Margaret Atwood and the Female Bildungsroman Ellen McWilliams, 2017-03-02 Examining Margaret Atwood s work in the context of the complex history of the Bildungsroman Ellen McWilliams explores how the genre has been appropriated by women writers in the second half of the twentieth century She demonstrates that Atwood s early work her own coming of age fiction including unpublished works as well as *The Edible Woman* *Surfacing* and *Lady Oracle* both engages with and works against the paradigms of identity which are traditionally associated with the genre Making extensive use of unpublished manuscripts in the Atwood Collection at the University of Toronto McWilliams uncovers influences that shaped Atwood s fashioning of identity in her early novels paying particular attention to Atwood s preoccupation with survival as a key symbol of Canadian literature culture and identity She also considers the genre s afterlife on display in *Cat s Eye* *The Robber Bride* *Alias Grace* *The Blind Assassin* and *Moral Disorder* in which the formulations of selfhood and identity in Atwood s early fiction are revisited and developed Atwood emerges as a writer who self consciously invokes and then undercuts the traditions of the Bildungsroman a turn that may be read as a means of at once interrogating and perpetuating the form McWilliams s book furthers our understanding of subjectivity in Atwood s fiction and contributes to ongoing conversations about the role gender and cultural contexts play in reframing generic boundaries

**Waiting for the End** Earl G. Ingersoll, 2007 Waiting for the End examines two dozen contemporary novels within the context of a half century of theorizing about the function of ending in narrative That theorizing about ending generated a powerful dynamic a quarter century ago with the advent of feminist criticism of masculinist readings of the role played by ending in fiction Feminists such as Theresa de Lauretis in 1984 and more famously Susan Winnett in her 1991 PMLA essay Coming Unstrung were leading voices in a swelling chorus of theorist pointing out the masculinist bias of ending in narrative With the entry of feminist readings of ending it became inevitable that criticism of fiction would become gendered through the recognition of difference transcending a simple binary of female male to establish a spectrum of masculine to feminine endings regardless of the sex of the writer Accordingly Waiting for the End examines pairs of novels one pair by Margaret Atwood and one by Ian McEwan to demonstrate how a writer can offer endings at either end of the gender spectrum

*Mental Spaces in Discourse and Interaction* Todd Oakley,Anders Hougaard,2008 The cognitive theory of mental spaces and conceptual integration MSCI is a twenty year old cross disciplinary enterprise that presently unfolds in academic circles on many levels of reflection and research One important area of inquiry where MSCI can be of immediate use is in the pragmatics of written and spoken discourse and interaction At the same time empirical insights from the fields of interaction and discourse provide a necessary fundament for the development of the cognitive theories of discourse This collection of seven chapters and three commentaries aims at evaluating and developing MSCI as a theory of meaning construction in discourse and interaction MSCI will benefit greatly not only from empirical support but also from clearer refinement of its methodology and philosophical foundations This volume presents the latest work on discourse and interaction from a mental spaces perspective surely to be of interest to a broad range of researchers in discourse analysis     Margaret Atwood Fiona Tolan,2007 This book examines the novels of Margaret Atwood in conjunction wit the development of second wave feminism and attempts to demonstrate the existence of a dynamic relationship between her fiction and feminist theory introd

*Critical Essays on Canadian Literature* K. Appleton,2009-10-02 While it is often acknowledged that Margaret Atwood s novels are rife with allusions from the oral tradition of myth legends fables and fairy tales the implications of her liberal usage bear study The essays in this volume have

been written by some of the most influential Margaret Atwood scholars internationally each exploring Atwood's use of primal indeed archetypal narratives to illuminate her fiction and poetry These essays interact with all types of such narratives from fairy tales and legends to Greek Roman Biblical and pagan mythologies to contemporary processes of myth and tale creation And as the works in this collection demonstrate Atwood's use of myths and fairy tales allows for an abundance of old yet fresh material for contemporary readers By reconciling yet by also revisioning the archetypal motifs characters and narratives Atwood's writings present a familiar yet unique reading experience

