Years later in East Los Angeles his son Freddy Vega is struggling to save his father's gym while Freddy's own son Julian is searching for professional and romantic fulfillment as a Mexican American gay man refusing to be defined by stereotypes. With alternating perspectives Ernesto and Elena take us from the ranches of Michoacán to the makeshift colonias of Mexico City. Freddy describes his life in the suburban streets of 1980s Los Angeles and the community their family built as Julian descends deep into our present-day culture of hook-up apps, lucha burlesque shows, and the dark underbelly of West Hollywood. *The Sons of El Rey* is an epic and transporting novel. Alejandro Varela, National Book Award finalist and author of *The Town of Babylon*, of a family wading against time and legacy yet always choosing the fight. **Modigliani** Jeffrey Meyers, 2014-08-19 A biographer explores the artist's tragic life and transcendent work in early twentieth-century Paris, a vibrant portrait of a deeply unhappy man. Publishers Weekly In 1920 at the age of thirty-five Amedeo Modigliani died in poverty and neglect in Paris, much like a figure out of *La Bohème*. His life had been as dramatic as his death. An Italian Jew from a bourgeois family, Modi had a weakness for drink, hashish, and the many women, including the Russian poet Anna Akhmatova, who were drawn to his good looks. His painting thrived on chaos, but his bohemian lifestyle combined with a youthful case of tuberculosis eventually took a fatal toll. His friends included Picasso, Utrillo, Soutine, and other important artists of his day, yet his own work stood apart, generating little interest while he lived. Today's art world, however, acknowledges him as a master whose limited oeuvre—sculptures, portraits, and some of the most appealing nudes in the whole of modern art—cannot satisfy collectors' demand. With a lively but judicious hand, biographer Jeffrey Meyers sketches Modigliani and the art he produced, illuminating not only this little-known figure but also the painters, writers, lovers, and others who inhabited early twentieth-century Paris with him. Faith Donald P. H. Eaton, 2007-02 In April of 1653 Joannis Vermeer and Catharina Bolnes were married. He was twenty, and in the last year of his apprenticeship she was twenty-one. FAITH is the story of three winter months before that marriage, the most important months of his life. The Art of Ellis Wilson Albert Sperath, Margaret R. Vendryes, Steven H. Jones, Eva King, 2014-11-04 From the tobacco fields of western Kentucky to the streets of Harlem, from the Gullah Islands off the South Carolina and Georgia coasts to the all-black republic of Haiti, painter Ellis Wilson, 1899-1977, examined the scope and depth of black culture. One of Kentucky's most significant African American artists, Wilson graduated from the Art Institute of Chicago in 1923. He spent five more years in the city before moving to New York, where he lived for the rest of his life. Aside from his participation in the WPA's Federal Arts Project and a Guggenheim Fellowship, he was never able to support himself fully by painting. Yet his work has long been praised for its boldness and individuality. Black workers were a favorite subject: field hands, factory workers, loggers, fishermen, and more. Of his 1940s series of black factory employees, Wilson stated, "That was the first time I had ever seen my people working in industry, so I painted them." Over time, his documentary style gave way to one that emphasized shape and color over pure representation. Despite exhibitions in New York and elsewhere, Wilson considered a small show at the public library in

his hometown of Mayfield in 1947 to be one of the high points of his life This catalog accompanies the first major retrospective of Wilson's paintings     The New sporting magazine ,1853     Sporting Magazine ,1853     **The Sporting review, ed. by 'Craven'**.
