Blind Pig:

Peck's Fun George Wilbur Peck,1879 *Nanobrewery U. S. A.* Dan Woodske,2012-06-26 We've all heard of Microbreweries but what about the Nanobrewery? Up until about 2007 they were pretty much non-existent today they are popping up almost across the country. These nanos are VERY small breweries sometimes brewing only 10 gallons of beer a batch. They are also pumping out some of the most unique beer on the planet. This book takes a look at nanobreweries across the U.S.A. talking to the brewers behind the phenomena and giving you a rundown of where you can sample some nanobrewery beer. You'll even get a take from local fans of a few of the breweries listed. By the end of the book you'll understand that beer is getting more and more local by the day and these are the people leading the charge. The author of the book Dan Woodske is also a nanobrewery owner and provides a unique perspective on this segment of the beer market and its explosive growth.

The book is broken down into 36 specific defensive actions with all the drills broken down into each area to make it super easy to find the drill that you want or need when you need it.
