Blood Affair:

One People, One Blood Don Seeman, 2009 Today along with those Ethiopians who have been recognized as Jews by the State of Israel many who are called Feres Mura the descendants of Ethiopian Jews who have now reasserted their Jewish identity still await full acceptance in Israel Since the 1990s they have sought homecoming through Israel's Law of Return but have been met with reticence and suspicion on a variety of fronts This book documents this tenuous relationship and the challenges facing the Feres Mura **Ethiopian Jewish Immigrants in Israel** Tanya Schwarz, 2016-03-23 This is an ethnographic study of Ethiopian Jews or Beta Israel a few years after their migration from rural Ethiopia to urban Israel For the Beta Israel the most significant issue is not as is commonly assumed adaptation to modern society but rather belonging in their new homeland and the loss of control they are experiencing over their lives and those of their children Ethiopian Jewish immigrants resist those aspects of the dominant society which they dislike they reject normative Jewish practices and uphold Beta Israel religious and cultural ones ideologically counteract disparaging Israeli attitudes develop strong ethnic bonds and engage in overt forms of resistance The difficulties of the present are also overcome by creating a perfect past and an ideal future in what the author calls the homeland postponed all Jews will be united in a colour blind world of material plenty and purity **A Blood Affair** Jan Roberts, 1991 **Multiculturalism in Israel** Adia Mendelson-Maoz, 2015-03-15 By analyzing its position within the struggles for recognition and reception of different national and ethnic cultural groups this book offers a bold new picture of Israeli literature Through comparative discussion of the literatures of Palestinian citizens of Israel of Mizrahim of migrants from the former Soviet Union and of Ethiopian Israelis the author demonstrates an unexpected richness and diversity in the Israeli literary scene a reality very different from the monocultural image that Zionism aspired to create Drawing on a wide body of social and literary theory Mendelson Maoz compares and contrasts the literatures of the four communities she profiles In her discussion of the literature of the Palestinian citizens of Israel she presents the question of language and translation and she provides three case studies of particular authors and their reception Her study of Mizrahi literature adopts a chronological approach starting in the 1950s and proceeding toward contemporary Mizrahi writing while discussing questions of authenticity and self determination The discussion of Israeli literature written by immigrants from the former Soviet Union focuses both on authors who write Israeli literature in Russian and of Russian immigrants writing in Hebrew The final section of the book provides a valuable new discussion of the work of Ethiopian Israeli writers a group whose contributions have seldom been previously acknowledged The picture that emerges from this groundbreaking book replaces the traditional homogeneous historical narrative of Israeli literature with a diversity of voices a multiplicity of origins and a wide range of different perspectives In doing so it will provoke researchers in a wide range of cultural fields to look at the rich traditions that underlie it in new and fresh ways **Suicide and Agency** Ludek Broz, Daniel Münster, 2016-04-01 Suicide and Agency offers an original and timely challenge to existing ways of

understanding suicide Through the use of rich and detailed case studies the authors assembled in this volume explore how interplay of self harm suicide personhood and agency varies markedly across site Greenland Siberia India Palestine and Mexico and setting self run leprosy colony suicide bomb attack cash crop farming middle class mothering Rather than starting from a set definition of suicide they empirically engage suicide fields the wider domains of practices and of sense making out of which realized imaginary or disputed suicides emerge By drawing on ethnographic methods and approaches a new comparative angle to understanding suicide beyond mainstream Western bio medical and classical sociological conceptions of the act as an individual or social pathology is opened up The book explores a number of ontological assumptions about the role of free will power good and evil personhood and intentionality in both popular and expert explanations of suicide Suicide and Agency offers a substantial and ground breaking contribution to the emerging field of the anthropology of suicide It will appeal to a range of scholars and students including those in anthropology sociology social psychology cultural studies suicidology and social studies of death and dying

Global Law: A Triple Challenge Mireille Delmas-Marty, 2021-09-13 The author addresses the question of whether globalization of law is possible in a world full of tensions due to an increase in economic inequality and the rise of national and regional

differences She discusses whether it is reasonable or imaginable to have an organized set of norms when the helter skelter proliferation of norms and the displacement of landmarks create instead the impression of normative disorder She then explores whether the globalization of law is ethically desirable when none of our international institutions are currently able to guarantee respect for democratic values Originally published in French under the title *Trois Defis Pour Un Droit Mondial* Published under the Transnational Publishers imprint *Index Medicus*, 2004 Vols for 1963 include as pt 2 of the Jan issue Medical subject headings *Story-Based Inquiry: A Manual for Investigative Journalists* Mark Lee Hunter, gratuit, Unesco, 2011 Investigative Journalism means the unveiling of matters that are concealed either deliberately by someone in a position of power or accidentally behind a chaotic mass of facts and circumstances and the analysis and exposure of all relevant facts to the public In this way investigative journalism crucially contributes to freedom of expression and freedom of information which are at the heart of UNESCO's mandate The role media can play as a watchdog is indispensable for democracy and it is for this reason that UNESCO fully supports initiatives to strengthen investigative journalism throughout the world I believe this publication makes a significant contribution to promoting investigative journalism and I hope it will be a valuable resource for journalists and media professionals as well as for journalism trainers and educators J n is K rklin Assistant Director General for Communication and Information UNESCO Preface page 1
