The Ghosts of Justice Ashok Kara,2001 It is not possible to read Heidegger s text without the image of his arm raised in the Nazi salute haunting it The image compels us to examine Heidegger s philosophy in terms of its susceptibility to Nazi ideology Heidegger s philosophy was inscribed at the end of the history of philosophy a time when Nazism was on the rise and on its way to the renewal of German destiny In paragraph six of Being and Time Heidegger outlined his agenda for the renewal of philosophy The renewal necessitated the destruction of the errant history of ontology in order to retrieve the pure primordial experiences The parallels between the forms of two agendas are coincidental However my work shows where they overlapped I explore the consequence of this overlap by soliciting the first text of philosophy The Anaximander Fragment that speaks about justice and injustice Justice is also at issue in the text of Jacques Derrida Derrida s primary resource is paragraph six of Heidegger s Being and Time a fact that caused some of his readers to assimilate him to Heidegger Derrida has tried to distance himself from Heidegger and in a late text he has offered us the prescriptive phrase Deconstruction is justice to guide our reading of his text The phrase invites us to examine Derrida s work in light of its saying This is what I try to do I show that a separation cannot be accomplished without a price because whether an author intends it or not justice is something ghostly and it keeps its own account Heidegger s arm and Derrida s hand caught in the trap of paragraph six tell another story different from the stories the authors tell The limbs tell the story about the ghosts of justice

MYSTERIOUS WORLD CHAPTER 07 The Cold Sound Talisman was indeed a mid grade talisman Under the full force attack of the three headed ferocious python those ice blue tentacles were shaking but they were still extremely sturdy without any signs of scattering Shi Mu was very happy when he saw this His body flashed a few times and soon he appeared on a large tree growing near the open space There was a layer of faint golden light around his body It was indeed a Golden Armor Talisman Shi glanced at the three headed ferocious python struggling below and without hesitation he jumped down While his body was still in mid air he swung his arm violently and a cloth bag the size of a fist flew out aiming straight for the three headed ferocious python s head The three headed ferocious python s body suddenly stood up straight and one of its three snake heads rose up more than a zhang high fiercely glaring at Shi Mu He opened his mouth wide and spat out a black light But Shi Mu s movements were even faster than that A fireball was shot out from his finger and the fireball flew out and hit the cloth bag As for himself he relied on the recoil force when he shot out the fireball and turned around in the air falling to the ground