*A Companion to Science Fiction* David Seed, 2008-06-09 *A Companion to Science Fiction* assembles essays by an international range of scholars which discuss the contexts themes and methods used by science fiction writers This Companion conveys the scale and variety of science fiction Shows how science fiction has been used as a means of debating cultural issues Essays by an international range of scholars discuss the contexts themes and methods used by science fiction writers Addresses general topics such as the history and origins of the genre its engagement with science and gender and national variations of science fiction around the English speaking world Maps out connections between science fiction television the cinema virtual reality technology and other aspects of the culture Includes a section focusing on major figures such as H G Wells Arthur C Clarke and Ursula Le Guin Offers close readings of particular novels from Mary Shelley's *Frankenstein* to Margaret Atwood's *The Handmaid's Tale*

Margaret Atwood: Crime Fiction Writer Jackie Shead, 2016-05-13 Exploring how Margaret Atwood's fiction reimagines the figure of the detective and the nature of crime Jackie Shead shows how the author radically reworks the crime fiction genre Shead focuses on *Surfacing* *Bodily Harm* *Alias Grace* *The Blind Assassin* *Oryx and Crake* and selected short fiction showing the ways in which Atwood's protagonists are confronted by their own collusion in hegemonic assumptions and thus are motivated to investigate and expose crimes of gender class and colonialism Shead begins with a discussion of how Atwood's treatment of crime fiction's generic elements particularly those of the whodunit clue puzzle and spy thriller departs from convention Through discussion of Atwood's metafictional strategies Shead also examines Atwood's techniques for activating her readers as investigators who are offered an educative process parallel to that experienced by some of the author's protagonists This book also marks a significant intervention in an ongoing debate among Atwood critics that pits the author's postmodernism against her ethical and humanistic concerns

*The Political in Margaret Atwood's Fiction* Theodore F. Sheckels, 2016-02-24 Suggesting that politics and power are at the center of Margaret Atwood's fiction Theodore F. Sheckels examines Atwood's novels from *The Edible Woman* to *The Year of the Flood* Whether her treatment is explicit as in *Bodily Harm* and *The Handmaid's Tale* or by means of an exploration of interiority as in *Cat's Eye* and *The Robber Bride* Atwood's persistent concern is with how the empowered act towards those who are constrained within the political economic and social institutions that facilitate power dynamics Sheckels identifies an increasing sophistication in Atwood's exposition of power over time that is revealed in the later novels engagement with social class postcolonialism and a globalism that

merges science and commerce as issues relevant to politics and power Acknowledging that Atwood is not a political theorist but a novelist Sheckels does not suggest that her work should be viewed as political commentary but rather as a creative treatment of the laudable but ultimately only partially successful ways in which women and other groups resist the constraints placed on them by institutionalized oppression      *Margaret Atwood* Marion Wynne-Davies, 2010 This book offers a comprehensive overview of Margaret Atwood's poetry novels shorter fiction children's books criticism and experimental multi genre work      *On the Borders of Convention* Aleksandra Nikčević Batrićević, 2010-05-11 The research presented in this book is authored by scholars coming from as distant regions as South Africa the United States of America Great Britain France Italy Belarus the Balkans Needless to say that one of the good things about this international cooperation is that owing to their different socio cultural backgrounds these scholars have contributed to producing an extremely varied picture of ways of approaching the challenge of a changing world The papers on literature and culture collected in this book contribute a further element of rigour into the discussion of numerous and always varying and changing borders of convention in a literary text literary genre and literary theory as well as in general culture and everyday paths of life Starting with oral cultures over the classic literary masters modernist and postmodernist textual and theoretical phenomena the twentieth century flouting of numerous social and gender convention through painting film dance contemporary music as well as graffiti We have sought to stress that what is most noticeable from the evidence of their studies is that scholars today concern these issues through a dynamic global process and beyond any preconceived design or any strict set of theoretical prescriptions which would otherwise lead them to ignore the ever shifting borders in literature and culture as well as in global socio cultural reality in general The variety and complexity of these essays offer fresh views to the problem posed in the title of the book Therefore we trust that they will stimulate intellectual confrontation and circulation of ideas within the field of literature and cultural studies
