Knudsen, 2016-07-27 The book is a tribute to Johan Jorgen Holst Norway's late Minister of Foreign Affairs It considers the outstanding issues of our time the high politics of East West confrontation and the post Cold War readjustment in Europe Holst contributed significant ideas to the handling of these issues Though representing merely a small state Johan Holst's mastery of the subject matter and authoritative personal presence gave him an influential voice in high level discourse on Western policy during more than two decades *Special Bibliography Series* United States Air Force Academy. Library, 1991 *Opaque Nuclear Proliferation* Benjamin Frankel, 2019-07-02 This examination of nuclear arms control addresses the question of what kind of posture do second generation nuclear weapons states adopt in a world in which the presumption of non proliferation is accepted Disarmament's Missing Dimension Markland Policy Group, 1990-11 A collection of essays discussing Canada's role in accelerating the process of ascertaining the appropriate degree and form of UN involvement in arms control verification *Special Bibliography Series*, 1957 Encyclopedia of Government and Politics Mary Hawkesworth, Maurice Kogan, 2002-09-11 Provides a balanced comprehensive account of contemporary trends in world regional and nation state government and politics Captures the global changes both theoretical and factual of the past three decades to give an unprecedented overview of political science and political affairs Clearly and incisively written to meet the needs of students lecturers and practitioners at all levels Helpful bibliographies of new and classic material and suggestions for further reading Extensive index of Topics and People Provides a comprehensive introduction to both the theoretical and practical issues of government and politics It will be an essential purchase for libraries with in depth collections in these areas Reference Reviews This up to date and well executed work provides a sound introduction to all aspects of political study Choice This is a work of immense scholarship and usefulness Political Studies In addition to copious citations to the research literature there are brief bibliographies listing major works for further reading at the conclusion of each article This up to date and well executed work provides a sound introduction to all aspects of political study SUNY College at Purchase *The future of NATO and European defence* Great Britain: Parliament: House of Commons: Defence Committee, 2008-03-20 This report is presented prior to the NATO Summit at Bucharest in April 2008 and examines the status of NATO in dealing with the security environment that exists in Europe today The situation in Afghanistan offers a key test of the strengths and failings of the NATO Alliance To bring stability and encourage development

and reconstruction in this region requires a long term military and financial commitment on the part of the Alliance Failure in Afghanistan may diminish the effectiveness of NATO and undermine allied unity perhaps pushing the United States to question the purpose of NATO itself The Bucharest Summit will have to address a number of issues in respect of Afghanistan including the need to generate sufficient military forces to carry out operations NATO faces broader questions about its role and relevance in the 21st century and the Defence Committee believes it needs to launch a far reaching review of its strategic concept setting forth a future role and purpose NATO s willingness to fulfil a global role is critical to the continued support of the United States NATO has shortfalls across a range of specific military capabilities which are seen as compromising its ability to mount and sustain the expeditionary operations that underpin the Alliance The creation of the NATO Response Force is seen as representing a significant achievement but it needs to be financed out of NATO Common Funding The Committee states that NATO s biggest shortfall is a lack of political will where a large and growing gap exists between the United States and the European members in defence spending The Committee further states that the relationship between NATO and the EU is plagued by mistrust and characterised by unhealthy competition Improving communication and coordination between the two is seen as essential The Committee views NATO as indispensable to the Alliance
