Treble Maker Kendra Moreno,2021-01-08 Ever since Vega died on the surgery table and came back to life she thought things were starting to look up She was alive she was finally pursuing her dream of being a songwriter and she landed a job at the historic Paragon Music Hall She d hoped to brush elbows with the greatest bands of her century She never realized she d also run into four sexy musical ghosts With her past coming back to haunt her and four ghosts literally haunting her Vega must face the difficult choice of holding on or letting go all while trying to write the next great song Music can soothe the soul but sometimes it twists you up instead With something sinister brewing in the Paragon and Vega the link between it all will she be strong enough to face what s coming Will her ghosts stay or will they go into the light In the end we all become the phantoms we fear What matters is how you come to life again Treble Maker is a paranormal WhyChoose romance which means the leading lady doesn t have to choose The Boss Project Vi Keeland,2022-07-11 A new sexy standalone from 1 New York Times Bestseller Vi Keeland The first time I met Merrick Crawford was during my job interview Well technically I d met him twenty minutes earlier when he d barged into a fitting room a few doors down from my appointment I yelled He yelled After an argument while standing in my bra I proceeded to smash the door into the gorgeous jerk trying to yank it shut As you might imagine I was freaked out when I discovered that the rude guy was my potential new boss Yet he didn t seem to recognize me Or so I thought Until we wound up bickering again during my interview and he told me to go sniff my armpit Okay so maybe I hadn t exactly been changing when he walked in on me In my defense I d been stuck on a hot train for two hours and wanted to make sure I didn t smell I obviously didn t expect to get the job But somehow an invitation to a second interview arrived in my inbox Before I left I asked to see Merrick I needed to know why I was even in consideration after our disastrous start Turned out Merrick only wanted to hire me because I was the least competent candidate It seemed his board was making him fill the position against his wishes I didn t really want to work in a place where my boss expected me to fail But I figured maybe I d enjoy proving him wrong It was a little thing I dubbed the boss project What I wasn t prepared for was that there would be other things I d enjoy doing to Merrick Crawford Getting involved with the boss wasn t the smartest choice But you know what they say about choices Some we regret some we are proud of I just had no idea where this one was going to land

Rediscovering Nursing Martin Johnson,2013-11-11 Learning to nurse is a little like learning to swim ride a bike or speak a foreign language It takes a long time to become a skilled practitioner confident in your ability and assured that you understand what you are doing and know that you are doing it competently and safely But as everyone knows lack of practice

leads to loss of confidence and ability To be as good as ever you were isn't easy but neither is it impossible All you need is time to adjust and adapt to all the changes that have taken place This book will give the once skilled confident and competent nurse the knowledge needed to re-enter practice It addresses the changes which have taken place in the delivery of care including the movement of care into the community the growth in day care and short stay wards and of course changes in nursing practice Such issues as nursing process nursing models and primary nursing are described in detail clearly helping you see how the profession has moved from the task allocation of my training into the individualized patient care of today As ever changes in medical and surgical practice affect nursing The authors address these issues too and explain such changes as U100 insulin the use of scopes fibre optics and lasers to minimize invasive surgery and the tremendous growth in Health Education and Preventive Health Care The book also suggests ways in which your new knowledge can be put to practical use

Blue Girl Emma Gracie, 2020-07-08 In 1997 just before I turned 16 I was accidentally flung into the world of healthcare This unexpected journey lit a fire in me that would carry me through the next 23 years of nursing I've witnessed births deaths and all that lies in between I've been exhausted heartbroken and sexually assaulted I've anguished over children who aren't my own and I have battled an illness that forced me to change places from nurse to patient But I have also had a blast I've met and learned from extraordinary characters who I can never forget I'd love you to meet them too and share the crazy sad shocking moving and hilarious experiences that made me Blue Girl

