## **Blue Collars And Hard Hats The Working Class And The Future Of American Politics:**

Blue Collars and Hard Hats Patricia Cayo Sexton, Brendan Sexton, 1972 Study of the problems of the working class in the USA particularly the low income unskilled worker category covers family budget and income consumer credit health safety working conditions income distribution taxation educational opportunities political aspects labour relations cultural factors the role of the trade unions political leadership etc *Social Policy and Public Policy* Lee Rainwater, 2017-07-28 This classic volume was originally designed as an introduction to social science perspectives on a broad range of social issues in American society specifically the complex social problems of the 1960s Because the volume is structured as a survey it is neither exhaustive or definitive It does provide a wide range of information about these problems as well as the many different policy initiatives that were developed to cope with them Readers can learn a great deal about the common themes predilections and quandaries that characterized United States responses to the complex problems of the 1960s and the patterns of inequality and injustice prevalent at that time The essays were selected to cover the range of substantive problematic issues of the period the social science perspectives that were brought to bear on them and the range of social science methodologies used Finally the selections emphasize the contributions that can be made to understanding social problems by intensive and rigorous social science research Journalists and popular writers use a common sense approach to their study of social problems and the results are often imaginative and incisive The tools of social scientists produce information and analyses that contribute far more to our understanding than even the most insightful journalist can achieve The selections in this volume highlight the deeper and more fundamental understanding of social issues that can come from rigorous analysis of government statistics and from special sample surveys from in depth ethnographic studies **The Revival of Labor Liberalism** Andrew Battista, 2023-12-11 The Revival of Labor Liberalism is a careful analysis of the twentieth century decline of the labor liberal coalition and the important efforts to revive their political fortunes Andrew Battista chronicles the efforts of several new political organizations that arose in the 1970s and 1980s with the goal of reuniting unions and liberals Drawing from extensive documentary research and in depth interviews with union leaders and political activists Battista shows that the new organizations such as the Progressive Alliance Citizen Labor Energy Coalition and National Labor Committee made limited but real progress in reconstructing and strengthening the labor liberal coalition Although the labor liberal alliance remained far weaker than the rival business conservative alliance Battista illuminates that it held a crucial role in labor and political history after 1968 Focuses on a fraught but evolving partnership Battista provides a broad analysis of factional divisions among both unions and liberals and considers the future of unionism and the labor liberal coalition in America Racial Exclusionism and the City Christopher T. Husbands, 2013-03-07 First published in 1983 this book reports on the results of a survey in thirteen areas of England where the National Front NF had previously gained significant levels of electoral support and examines the social and political histories of these areas to reveal not only who and

was voting for the NF in the 1970s but also why      **Why America Lost the War on Poverty - and How to Win It ,**

*Why America Lost the War on Poverty--And How to Win It* Frank Stricker,2011-02-01 In a provocative assessment of American poverty and policy from 1950 to the present Frank Stricker examines an era that has seen serious discussion about the causes of poverty and unemployment Analyzing the War on Poverty theories of the culture of poverty and the underclass the effects of Reaganomics and the 1996 welfare reform Stricker demonstrates that most antipoverty approaches are futile without the presence or creation of good jobs Stricker notes that since the 1970s U S poverty levels have remained at or above 11% despite training programs and periods of economic growth The creation of jobs has continued to lag behind the need for them Stricker argues that a serious public debate is needed about the job situation social programs must be redesigned a national health care program must be developed and economic inequality must be addressed He urges all sides to be honest if we don t want to eliminate poverty then we should say so But if we do want to reduce poverty significantly he says we must expand decent jobs and government income programs redirecting national resources away from the rich and toward those with low incomes *Why America Lost the War on Poverty And How to Win It* is sure to prompt much needed debate on how to move forward      **U.S. Trotskyism 1928-1965. Part II: Endurance** Paul Le Blanc,Thomas Bias,Bryan D.

