Blood on the Moon Bradford Scott, Malmö, 1967      Terrorist Attacks on American Soil J. Michael Martinez, 2023-06-14

Understanding the context of terrorism requires a trek through history in this case the history of terrorist activity in the United States since the Civil War. Because the topic is large and complex *Terrorists Attacks on American Soil* From the Civil War to the Present does not claim to be an exhaustive history of terrorism or the definitive account of how and why terrorists do what they do. Instead this book takes a representative sampling of the most horrific terrorist attacks on U S soil in an effort to understand the context in which they occurred and the lessons that can be learned from these events.

The Mystery of the Last Supper Colin J. Humphreys, 2011-03-28 For hundreds of years we thought we knew what happened during Jesus last days. Holy Thursday Good Friday and Easter Sunday are not only observed by Christians around the world but are also recognized in calendars and by non practitioners as commemorating the true timeline of events in the life of Christ. But apparent inconsistencies in the gospel accounts of Jesus final week have puzzled Bible scholars for centuries. In *The Mystery of the Last Supper* Colin Humphreys uses science to reveal the truth about Jesus final days. Reconciling conflicting Gospel accounts and scientific evidence Humphreys reveals the exact date of the Last Supper in a definitive new timeline of Holy Week.

Still As Bright Christopher Cokinos, 2024-04-02 An immersive exploration of the nightly presence that has captured our imagination for the entirety of human history. When the Moon rises between

buildings or over trees it's not just a beautiful light. It's an archive of human longing, fear, and adventure. The Moon is more than a rock. It's a story. In the luminously told *Still As Bright*, the story of the Moon traverses time and space, rendering a range of human experiences from the beliefs of ancient cultures to the science of Galileo's telescopic discoveries, from the obsessions of colorful 19th-century selenographers to the astronauts of Apollo and now Artemis. Still As Bright also traces Cokin's own lunar pilgrimage. With his backyard telescope, he explores the surface of the Moon while rooted in places both domestic and wild, and this award-winning poet and writer rediscovers feelings of solace, love, and wonder in the midst of loss and change. Simultaneously steeped in rigorous cultural and scientific history as well as memoir, *Still As Bright* is a thoughtful, deeply moving, evergreen natural history. It takes readers on a lyrical journey that spans the human understanding of our closest celestial neighbor, whose multifaceted appeal has worked on witches, scientists, poets, engineers, and even billionaires. *Still As Bright* is a must-read for anyone who has ever looked up into the night sky in awe and wonder. Readers will never look at the Moon the same way again. *The Complete Index to Literary Sources in Film* Alan Goble, 2011-09-08. **A Concordance to the Canonical Books of the Old and New Testament: to which are Added, a Concordance to the Books Called Apocrypha; and a Concordance to the Psalter, Contained in the Book of Common Prayer**, 1859 *The End of the World* Matt McGrath, 2023-11-19. The high priest of a lost South American people believes the end of the world has come. The Sun is swallowed by the moon, and a great flood comes. Human sacrifice to Tlaloc is the only remedy, in the shaman's opinion. Will blood appease the angry gods, or is the shaman himself the victim they crave?

**A Lunatic Fear** B. A. Chepaitis, 2012-01-31. Jaguar Addams is back. Three prisoners are brought to Planetoid 3 with symptoms of exposure to chemicals that can come only from illegal moon mining, but who's running the lunar mining game, and where are they processing the Artemis byproducts? Alex and Jaguar are caught in a hornet's nest of politics, profits, and psychoses, as both are driven into a moon madness that cannot be denied.

