H. Hoebeke,2014-09-15 Before the Seventeenth Amendment US senators were elected by state legislatures To end the supposed corruption of state machines and make the Senate more responsive to the legislative needs of the industrial era the Senate was made a popularly elected body in 1913 Meanwhile the spread of information and communications technology it was argued had rendered indirect representation through state legislators unnecessary However C H Hoebeke contends none of these reasons accorded with the original intent of the Constitution s framers To the founders democracy simply meant the absolute rule of the majority They proposed instead a mixed Constitution an ancient ideal under which democracy was only one element in a balanced republic Hoebeke demonstrates that the states which were to provide the aristocratic Senate and the monarchical president never resisted egalitarian encroachments and settled for popular expedients when electing both presidents and senators long before the

formal cry for amendment The Road to Mass Democracy addresses the corruption character and conduct of senate candidates and other issues relating to the triumph of plebiscitary government over representative checks and balances This work offers a provocative readable and often satiric reexamination of America s attempt to solve the problems of democracy with more democracy **CD-ROMs in Print** ,2003 *Guide to Microforms in Print* ,2009 The World Book Encyclopedia ,1957 Guide to Microforms in Print K G Saur Books,K.
