**Black Anxiety, White Guilt, and the Politics of Status Frustration** T. Alexander Smith, Lenahan

O'Connell, 1997-11-25 In this wide ranging survey of contemporary race relations in the United States Smith and O'Connell provide a thorough re-examination of our situation They begin by assessing the part played by status struggles and anxieties in intergroup relations For the black middle classes they assert the benefits of social economic advancement and rising expectations combine with status frustration and anxiety to create a sense of estrangement from whites and what are typically referred to as white institutions They then look at the role social scientists have played in both analyzing and contributing to race problems In their examination of racial stereotypes Smith and O'Connell show how whites typically construct stereotypes in such a way that they can respond to blacks as concrete individuals rather than as members of an abstract all embracing racial category In their examination of the Quota Revolution they demonstrate that affirmative action predictably fails to raise average black income nor does it promote racial respect and cooperation Finally they assert that if status anxiety plays an increasingly important role in intergroup struggles as group power relations are increasingly characterized by social and political parity then there are rather strict limits to what social reform can accomplish Racism Smith and O'Connell contend has less to do with current social conditions in black America than is usually supposed More indirect forces such as technological innovation global interdependence immigration misguided welfare policies and certain kinds of cultural values pose far more serious threats to the incomes and employment opportunities of less affluent black Americans than do the remaining traces of white racism This thought provoking book is must reading for scholars and researchers in the fields of public policy and contemporary race relations **Race and Morality** Melvyn L. Fein, 2012-12-06

After I had finished my presentation a colleague and I sat rocking on the hotel porch to discuss its merits It was a picture perfect fall day in Jekyll Island Georgia and he was a friend Yes he explained what I was saying seemed to be true And yes it probably needed to be said but why did I want to be the one to say it Wasn't I after all a tenured professor who didn't need to make a fuss in order to retain his job Didn't it make sense to just kick back and enjoy the easy life I had earned The topic of our tête à tête was my speculations about race relations and he was certain that too much honesty could only get me in trouble Given my lack of political correctness people were sure to assume that I was a racist and not give me a fair hearing This was a prospect I had previously contemplated Long before embarking on this volume I had often asked myself why I wanted to write it The ideological fervor that dominates our public dialogue on race guaranteed that some people would perceive me as a dangerous scoundrel who had to be put in his place [The Harvard Guide to African-American History](#) Evelyn Brooks Higginbotham, 2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America [Racism](#) Albert J. **G.K. Hall Interdisciplinary Bibliographic Guide to Black Studies** Schomburg Center for Research in Black Culture,1999      Wertkonflikte als Herausforderung der Demokratie Ulrich Willems,2015-09-03 Wertkonflikte wie der Konflikt um die Regelung des Schwangerschaftsabbruches bilden eine besondere Herausforderung demokratischer Politik Auf der Basis einer systematischen Rekonstruktion existierender Ans tze und Theorien unterbreitet die vorliegende Arbeit

zunächst einen Vorschlag zur Bestimmung der Logik und Dynamik von Wertkonflikten. In einem zweiten Schritt werden die empirischen Befunde zur Leistungsfähigkeit konventioneller und alternativer Verfahren demokratischer Konfliktregelung hinsichtlich der Zivilisierung oder Lösung von Wertkonflikten analysiert. Hier wird gezeigt, dass entgegen vorherrschenden Einschätzungen spezifische Arten von Kompromissen durchaus geeignet sind, den Kern einer Strategie der Zivilisierung von Wertkonflikten zu bilden. Der dritte Teil widmet sich der Frage nach der politischen Ordnung moralisch pluraler Gesellschaften. Die kritische Auseinandersetzung mit dem liberalen politiktheoretischen Modell für den Umgang mit Wertkonflikten mündet in der Plädoyer, die politische Ordnung moralisch pluraler Gesellschaften an der Idee eines *modus vivendi* zu orientieren.