*The Subject of Anthropology* Henrietta L. Moore, 2013-04-23. In this ambitious new book, Henrietta Moore draws on anthropology, feminism, and psychoanalysis to develop an original and provocative theory of gender and of how we become sexed beings. Arguing that the Oedipus complex is no longer the fulcrum of debate between anthropology and psychoanalysis, she demonstrates how recent theorizing on subjectivity, agency, and culture has opened up new possibilities for rethinking the relationship between gender, sexuality, and symbolism. Using detailed ethnographic material from Africa and Melanesia to explore the strengths and weaknesses of a range of theories in anthropology, feminism, and psychoanalysis, Moore advocates an ethics of engagement based on a detailed understanding of the differences and similarities in the ways in which local communities and western scholars have imaginatively deployed the power of sexual difference. She demonstrates the importance of ethnographic listening, of focused attention to people's imaginations, and of how this illuminates different facets of complex theoretical issues and human conundrums. Written not just for professional

scholars and for students but for anyone with a serious interest in how gender and sexuality are conceptualized and experienced this book is the most powerful and persuasive assessment to date of what anthropology has to contribute to these debates now and in the future

**Our Secret Discipline** Helen Vendler, 2007-11-29 The fundamental difference between rhetoric and poetry according to Yeats is that rhetoric is the expression of ones quarrels with others while poetry is the expression of ones quarrel with oneself Through exquisite attention to outer and inner forms Vendler explores the most inventive reaches of the poets mind

**Chosen By The Dragon Kings** Jessica Hall, Three dragon kings One Fae woman A fate she never wanted My grandmother used to tell me stories of the Chosen One the one who would save us and bind us back to our magic When I was younger I believed that what she said was true that eventually someone would be born just as the Oracle predicted Once I grew up and saw the world unfolding around me I no longer believed in salvation The chosen one seemed to be more of a prayer than a reality something for which we all prayed and needed to find hope when there wasn't any left When our ancestors turned their backs on us how were we expected to believe in this so called salvation Especially when all we witnessed was death and carnage since the great war Nothing except pain and poverty I used to believe the stories and used to pray for the mysterious fae that would rid our world of its evil Now though I see it for what it really is just a dream of hope Some out of reach fairy tale Hope is dangerous it makes you believe things will get better I stopped hanging on to hope when I witnessed firsthand that it caused nothing but heartache Tropes Triggers Dark Reverse Harem Fated Mates Enemies to Lovers Forced Proximity Brutal Possessive Dragon Mates Dubious Consent Forced Proximity Mythical Prophecies Ancient Magic Captive to Queen No Escape Fae Heroine vs Ruthless Dragon Kings

**Blood on the Moon** Alan K. Rode, 2023-03-15 Of those movies categorized as Noir Westerns by writers and historians Blood on the Moon is at the top of the list Produced during the height of the post World War II film noir movement the picture transplanted the dark urban environs of the city into the western iconography Instead of being framed in a Monument Valley sunset Robert Mitchum's lone horseman opens the picture as a solitary figure in a dark rainstorm as the Arizona trail replicates the rain slicked streets of Los Angeles

Mitchum's existentialist character of Jim Garry is at odds with the traditional Western hero. Labeled as a loose rider, he possesses nothing but a borrowed cattleman's outfit. Garry's loyalties shift during his sojourn in an alienist domain where things are assuredly not what they initially seem. The chiaroscuro lighting during the claustrophobic interior scenes and those at nighttime comprising nearly half the film depict isolated faces bathed in a stream of light against a black background. *Blood on the Moon* is a classic western immersed in the film noir netherworld of double crosses, government corruption, shabby barrooms, gun-toting goons, and romantic betrayals. *Blood on the Moon* was the first A picture directed by thirty-four-year-old Robert Wise. *The Set-Up*, *The Day the Earth Stood Still*, *I Want to Live*, *Odds Against Tomorrow*, *West Side Story*, *The Sound of Music*, *The Sand Pebbles*.

**Revelation** Craig R. Koester, 2014-09-30 In this landmark commentary, Craig R. Koester offers a comprehensive look at a powerful and controversial early Christian text, the book of Revelation. The author provides richly textured descriptions of the book's setting and language, making extensive use of Greek and Latin inscriptions, classical texts, and ancient Jewish writings, including the Dead Sea Scrolls.
