Bloomsbury Movie Talk:

Censoring Hollywood Aubrey Malone, 2011-10-10 Censorship has been an ongoing issue from the early days of filmmaking. One hundred years of film censorship encompassing the entire 20th century are chronicled in this work. The freewheeling nature of films in the early decades was profoundly affected by Prohibition, the Depression, and the formation of the Legion of Decency, culminating in a new age of restrictiveness in the movies. Such powerful arbiters of public taste as Will H. Hays of the Motion Picture Producers and Distributors of America and Joseph Breen of the Production Code Association fomented an era whereby films with contentious material were severely censored or even condemned. This held sway until rebellious filmmakers like Otto Preminger challenged the system in the 1950s, eventually resulting in the abandonment of the old regime in favor of the contemporary G through NC 17 ratings system. *Films and Filming*, 1989. *And the Loser is: A History of Oscar Oversights [2nd Edition]* Aubrey Malone, 2020-10-06 This is the first book of its kind. Aubrey Malone has gone back to the start of the Oscar ceremonies and discovered that mistakes have been made every year in the choice of what has been deemed best in the categories of acting, directing, producing, and the subsidiary awards. He has identified all the great stars: Garbo, Montgomery Clift, Peter O'Toole, Barbara Stanwyck, etc., who never held Oscars in their hands, and also iconic directors like Stanley Kubrick who were never thus honored. Why were some people over-rewarded by the Academy and why did others fall below the radar? The author outlines all of the extraneous factors leading to voting choices and how Oscar pariahs have often been subsequently or even posthumously awarded for the wrong films to make up for omissions in a given year. With both wit and wisdom, he has written an alternative history of the Oscars that will be required reading for both academics and film buffs alike. It tells the story behind the story. If there were Oscars for research, Aubrey Malone would be right up there with the best of them. **Film Ireland** **Sidney Lumet** Aubrey Malone, 2020-01-01 Punctilious to a fault, Sidney Lumet favored intense rehearsal, which enabled him to bring in most of his films under budget and under schedule. An energized director who captured the heart of New York like no other, he created a vast canon of work that stands as a testament to his passionate concern for justice and his great empathy for the hundreds of people with whom he collaborated during a career that spanned more than five decades. This is the first full-scale biography of a man who is generally regarded as one of the most affable directors of his time. Using the oral testimonies of those who worked with him, both behind and in front of the camera, this book explores Lumet's personality and working methods. *International Film Guide*, 1990. Peter Cowie, 1991. This annual guide on global film making offers a unique survey of trends, achievements, and personalities during the past year. As usual, the guide selects five Directors of the Year for appraisal: Danny Boyle, Takeshi Kitano, Søren Kragh-Jacobsen, David Mamet, and Spike Lee. This edition has updated sections on film festivals, music, and archives. **Maureen O'Hara** Aubrey Malone, 2013-09-12 Angela Lee, b. 1954, has emerged as one of cinema's most versatile, critically acclaimed, and popular directors. Known for his ability to transcend cultural and stylistic boundaries, Lee has built a diverse oeuvre that

includes films about culture clashes and globalization *Eat Drink Man Woman* 1994 and *The Wedding Banquet* 1993 a period drama *Sense and Sensibility* 1995 a martial arts epic *Crouching Tiger Hidden Dragon* 2000 a comic book action movie *Hulk* 2003 and an American western *Brokeback Mountain* 2005 *The Philosophy of Ang Lee* draws from both Eastern and Western philosophical traditions to examine the director's works The first section focuses on Taoist Confucian and Buddhist themes in his Chinese language films and the second examines Western philosophies in his English language films but the volume ultimately explores how Lee negotiates all of these traditions strategically selecting from each in order to creatively address key issues With interest in this filmmaker and his work increasing around the release of his 3 D magical adventure *The Life of Pi* 2012 *The Philosophy of Ang Lee* serves as a timely investigation of the groundbreaking auteur and the many complex philosophical themes that he explores through the medium of motion pictures

Epidemic Cinema Julia

Echeverría, 2023-12-08 This book examines the recent trend in global cinema to feature infectious disease As the global crisis of the COVID 19 pandemic materialised the anxieties and discourses of world risk that had long been portrayed in popular media the book provides a novel definition of the epidemic film genre and offers a systematic look into the narrative and stylistic conventions that characterise it *Epidemic Cinema* traces the evolution of the genre from its early cinematic origins to establish the founding principles of a genre standing at the crossroads between science fiction and horror It draws on close textual analysis to show how the pandemic reified one of the central predicaments of epidemic narratives the constant tension existing between free floating phenomena and the impulse to control and resist such phenomena ultimately epitomised by the trope of the border Showing how infectious diseases offer a rich allegorical frame which cinema uses to articulate timely anxieties of growingly invisible and deterritorialised risks the author presents the prevalence of contagion in popular culture as a symptom of this growingly viral and virus ridden context both in its most literal and metaphorical sense This insightful study will interest students and scholars of film studies global cinema science fiction horror popular culture and genre theory

Channel 4 and the British Film Industry, 1982-1998 Laura Mayne, 2024-04-30 This monograph offers the first ever comprehensive study of Channel 4's film production distribution and broadcasting activities and represents a significant contribution to British cinema and television history The importance of Channel 4 to the British film industry over the last 40 years cannot be overstated The birth of the Channel in 1982 heralded a convergence between the UK film and television sectors which was particularly notable given that the two industries had historically been at loggerheads In addition to its role as a broadcaster and curator of feature film programming since its inception Channel 4 has funded or co funded hundreds of feature films through its film commissioning arm Film4 The Channel's commitment to financing between 15 20 films per year helped form the backbone of the ailing film sector throughout the 1980s and early 1990s while Film4 funding has also been instrumental to the success of many companies which have become vital to the British film industry
