Bloomsbury Reflections Alen MacWeeney, Sue Allison, Frances Spalding, 1990 Family members of the Bloomsbury Group share memories of their elite ancestors **A Bloomsbury Canvas** James Beechey, 2001 Essays from leading commentators on the Bloomsbury Group an association of artists and writers which influenced cultural and intellectual life in early twentieth century Britain Displaying what is best and typical of Bloomsbury art the book includes previously unpublished works **Libidinal Currents** Joseph Allen Boone, 1998-02-28 From Kate Chopin and Virginia Woolf to William Faulkner and Doris Lessing modern fiction surges with libidinal currents The most powerful of these fictions are not merely about sex rather they attempt to incorporate the workings of eros into their narrative forms In doing so Joseph Allen Boone argues these modern fictions of sexuality create a politics and poetics of the perverse with the power to transform how we think about and read modernism Challenging overarching theories of the novel by carefully mapping the historical contexts that have influenced modern experimental narratives Boone constructs a model for interpreting sexuality that reaches from Freud's theory of the libidinal instincts to Foucault's theory of sexual discourse The most ambitious study yet written on the links between literary modernity and the psychology of sex Boone's *Libidinal Currents* will be a landmark book in the study of modernist fiction gay studies queer theory feminist criticism and studies in sexuality and gender *The Sparkle from the Coal* Barbara Howard, 2024-10-31 Perhaps one of the least appreciated aspects of Rowan Williams is his theology of imagination Seeking to fill this gap this book explores the imaginative impulse operative in Rowan Williams' theology and poetry which centres around the notion of divine desire and the way in which imagination can reveal possibility even in the bleakest of circumstances Drawing on his poetic work as well as his theological writing the book explores how Williams' theology leads us to a fresh understanding of the ways in which the renewing and enabling energy of the Holy Spirit is ever active within and beyond the Church in enabling human imaginations to cooperate with the divine energy of love in bringing creation to fulfilment **English Literature in Transition, 1880-1920**, 2005 Screen Media in Foreign Language Education Adrian Leis, Matthew Wilson, 2025-10-10 How can screen based technologies transform the way we teach and learn languages *Screen Media in Foreign Language Education* brings together a diverse collection of studies that answer this question by examining how videos films mobile devices and other screen media are used to support language development in dynamic and meaningful ways Edited by Adrian Leis and Matthew Wilson the book features ten chapters grounded in key theoretical perspectives including multimodal learning theory sociocultural theory cognitive load theory and media literacy Together they offer a comprehensive framework for understanding how screen media can enhance language instruction and student engagement The book explores practical applications ranging from video based pronunciation tools to subtitled media for developing intercultural competence Whether you're interested in flipped learning media rich writing tasks or the incidental learning of vocabulary each chapter provides actionable insights and research based evidence This volume is

Bloomsbury's Prophet Tom Regan, 2012-08-21 Canonized as the plain man's philosopher and the defender of common sense G E Moore is one of the most influential philosophers of the twentieth century But Moore's role as Bloomsbury's prophet has remained a mystery How could the plain man's philosopher influence those legendary members of the Bloomsbury group Lytton Strachey and John Maynard Keynes for example who could never be characterized as plain men With this book well known contemporary philosopher Tom Regan solves the mystery Relying on Moore's published and unpublished work Regan traces the development of Moore's moral philosophy up to and through his seminal work *Principia Ethica* 1903 Regan offers a radical reinterpretation of *Principia* Contrary to the standard interpretation that work's central theme is the liberation of the individual not dreary conformity to the rules of conventional morality The Bloomsberries lived Moore's philosophy the same philosophy subsequent generations have misunderstood At once literary and scholarly Bloomsbury's Prophet challenges received opinions not only about *Principia* and Moore but about Bloomsbury itself

