Shows of Force Timothy W. Luke, 1992 It has long been considered a mark of naiveté to ask of a work of art What does it say But as Timothy W Luke demonstrates in Shows of Force artwork is capable of saying plenty and much of the message resides in the way it is exhibited By critically examining the exhibition of art in contemporary American museums Luke identifies how art showings are elaborate works of theater that reveal underlying political social and economic agendas The first section Envisioning a Past Imagining the West looks at art exhibitions devoted to artworks about or from the American West Luke shows how these exhibitions displaying nineteenth and early twentieth century works by artists such as George Caleb Bingham Frederic Remington Frederic Edwin Church and Georgia O'Keefe express contemporary political agendas in the way they portray the past and shape new visions of the West In Developing the Present Defining a World Luke considers artists from the post 1945 era including Ilya Kabakov Hans Haacke Sue Coe Roger Brown and Robert Longo Recent art exhibits his analysis reveals attempt to develop politically charged conceptions of the present which in turn struggle to define the changing contemporary world and art's various roles within it Luke brings to light the contradictions encoded in the exhibition of art and in doing so illuminates the political realities and cultural ideologies of the present Shows of Force offers a timely and surely controversial contribution to current discussions of the politics of exhibiting art

B-Side Andy Cowan,2023-06-06 Pop music would be a different beast without the B Side Music history is riven with songs deemed throwaway that revolted against their lowly status and refused to be denied Be it rock n roll s national anthem Rock Around The Clock disco s enduring game changer I Feel Love or hip hop s most notorious dis track Hit Em Up all three

started life as the so called lesser track on releases primed for maximum chart impact But the B side has done much more than make stars of Bill Haley Donna Summer and 2Pac Whether it was the Beatles the Kinks and the Yardbirds in the 60s Elton John the Who and Queen in the 70s Depeche Mode the Cure and Prince in the 80s or Oasis Pulp and Radiohead in the 90s the B side allowed many of the world s greatest artists freedom to experiment with no commercial constraints in an age where physical product ruled the roost A quickfire A Z of 500 flips B SIDE is the first serious examination of the format s covert role in pushing the musical envelope Best read with one eye on YouTube and one ear on a streaming service its revelations will prick up the ears of music fans of all persuasions
