In this unique history of the Lost Battalion of World War I Alan D Gaff tells for the first time the story of the 77th Division from the perspective of the soldiers in the ranks On October 2 1918 Maj Charles W Whittlesey led the 77th Division in a successful attack on German defenses in the Argonne Forest of northeastern France His unit comprised of men of a wide mix of ethnic backgrounds from New York City and the western states was not a battalion nor was it ever lost but once a newspaper editor applied the term lost battalion to the episode it stuck Gaff draws from new unimpeachable sources such as sworn testimony by soldiers who survived the ordeal to correct the myths and legends and to reveal what really happened in the Argonne Forest during early October 1918 Nuclear Science Abstracts ,1970 Biological Effects of Ionizing Radiation Marylou Ingram,1966 **Radionuclides and Ionizing Radiation in Ornithology** Vincent Schultz,U.S. Atomic Energy Commission. The march of civilization is attended by strange influences Providence which directs the advancement of mankind moves in such mysterious ways that none can sense its design or reason out its import Frequently the forces of evil are turned to account in defeating their own objects Great tragedies cruel wars cataclysms of woe have acted as enlightening and refining agents Out of the famines of the past came experiences which inculcated the thrift and fore handedness of today Out of man s sufferings have come knowledge and fortitude Out of pain and tribulation the attribute of sympathy the first spiritual manifestation instrumental in elevating the human above the beast Things worth while are never obtained without payment of some kind Individual shocks stir the individual heart and conscience Great world shocks are necessary to stir the world conscience and heart to start those movements to right the wrongs in the world So long as peace reigned commerce was uninterrupted and the acquisition of wealth was not obstructed men cared little for the intrigues and ambitions of royalty If they sensed them at all they lulled themselves into a feeling of security through the belief that progress had attained too far civilization had secured too strong a hold and democracy was too firmly rooted for any ordinary menace to be considered So insidious and far reaching had become the inculcation of false philosophies summed up in the general term Kultur that the subjects of the autocratic ridden empires believed they were being guided by benign influences Many enlightened men at least it seems they must have been enlightened in Germany and Austria men who possessed liberated intellects and were not in the pay of the Kulturists professed to believe that despotism in the modern world could not be other than benevolent The satanic hand was concealed in the soft glove the cloven hoof artistically fitted into the military boot the tail carefully tucked inside the uniform or dress suit fiendish eyes were taught to smile and gleam in sympathy and humor or were masked behind the heavy lenses of professorial dignity the serpent s hiss was trained to song or drowned in crashing chords and given to the world as a sublime harmony Suddenly the world awoke The wooing harmony had changed to a blast of war the conductor s baton had become a bayonet the soft wind instrument barked the rifle s tone its notes were bullets that hissed and screamed tinkling cymbals sounded the wild blare of carnage and sweet throated horns of silver and brass bellowed the cannon s deadly roar