Nurse Rebecca Hunter, 2009 Nursing **A Nurse in Action** Evelyn Prentis, 2011 We were quickly learning to live with war We became very proficient at moving the patients who could walk quickly to the shelters when the sirens went We were equally proficient at talking those who couldn't walk into believing that they would be safe where they were Some believed us others didn't Surprising Matron as well as herself Evelyn Prentis managed to pass her Finals and become a staff nurse Encouraged she took the brave leap of moving from Nottingham to London brave not least because war was about to break Not only did the nurses have to cope with stray bombs and influxes of patients from as far away Dunkirk but there were also RAF men stationed nearby which caused considerable entertainment and disappointment and a good number of marriages But despite all the disruption to the hospital routine Evelyn's warm and compelling account of a nurse in action shows a nurse's life would always revolve around the comforting discomfort of porridge and rissoles bandages and bedpans **The Little Blue Book of Nurses' Wisdom** Nacole T. Riccaboni, 2022-04-05 Nursing is an exceptional profession that will fill your heart and at the same time empty your tank Nurses work countless hours forming community bonds and forming lasting relationships They impact the ones around them with their attention to detail caregiving and unwavering advocacy Nursing tasks are never singular one dimensional objectives but rather diverse multifaceted check boxes nurses work on and implement to improve their patients health outcomes No nurse is the same no patient is the same Each nursing shift provides a different experience adaptation is essential each and every hour Nurses are chameleons and leaders who go above and beyond making it all work out and making it the impossible look simplistic Nursing is a profession that cannot be quantified in one sentence and nurses aren't individuals who have linear mindsets Whether you are a nurse know a nurse or on your

way to being a nurse The Little Blue Book of Nurses Wisdom will remind you of just how great nursing is and how much support the nursing profession offers individuals worldwide Read and reflect on each quote Allow these words to touch your heart and trigger memories of your present and future self Nursing isn't merely a profession It is a mindset Let your mood be empowered and encouraged by these wonderful messages Tell me and I forget Teach me and I remember Involve me and I learn Benjamin Franklin Love yourself enough to set boundaries Your time and energy are precious You get to choose how you use it You teach people how to treat you by deciding what you will and won't accept Anna Taylor Kindness can transform someone's dark moment with a blaze of light You'll never know how much your caring matters Amy Leigh Mercree We overestimate the event and underestimate the process Every fulfilled dream occurred because of dedication John C Maxwell We hardly ever talk about trauma afterwards because it helps to live in a world where we can pretend it never happened Joyce Rachelle There are two types of people who will tell you that you cannot make a difference in this world those who are afraid to try and those who are afraid you will succeed Ray Goforth

Perched Like Doves Greta Barnes, 2018 Perched Like Doves follows the experience of a student nurse as she takes on hospital life at St Bartholomew's Hospital Barts in a bygone age when nurses still wore traditional uniforms and pretty caps Matron was the matriarch the Sisters all single women were the lynchpin of the hospital the senior doctors were always addressed as sir and the medical students were male Only one out of every ten young women applicants to the hospital were accepted for training the hours were long and arduous and the feet always painful Nevertheless the story is full of genuine laugh out loud moments and heart rending tales of bravery as well as stories tinged with trauma and tragedy although there was still time for romance Based on Greta Barnes's diary kept throughout her training and fully illustrated Perched Like Doves is an honest appreciation showing the camaraderie of hospital life and the sense of a close knit community It is a reminder of the gentler days before the turmoil of the National Health Service the advent of modern technology and the introduction of the degree nurse of a time which has changed beyond measure

When Chicken Soup Isn't Enough Suzanne Gordon, 2011-04-15 The reassuring bromides of chicken soup for the soul provide little solace for nurses and the people they serve in real life hospitals nursing homes schools of nursing and other settings In the minefield of modern health care there are myriad obstacles to quality patient care including work overload inadequate funds for nursing education and research and poor communication between and within the professions to name only a few The seventy RNs whose stories are collected here by the award winning journalist Suzanne Gordon know that effective advocacy isn't easy It takes nurses willing to stand up for themselves their coworkers their patients and the public *When Chicken Soup Isn't Enough* brings together compelling personal narratives from a wide range of nurses from across the globe The assembled profiles in professional courage provide new insight into the daily challenges that RNs face in North America and abroad and how they overcome them with skill ingenuity persistence and individual and collective advocacy at work and in the community In this collection we meet RNs working at the bedside providing home care

managing hospital departments teaching and doing research lobbying for quality patient care and campaigning for health care reform Their stories are funny sad deeply moving inspiring and always revealing of the different ways that nurses make their voices heard in the service of their profession The risks and rewards joys and sorrows of nursing have rarely been captured in such vivid first person accounts Gordon and the authors of the essays contained in this book have much to say about the strengths and shortcomings of health care today and the role that nurses play as irreplaceable agents of change
