Jean Peters Michelangelo Capua, 2024-03-05 From 1947 to 1955 Jean Peters 1926-2000 appeared in films opposite such Hollywood leading men as Tyrone Power, Marlon Brando, Burt Lancaster, Spencer Tracy, Richard Widmark and Robert Wagner as well as international stars including Louis Jourdan and Rossano Brazzi. Despite her talent and status, Peters eschewed the star-studded lifestyle of 1950s Hollywood, turning down roles that were too sexy and refusing to socialize with other actors, discuss her private life in the press or lead the glamorous lifestyle often associated with her peers. She was seen as a mystery to reporters who constantly tried to discover tidbits about her personal life. In 1957 her marriage to Howard Hughes led to her retirement from acting and her further withdrawal from social events in Hollywood. Instead she shifted her attention to charitable work, arts and crafts and university studies in psychology and anthropology. Her status as an enigma only grew as she agreed never to speak of her marriage with Hughes. After her divorce, however, Peters attempted to resume her acting career in television but never regained her previous level of stardom. *Jean Peters: Hollywood's Mystery Girl* grants an in-depth analysis of each of her nineteen films and is enriched by several high-quality photographs from the author's personal collection.

Marilyn Monroe Jay Margolis, 2011 It is one of the greatest mysteries of the twentieth century: How did Marilyn Monroe die? Although no pills were found in her stomach during the autopsy, it was still documented in the Los Angeles coroner's report that she had swallowed sixty-four sleeping pills prior to her demise. In *Marilyn Monroe: A Case for Murder*, biographer Jay Margolis presents the most thorough investigation of Marilyn Monroe's death to date and shares how he reached the definitive conclusion that she was murdered. Margolis meticulously dissects the events leading up to her death, revealing a major conspiracy and countless lies. In an exclusive interview with actress Jane Russell three months before her death, he reveals Russell's belief that Monroe was murdered and points the finger at the man she held responsible. While examining the actions of Peter Lawford, Bobby Kennedy and Monroe's psychiatrist Dr. Ralph Greenson, Margolis establishes a timeline of her last day alive that leads to shocking revelations. In August 1962, Marilyn Monroe's lifeless body was found on her bed, leaving all to wonder what really happened to the beautiful young starlet. *Marilyn Monroe: A Case for Murder* provides a fascinating examination of one of the most puzzling deaths of all time.
