Inside the Bataan Death March Kevin C. Murphy, 2014-10-27 For two weeks during the spring of 1942 the Bataan Death March one of the most widely condemned atrocities of World War II unfolded The prevailing interpretation of this event is simple American prisoners of war suffered cruel treatment at the hands of their Japanese captors while Filipinos sympathetic to the Americans looked on Most survivors of the march wrote about their experiences decades after the war and a number of factors distorted their accounts The crucial aspect of memory is central to this study how it is constructed by whom and for what purpose This book questions the prevailing interpretation reconsiders the actions of all three groups in their cultural contexts and suggests a far greater complexity Among the conclusions is that violence on the march was largely the result of a clash of cultures undisciplined individualistic Americans encountered Japanese who valued order and form while Filipinos were active even ambitious participants in the drama *Bataan and Beyond* John S. Coleman, 1978

Accidental Courage Joe Kita,2002-09-29 Are you scared Are you afraid of public speaking heights flying change or any number of inexplicable things You re not alone The level of fear in this country has never been higher than it is right now But it isn t run through the streets screaming fear It s not terror Rather this new fear is quiet and relentless It s 3 00 a m fear a strange sound from who knows where a shadow a feeling a dread that has you pinned to the bed waiting praying wondering what s out there and whether you re next It s as pervasive as night itself It s the futile struggle against the unidentifiable that causes helplessness Indeed the majority of those with fear will never try to confront or conquer it Instead they ll make

excuses and apologies and just learn to live with it Joe Kita was like that He was functional successful for all intents and purposes normal But the older he got the more he felt plagued by worries and fears and doubts some of which he could barely admit to himself He saw his future contracting instead of expanding And he finally decided to do something about it He gave himself one year and set out to face his 12 biggest fears not from the safety of some psychiatrist's couch but out in the real world His goal was to discover once and for all what he was so damn afraid of the mother of all fears Here's a sampling of what he did Drove a beat up wreck in a demolition derby Engaged in an airborne dogfight Chased twisters in Tornado Alley Served as a target for an aging knife thrower Performed a stand up comedy routine before a raucous audience Spent the night with Lizzie Borden Went into solitary confinement at an abandoned prison From the fear of ghosts to the fear of death from the fear of flying to the fear of being alone from the fear of public speaking to the fear of car accidents and even the fear of God Joe Kita faced it all His is a journey of humiliation and heroism of embarrassment and enlightenment of absurdity and ultimately appreciation It is a tale that is as full of wisdom as of wit as profound as it is at times pathetic You will be fascinated and at the same time you will find inspiration laughter and courage War beyond Words Jay Winter, 2017-07-06 This book presents a panoramic history of transformations in our global imaginings of war from 1914 to the present It charts a century's meditations on war from painting and sculpture to photography film and poetry and ultimately to silence as a language of memory in its own right *The Fightin' Texas Aggie Defenders of Bataan and Corregidor* John A. Adams, 2016-04-15 By any measure the battles of Bataan and Corregidor were among the most intensely fought and devastating episodes in the World War II Pacific theater Beginning in early 1942 the Japanese Imperial Army invaded the Philippines in an attempt to control the Pacific region and expand its sphere of influence The defense and last stand of Filipino and American allied forces marked the largest surrender in their respective military histories Their efforts slowed the Japanese advance but only at great cost John A Adams Jr provides a new and compelling exploration of these pivotal events by recounting the history of Bataan and Corregidor through the eyes of 89 soldiers and officers who were former students and citizen soldiers from the Agricultural and Mechanical College of Texas All were products of the Corps of Cadets and indeed no other institution could boast of such a large deployment in the opening of the war While many words have been written on Bataan and Corregidor none have taken the approach of collective biography as *The Fightin Texas Aggie Defenders of Bataan and Corregidor* does here As a result this book is not only a new contribution to the history of World War II but also stands to be a landmark publication on the history of Texas A M University *Assembly*, 1988