Palmer,2018-11-26 U S Trotskyism 1928 1965 Part II Endurance The Coming American Revolution is the second of a documentary trilogy on a revolutionary socialist split off from the U S Communist Party reflecting Leon Trotsky s confrontation with Stalinism in the global Communist movement Spanning 1941 to 1956 this volume surveys the Second World War internationally and on the homefront the momentous post war strike wave ongoing efforts to comprehend and struggle against racism as well as the early years of the Cold War and anti Communist repression in the United States Also covered are internal debates and splits among Trotskyists themselves including a far reaching split in the international Trotskyist movement the Fourth International in the face of a persistent and expanding Stalinism Scholars and activists will find much of interest in these primary sources      **Robert Morris** Julia Bryan-Wilson,2013-08-09 Essays an interview and a roundtable discussion on the work of one of the most influential American artists of the postwar period This October Files

volume gathers essays an interview and a roundtable discussion on the work of Robert Morris one of the most influential American artists of the postwar period It includes a little known text on dance by Morris himself and a never before anthologized but influential catalog essay by Annette Michelson Often associated with minimalism Morris b 1931 also created important works that involved dance process art and conceptualism The texts in this volume focus on Morris s early work and include an examination of a 1971 Tate retrospective by Jon Bird an interview with the artist by Benjamin Buchloh a conversation from a 1994 issue of *October* about resistance to 1960s art and an essay by this volume s editor Julia Bryan Wilson on the labor involved in installing the massive works in Morris s 1970 solo exhibition at the Whitney Spanning 1965 to 2009 these writings map the evolution of critical thought on Morris over more than four decades      **Art Workers** Julia

Bryan-Wilson,2009 From artists to art workers Carl Andre s work ethic Robert Morris s art strike Lucy Lippard s feminist labor Hans Haacke s paperwork Work in America ,1972 **The Radical Center** Donald Warren,2016-12-06 Drawing on extensive research and national survey data sociologist Donald I Warren here presents an in depth analysis of the Middle American Radicals who they are what they believe the major targets of their grievances and the likelihood of their political mobilization The evidence indicates that as many as one in five Americans shares the Radical Center perspective including people who outwardly seem to have very little in common by way of economic occupational or education status Of particular significance are the findings concerning potential support for the various presidential candidates and for a third national political party State of the Masses Richard F. Hamilton, Is the consciousness of Americans in the midst of dramatic transformation Or do people think and feel much the same as they have always thought and felt Do most people enjoy their work or hate it Is the American family being replaced by new institutional forms or is it much the same as it was in the 1950 s Have material values been replaced by a postmaterial consciousness in a postindustrial society Are Americans becoming more conservative less conservative or staying about the same State of the Masses asks the important questions Originally published in 1986 this prescient study evaluate the views of social critics neo conservatives neo Marxists post industrialists and the theorists of the little man who puport to describe the nature social conditions outlooks and motivations of the American populace The claims of one group are often diametrically opposed to those of another The authors make the case for which claims can be considered true and which false Hamilton and Wright analyze the contradictory claims and compares their implications with the best social science research and data available at that time They also explore the implications for theories in light of the conflicting portrait the evidence provides The authors conclude with a new perspective for understanding continuities and changes in the United States This is a prescient view of American society during turmoil and a model for how social science research can be used predictively **The State of the Masses** Richard F. Hamilton,James D. Wright,1986-01-01 Is the consciousness of Americans in the midst of dramatic transformation Or do people think and feel much the same as they have always thought and felt Do most people enjoy their work or hate it Is the American family being replaced by new institutional forms or is it much the same as it was in the 1950 s Have material values been replaced by a postmaterial consciousness in a postindustrial society Are Americans becoming more conservative less conservative or staying about the same State of the Masses asks the important questions Originally published in 1986 this prescient study evaluate the views of social critics neo conservatives neo Marxists post industrialists and the theorists of the little man who puport to describe the nature social conditions outlooks and motivations of the American populace The claims of one group are often diametrically opposed to those of another The authors make the case for which claims can be considered true and which false Hamilton and Wright analyze the contradictory claims and compares their implications with the best social science research and data available at that time They also explore the implications for theories in light of the conflicting

