Was Jesus's Blood Not Enough? A. Virginia Smith-Davis, 2020-10-28 When Jesus walked the earth He was the Word in human form His presence represented the magnificence of God's love voluntarily sacrificing Jesus's sinless blood as payment for our sins This book Was Jesus's Blood Not Enough is a collection of letters which served to provide encouragement love strength and forgiveness showing that God's word is as real as it was when Jesus walked the earth In a society where communication remains restricted by constantly shortening character limits our expressions are often quick and short and frequently miss the point While writing letters appears to be a dying art some gifts never get old Letters are far more physical than the paper on which they rest with expressions of personal information and details which have had life breath blown into them from the heart of the writer A letter's heartbeat can be felt over again with each reading In times when the comfort of hugs is impossible the encouragement of sincere words can serve as the type of relief that can only touch the heart This collection of real letters shows how expressions of love based on the Word of God can help others during the spectrum of life's experiences Whether in times of celebration or appreciation or those marked by fear depression grief or hopelessness many recipients found these letters to be encouraging and supporting Indeed some people carry these letters to serve as armor during times of weakness What began as a request to write one letter to a man dying of cancer mushroomed into many Some letters were requested and others sent unsolicited yet all letters were infused with love It is certain that as you read these letters you will find some

that will touch your heart or could help someone you know Keishan J Davis Esq Son of the author A Virginia Smith Davis
