Women Artists of the Harlem Renaissance Amy Helene Kirschke, 2014-08-04 Women artists of the Harlem Renaissance
dealt with issues that were unique to both their gender and their race They experienced racial prejudice which limited their
ability to obtain training and to be taken seriously as working artists They also encountered prevailing sexism often an even
more serious barrier Including seventy two black and white illustrations this book chronicles the challenges of women artists
who are in some cases unknown to the general public and places their achievements in the artistic and cultural context of
early twentieth century America Contributors to this first book on the women artists of the Harlem Renaissance proclaim the
legacy of Edmonia Lewis Meta Vaux Warrick Fuller Augusta Savage Selma Burke Elizabeth Prophet Lois Maillou Jones
Elizabeth Catlett and many other painters sculptors and printmakers In a time of more rigid gender roles women artists
faced the added struggle of raising families and attempting to gain support and encouragement from their often reluctant
spouses in order to pursue their art They also confronted the challenge of convincing their fellow male artists that they too

should be seen as important contributors to the artistic innovation of the era

African American Women in the Struggle for the Vote, 1850-1920 Rosalyn Terborg-Penn, 1998-05-22 Rosalyn

Terborg Penn draws from original documents to take a comprehensive look at the African American women who fought for the right to vote. She analyzes the women's own stories and examines why they joined and how they participated in the U.S. women's suffrage movement. [Caffie Greene and Black Women Activists](#) Kofi-Charu Nat Turner, 2021-09-20 This book uses the life and work of Caffie Greene, one of the most influential grassroots community activists and public health educators in twentieth-century Los Angeles, as a platform to examine the wider story of Black women activists in recent United States history. Caffie Greene worked to foster the development of unions, Black elected officials, and Black youth leaders within the Black Panthers and worked with a legion of women leaders to further progress in the fields of health care, education, youth employment, welfare rights, public transportation, police reform, and electoral politics. The book traces Greene's journey from her childhood plantation life in Arkansas to her emergence as one of the most distinguished civil rights activists in Los Angeles history. It provides in-depth, meticulously researched archival material to amplify the voice of a pivotal woman and analyzes how her contributions impacted the movements of the postwar era. Examining the pedagogical aspects of social protest as the main resource for consciousness-raising among historically marginalized youth and adults, [Caffie Greene and Black Women Activists](#) asks the essential question: What can we learn about grassroots community organizing that we do not yet know by centering a Black woman like Caffie Greene's life? What are the continuities in Greene's political work between Cold War radicalism, Black Power, and Black feminism, and that strict binaries like integrationist and Black separatist nationalism and socialism and feminism and Black Power obscure? This book will be of key interest to students and scholars studying Black activist history, Black feminism, and twentieth-century United States history. [Whitaker's Books in Print](#), 1998

[Shelter in a Time of Storm](#) Jelani M. Favors, 2019-02-08 2020 Museum of African American History Stone Book Award 2020 Lillian Smith Book Award Finalist 2020 Pauli Murray Book Prize For generations, historically Black colleges and universities (HBCUs) have been essential institutions for the African American community. Their nurturing environments not only provided educational advancement but also catalyzed the Black freedom struggle, forever altering the political destiny of the United States. In this book, Jelani M. Favors offers a history of HBCUs from the 1837 founding of Cheyney State University to the present, told through the lens of how they fostered student activism. Favors chronicles the development and significance of HBCUs through stories from institutions such as Cheyney State University, Tougaloo College, Bennett College, Alabama State University, Jackson State University, Southern University, and North Carolina A & T. He demonstrates how HBCUs became a refuge during the oppression of the Jim Crow era and illustrates the central role their campus communities played during the civil rights and Black Power movements. Throughout this definitive history of how HBCUs became a vital seedbed for politicians, community leaders, reformers, and activists, Favors emphasizes what he calls an unwritten second curriculum at HBCUs: one that offered students a grounding in idealism, racial consciousness, and cultural nationalism.
