*Blowing the Trumpet in Open Court* Boykin Sanders, 2002      **The Art of Connectivity** Melvin Markell

McPhearson, 2011-06-24 The Art of Connectivity A Call to Unity Within a Diverse Society The Art of Connectivity is an attempt to unite the disconnected If we are connected holistically and know what we have been called or created to do then we may map out our lives and take the appropriate detours when obstacles are placed in our paths If we are living with undefined directions and focus we may become lost unstable or unable to move ahead when a detour or obstacle is placed in our paths Individually we must see and embrace positive visions We must avert negativity and recover holistically from obstacles in our paths and together we can will make a difference Connectivity is mapping your life backward and securing direction and re direction throughout your life journeys Connectivity is staying in your lane at times or crossing and eradicating negative and chaotic lines Connectivity is helping others after you have helped yourself or found help from the hands of another It is helping oneself and opening doors so others may be helped An essential focus of this writing is connecting and evangelizing the local community through Christian educational methodologies to eradicate minimize negativity and embrace unity This enlightenment will be accomplished through active participation in the learning experiences that causes one to delve within the teachings of those who have lived and died so all people can live together in unity while embracing theirs and others cultural values The positive counteractions are primarily the responsibility of the individual to accept and implement but it is also a shared responsibility This shared responsibility must be conveyed and put into action by any positive or holistic means necessary to assist the self negated to be connected and productive members of society Just as so many pull together and work together during a major disaster for the good for all concerned we must see the signs of destruction in others and we must help rescue those who desire to be rescued African Americans and all ethnicities must delve into the educational process and search for biblical and secular educational truth In finding truth we will know without a doubt who we are and whence we came according to not only stories and fables which have been handed down from generation to generation but according to biblical and secular education as well That which leads one to disconnect ones self ones heritage and ones faith practices manifests itself amidst a psychological enslavement of ones mental factors Negative behavior is associated with a negative self identity Every dark and chaotic circumstance needs a torch bearer to give light to their dark situations if they are to make it successful in life We must move forward to unveil positive countermeasures to deter negative behaviors and actions Western psychologists are concerned with how each of us differs from the other The Ancients on the other hand looked at the essence of sameness When we realize it is in our sameness as children of God we are given a royal positioning as joint heirs with Christ We will love our Creator ourselves and others M M McPhearson June 2011      *Crisis and Emergency Management and Preparedness for the African-American Church Community* George O'Neil Urquhart, 2014-07-24 In these challenging times the resident population served by the

predominantly African American church demands and deserves specific attention in order to preserve the uniquely cohesive nature of the African American community While this work is specifically focused on one local church community there is a shared hope among church members clergy civic and lay professionals and the Samuel DeWitt Proctor School of Theology that this project will serve as a model for success beyond its local audience This work was conceived to help mitigate growing environmental and social concerns beyond traditional emergencies such as floods hurricanes tornadoes severe weather and power outages imposed upon communities already strained by economic and social inequities This book is designed to provide guidance on crisis and emergency preparedness by offering an example of how a church or similar institution may undertake the task of setting up an appropriate emergency planning structure for its congregation and community *True to Our Native Land, Second Edition* Brian K.
