Crawford, 2021-01-27 After Kenneth W. Warren's *What Was African American Literature* Margo N. Crawford delivers *What is African American Literature* The idea of African American literature may be much more than literature written by authors who identify as Black *What is African American Literature* focuses on feeling as form in order to show that African American literature is an archive of feelings a tradition of the tension between uncontainable black affect and rigid historical structure Margo N. Crawford argues that textual production of affect such as blush vibration shiver twitch and wink reveals that African American literature keeps reimagining a black collective nervous system Crawford foregrounds the idea of African American literature and uncovers the black feeling world co-created by writers and readers Rejecting the notion that there are no formal lines separating African American literature and a broader American literary tradition Crawford contends that the distinguishing feature of African American literature is a moodscape that is as stable as electricity Presenting a fresh perspective on the affective atmosphere of African American literature this compelling text frames central questions around the idea of African American literature shows the limits of historicism in explaining the mood of African American literature and addresses textual production in the creation of the African American literary tradition Part of the acclaimed Wiley Blackwell Manifestos series *What is African American Literature* is a significant addition to scholarship in the field Professors and students of American literature African American literature and Black Studies will find this book an invaluable source of fresh perspectives and new insights on America's black literary tradition *Blues, Ideology, and Afro-American Literature* Houston A. Baker (Jr.), 1987-02-15 Relating the blues to American social and literary history and to Afro-American expressive culture Houston A. Baker Jr. offers the basis for a broader study of American culture at its vernacular level He shows how the blues voice and its economic undertones are both central to the American narrative and characteristic of the Afro-American way of telling it
