal* *The New Criterion* *Books and Culture* *First Things* and other outlets the volume traces these concerns in the work of modern masters such as Rilke and Eliot avant garde exemplars like Andre du Bouchet and Basil Bunting and contemporary writers such as Dana Gioia and Franz Wright