portrait the evidence provides The authors conclude with a new perspective for understanding continuities and changes in the United States This is a prescient view of American society during turmoil and a model for how social science research can be used predictively The manuscript is wonderfully devastating G William Domhoff University of California Santa Cruz I think this is a masterful and timely piece of work a the book s message is so powerful so wide sweeping that it cannot be ignored William Form The Ohio State University Richard F Hamilton is emeritus professor of sociology and political science at The Ohio State University He has written eleven books and seventy articles mostly dealing with elite and mass politics and their interconnections including President McKinley War and Empire two volume work published by Transaction James D Wright is a professor in the department of sociology at the University of Central Florida He has published seventeen books including Armed and Considered Dangerous and Under the Gun as well as many journal articles His current research interests include violence urban poverty and inequality health and the homeless population and the divorce reform movement *Hard Work* Rick Fantasia, Kim Voss, 2004-06-16 This concise overview of the labor movement in the United States focuses on why American workers have failed to develop the powerful unions that exist in other industrialized countries Packed with valuable analysis and information Hard Work explores historical perspectives examines social and political policies and brings us inside today s unions providing an excellent introduction to labor in America Hard Work begins with a comparison of the very different conditions that prevail for labor in the United States and in Europe What emerges is a picture of an American labor movement forced to operate on terrain shaped by powerful corporations a weak state and an inhospitable judicial system What also emerges is a picture of an American worker that has virtually disappeared from the American social imagination Recently however the authors find that a new kind of unionism one that more closely resembles a social movement has begun to develop from the shell of the old labor movement Looking at the cities of Los Angeles and Las Vegas they point to new practices that are being developed by innovative unions to fight corporate domination practices that may well signal a revival of unionism and the emergence of a new social imagination in the United States **Divided Loyalties** Frank Koscielski, 2018-10-24 This book explores the international leadership of the AFL CIO the UAW and UAW Local 600 the world s largest union local and reveals that overall working class response to the Vietnam War mirrored that of the American society as a whole **Monthly Labor Review** , 1972 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **Between a River and a Mountain** Edmund F. Wehrle, 2005-12 Between a River and a Mountain details American labor s surprisingly complex relationship to the American war in Vietnam Breaking from the simplistic story of hard hat patriotism Wehrle uses newly released archival material to demonstrate the AFL CIO s continuing dedication to social political and economic reform in Vietnam The complex sometimes turbulent relationship between American union leaders and their counterparts in the Vietnamese Confederation of Labor known as the CVT led to dangerous political compromises the AFL CIO eventually accepted much needed support for their

Vietnamese activities from the CIA while the CVT's need to sustain their relationship with the Americans lured them into entanglements with a succession of corrupt Saigon governments. Although the story's endpoint the painfully divided and weakened labor movement of the 1970s may be familiar, Wehrle offers an entirely new understanding of the historical forces leading up to that decline, unraveling his story with considerable sophistication and narrative skill. Stunning in its research and sophisticated in its analysis, *Between a River and a Mountain* is one of the best studies we have of labor and the Vietnam War. Robert K. Brigham, Shirley Ecker Boskey, Professor of History and International Relations, Vassar College. Skillfully blending diplomatic and labor history, Wehrle's book is a valuable contribution to the ever-widening literature on the Vietnam War. George Herring, University of Kentucky. Wehrle has written a compelling and original study of the AFL-CIO, the South Vietnamese labor movement, and the Vietnam War. Judith Stein, Professor of History, City College and Graduate School of the City University of New York. With this important book, Edmund Wehrle gives us the first full-fledged scholarly examination of organized labor's relationship to the Vietnam War. Based on deep research in U.S. and foreign archives and presented in clear and graceful prose, *Between a River and a Mountain* adds a great deal to our understanding of how the AFL-CIO approached the war and in turn was fundamentally altered by its staunch support for Americanization. Nor is it merely an American story that Wehrle tells for he also presents fascinating information on the Vietnamese Confederation of Labor and its sometimes strained relations with U.S. labor. Fredrik Logevall, Cornell University. Edmund F. Wehrle is Assistant Professor of History, Eastern Illinois University. **Work in America**, 1973. *Everything In Its Place*, Constance Perin, 2014-07-14. Interviews with bankers, civic leaders, politicians, and architects provide the basis for this searching analysis of the ways in which the physical arrangement of land expresses American ideals, assumptions, and beliefs. Originally published in 1977, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. **Crisis in the Workplace**, Nicholas Askounes Ashford, 1976. Monograph analysing occupational health and occupational safety in the USA with special reference to legal aspects and political aspects, comments on relevant labour legislation, the occupational safety and health act of 1970, and discusses economic implications, information, and labour force considerations, employment, accident, benefit, private sector activities, rural workers, etc. Bibliography pp 577 to 579, flow charts, references, and statistical tables.