On Tragedy and Transcendence Khagan M. Delport,2021-10-08 From the time of Plato s proposed expulsion of the poets tragedy has repeatedly proposed a challenge to philosophical and theological certainties This is apparent already in early Christianity amongst leading figures during the patristic age But this raises the question Why was the theme of tragedy still accepted and deployed throughout the history of Christianity nevertheless Is this merely an accident or is there something more substantial at play Can Christian theology take the tragic seriously Must Christianity ultimately deny the tragic to be coherent or might it be able to sustain its negativity Some like George Steiner David Bentley Hart and John Milbank have doubts about such a coherency but others think differently This book aims to examine this debate laying out the lines of disagreement and continuing tensions Through a critical examination of the work of Donald MacKinnon and the eminent Christian thinker Rowan Williams the book aims to show that there is a path for reconciling the claims of Christian orthodoxy and the experience of tragedy one that is able to maintain a metaphysical foundation for both real transcendence and unfolding historicity without denying either

Uncollected Letters of Virginia Woolf Stuart N. Clarke, Stephen Barkway, 2025-03-31 Many previously undiscovered letters from Virginia Woolf have come to light since the original six volume Collected Letters was published between 1975 and 1980 Over 1 400 are included in this vital new book illuminating facets of Woolf s life that have previously been hidden or only glimpsed Important letters to contemporary writers such as Stella Benson Rebecca West Lyn Lloyd Irvine and Berta Ruck have been unearthed from archives as well as fifty letters to T S Eliot This book also features substantial collections of letters to Lady Colefax Winifred Holtby Mary Hutchinson Christabel McLaren Lady Aberconway and Raymond Mortimer as well as previously unrecorded correspondents Through these letters we see Woolf encouraging would be authors and negotiating with editors literary agents and foreign translators in her role as a professional writer The Uncollected Letters of Virginia Woolf provides extraordinary insight into the variety of acquaintance of one of the most fascinating literary figures of the twentieth century A Hindu Gentleman's Reflections Respecting the Works of Swedenborg and the Doctrines of The New Jerusalem Church Rao Bahadur Dadoba Pandurung, 1879 Political Formation Jenny Leith, 2023-01-31 What might it mean us to be formed as disciples not only by the church but also by the world In Political Formation Being Formed by the Spirit in Church and World Jenny Leith argues that ethical and political formation of Christians takes place through the work of the Spirit both in the church and in civic life and the church too has something to learn from wider political practices and movements This account of formation places centre stage a reckoning with the forms of exclusion and marginalisation that mar the church and yields an understanding of the church as not only ethically formative but also in constant need of being formed itself Offering a fresh vision for ecclesiology which grapples with the ethical failings of the church and takes seriously the need for the church to keep on recognising and repenting of its sins the book offers a major new contribution to discussions around Christian formation and the relationship between discipleship and ethics **Understanding Verbal Art** Jonathan Webster, 2014-09-22 This book applies linguistic analysis to the poetry of Emeritus Professor Edwin Thumboo a Singaporean poet and leading figure in Commonwealth literature The work explores how the poet combines grammar and metaphor to make meaning making the reader aware of the linguistic resources developed by Thumboo as the basis for his

unique technique The author approaches the poems from a functional linguistic perspective investigating the multiple layers of meaning and metaphor which go into producing these highly textured grammatically intricate works of verbal art The approach is based on Systematic Functional Theory which assists with investigating how the poet uses language grammar to craft his text in a playful way that reflects a love of the language The multilingual and multicultural experiences of the poet are seen to have contributed to his uniquely creative use of language This work demonstrates how Systematic Functional Theory with its emphasis on exploring the semogenic meaning making power of language provides the handle we need to better understand poetic works as intentional acts of meaning The verbal art of Edwin Thumboo illustrate Barthes point that Bits of code formulae rhythmic models fragments of social languages etc pass into the text and are redistributed within it for there is always language before and around the text With a focus on meaning this functional analysis of poetry offers an insightful look at the linguistic basis of Edwin Thumboo s poetic technique The work will appeal to scholars with an interest in linguistic analysis and poetry from the Commonwealth and new literatures and it is also well suited to support courses on literary stylistics or text linguistics
