Bloodlines Of The Soul Karmic Patterns In Past Life Dreams:

Past Life Dreamwork Sabine Lucas, 2008-04-18 The first book to approach reincarnation from the perspective of dreams Identifies soul bloodlines the key to past life therapies Combines the author's own experiences with case studies and dreamwork with empirical research Reveals how the analyst and client are often karmically linked In *Past Life Dreamwork* Sabine Lucas examines soul bloodlines character traits talents and life issues that are the common elements and circumstances of successive past lives Found threaded through our dreams these bloodlines reveal the forces manifesting in this life and taken together they shape individuality as well as destiny within the reincarnation cycle Though a wealth of past life related material regularly surfaces in dreams until now dreamwork has been largely ignored as a therapy for successfully integrating past life experiences Using the results of 27 years of personal and professional work Lucas explains that past life memories help us work out karma on the macro level and trauma on a micro level She distinguishes three types of past life dreams classic informatory and hybrid and demonstrates how to distinguish these from other dreams Her dramatic case studies illustrate the effectiveness of dream therapy in recognizing and integrating the resonant and recurrent circumstances and ethical dilemmas that are played out in the subconscious mind These psychologically revealing stories bear witness to how individuals are made whole through the integration of common strands of forgotten or repressed past lives Lucas shows that the integration of past lives enriches the conscious self and also promotes universal tolerance through an understanding of the patterns of our psychic soul inheritance

reaching look into the strange concept of our soul s life describing how our soul goes through a recurring cycle of incarnations bringing karma that affects us in a way often unseen like a shadow over our personality s life and relationships today Van Auken explains how and why reincarnation occurs where our past life memories are stored and how we may become aware of our soul and its karmic patterns He explains soul mates twin souls soul groups and reveals what our souls are doing when they are not incarnating He revisits passages in the Bible about our origin and true nature a nature that is not affected by the death of the physical body Using sources from the Hindu Akashic Records and the Book of Life or Book of Remembrance as well as Kabbalistic and Gnostic teachings he gives us examples of how our soul sees life rather than our earthly self s view He uses Edgar Cayce s discourses to add to our overall understanding of soul life versus personality life Destiny fate and karma are explored as well Then he has a series of chapters of meditation dreams living by ideals rather than allowing circumstances to direct our lives There s a fascinating chapter telling the lifetimes of one soul s whole series of incarnations and how each of them contributed who she is today and why specific people are in her life today All in all it is an interesting and compelling revelation about a life few of us are aware of but are apparently living at some level of our consciousness *Bloodlines of the Soul* Sabine Lucas,2005-04-05 Have we lived past lives If so can those lives reveal
