The Ministry, Vol. 04, No. 04 Various Authors, 1999-05-01 In this issue of The Ministry Brother Lee once again reminds
us that all the believers are fruit bearing branches in the vine and grains of wheat falling into the ground to bring forth more
grains This is our burden our obligation and the commission that the Lord has given us We need to change the concept that
we have from our background by tradition and not wait for big speakers or gospel campaigns Rather we must go out to
contact people once a week For this purpose we must learn the truths concerning God Christ the Spirit sin repentance and
faith calling on the Lord and the assurance of salvation Then we must learn how to present these truths to unbelievers as the
seed of life for their salvation The next three messages are a continuation of the Crystallization study of Revelation given in
the summer training of 1999 Message Seven shows us the Lord's need of the overcomers and how the fulfillment of God's
eternal purpose Christ's satisfaction and the defeat of God's enemy all hinge on the overcomers Message Eight strongly
charges us that if we are to enter into the Lord's joy and receive the Lord as our exceeding great reward in the next age we
need to win Him and faithfully enjoy Him today in this age If we do not faithfully enjoy and experience Christ as the reality of
His promises today we will not participate in their fulfillment in the kingdom age the principle is that what we are will
become our reward Message Nine presents the main subject of the book of Revelation which is Christ as the center of God's
administration according to God's eternal economy We not only need to see that God has a governmental administration but
we also must learn to live in a practical daily way directly under the rule of God and under the administration of His throne
Last of all we include reports concerning the Lord's move in Mexico and in Sri Lanka **The Ministry, Vol. 04, No. 03**

Various Authors, 1999-04-01 In this issue of The Ministry Brother Lee stresses our need to realize that we are branches in the
vine for bearing fruit and grains of wheat for bringing forth many grains According to its history the church in general has
had the concept that we must do a work of preaching In the Lord's recovery however our concept must be radically changed
We should not put our trust in the preaching work rather we must stress fruit bearing For this we must abide in Christ be
willing to die be pruned and then go to contact people by imparting Christ to them with and in brotherly love In this way we
will see the increase of Christ and the spread of the kingdom of God through our remaining fruit The following messages

continue the Crystallization study of Revelation given in the summer training of 1999 Message Four presents a full revelation of Christ in His coming back concerning His person and His work The Lord s coming back is also related to the prophecy of the four sevens which include the seven seals the seven trumpets the seven bowls and the last seven years of this present age Message Five speaks of the intrinsic significance and the subjective experience of the golden lampstand The lampstand with its golden nature form and seven lamps signifies the Triune God the Father the Son and the Spirit The lampstand also signifies the church as the reproduction of Christ and the reprint of the Spirit Such revelation needs our subjective experience so that we may become the reproduction of the lampstand the expression of the Triune God Message Six presents a full view of Christ as the Son of Man walking in the midst of the golden lampstands He is the High Priest girded about at the breasts with a golden girdle cherishing the churches in His humanity and nourishing them with His divinity Last of all we include reports describing the Lord s move in the Ukraine and in Armenia and among the elders and responsible ones in a recent training in Ventura California *Hearings* United States. Müller, Olga Fischer, 2003 This volume a sequel to *Form Miming Meaning* 1999 and *The Motivated Sign* 2001 offers a selection of papers given at the Third International Symposium on Iconicity in Language and Literature Jena 2001 The studies collected here present a number of new departures Special consideration is given to the way non linguistic visual and auditory signs such as gestures and bird sounds are represented in language and more specifically in signed language and how such signs influence semantic conceptualization Other studies examine more closely how visual signs and representations of time and space are incorporated or reflected in literary language in fiction as well as experimental poetry A further new approach concerns intermedial iconicity which emerges in art when its medium is changed or another medium is imitated A more abstract diagrammatic type of iconicity is again investigated with reference to both language and literature some essays focus on the device of reduplication isomorphic tendencies in word formation and on creative iconic patterns in syntax while others explore numerical design in Dante and geometrical patterning in Dylan Thomas A number of theoretically oriented papers pursue post Peircean approaches such as the application of reader response theory and of systems theory to iconicity
