Women and the City in French Literature and Culture Siobhán McIlvanney, Gillian Ni Cheallaigh, 2019-05-15 Interdisciplinarity this book covers a range of media and genres from cinema to journalism to novels and a range of disciplines from feminism film studies Francophone studies history etc which allows readers to access a particularly extensive range of disciplines within one volume and to make informed comparisons Transhistoricism the chronological range of essays included in this journal from the medieval period through the nineteenth and twentieth centuries to the present demonstrates that women have always managed to access their own territory within the masculinised urban environment and this encourages readers to rethink previous gendered assumptions about women and the city Feminism the essays here form part of the wider movement in academic research to redress the gendered imbalance of perspectives on a range of subjects here allowing us to look anew at French and Francophone culture and history as part of this feminist rewriting *Fighting Cane and Canon* Rashi Rohatgi, 2014-08-20 *Fighting Cane and Canon* Abhimanyu Unnuth and the Case of World Literature in Mauritius joins the growing field of modern Indian Ocean studies The book interrogates the development and persistence of Hindi poetry in Mauritius with a focus on the early poetry of Abhimanyu Unnuth His second work *The Teeth of the Cactus* brings together questions about the value of history of relationships forged by labour and of spirituality in a trenchant examination of a postcolonial people choosing to pursue prosperity in an age of globalization It captures a distinct point of view Unnuth s connection to the Hindi language is an unusual reaction to the creolization of the island but also a common experience both of Indian immigrants and of the reevaluation of their experience by Mauritians reaching adulthood as Unnuth did with the Independence of the Mauritian

nation in 1968 The book argues that for literary scholars reading Abhimanyu Unnuth's poetry raises important questions about the methodological assumptions made when approaching so called marginal postcolonial works assumptions about translation language and canonicity through the emerging methodologies of World Literature *Transoceanic Dialogues* Véronique Bragard, 2008 This work offers a close reading of literary works in French and in English by women writers whose ancestors originally came to the Caribbean or across the Indian Ocean as indentured labourers *Ultraminor World Literatures*, 2022-10-10 This pathbreaking collection explores a new concept in world literature studies Going beyond the binary opposition of major and minor literatures the ultraminor encompasses the literatures of smaller but vibrant regional and linguistic communities Using cases as varied as the literatures of Malta Mauritius and the Faroe Islands contemporary Nahuatl novels Kafka in Prague and Shakespeare in Naples the ten essays in this volume take up questions of scale and circulation the interplay of languages and dialects and ultraminor writers resistance to translation and their reliance on it Ultraminor World Literatures will be of interests to students and scholars of comparative and world literature and to anyone concerned with the ongoing life of unique cultural communities around the world **Travel Guide Mauritius, Reunion & Seychelles** Paula Hardy, Fabienne Fong Yan, Rooksana Hossenally, 2024-02 Lonely Planet's Mauritius Reunion all with your trusted travel companion Blue Bay Palace Nathacha Appanah-Mouriquand, Eef Gratama, 2005 Op het eiland Mauritius bloeit een tot mislukken gedoemde liefde op tussen een eenvoudige hindoe receptioniste en een hotelmanager uit een hogere kaste Cancun & the Yucatan For Dummies Lynne Bairstow, David Baird, 2005-10-17 In Cancun and the Yucatan you can enjoy exquisite beaches exhilarating adventures or rejuvenating relaxation You can go to Playa del Carmen with its hip social life or Isla Mujeres where life moves along in a manana mode Whether you want to explore ancient Mayan culture or modern day margarita culture enjoy a siesta or a fiesta stay in a luxurious resort or small palapa hotel seek out best archaeological sites or the liveliest nightlife this friendly guide is just the ticket with the scoop on The best beaches known for powdery white sand and crystal clear waters Cozumel a diver's paradise with a myriad of water activities centered around its famous reef World class scuba diving snorkeling cenote diving fly fishing golf tennis or birding Delicious local specialties Shopping for jewelry and authentic Mexican crafts Like every For Dummies travel guide Cancun the Yucatan For Dummies Second Edition includes Down to earth trip planning advice What you shouldn't miss and what you can skip The best hotels and restaurants for every budget Handy Post it Flags to mark your favorite pages From Menstruation to the Menopause Maria Kathryn Tomlinson, 2021-05-15 This book examines the representation of the female fertility cycle in contemporary Algerian Mauritian and French women's writing It focuses on menstruation childbirth and the menopause whilst also incorporating experiences such as miscarriage and abortion This study frames its analysis of contemporary women's writing by looking back to the pioneering work of the second wave feminists Second wave feminist texts were the first to break the silence on key aspects of female experience which had thus far been largely overlooked or considered taboo Second wave

feminist works have been criticised for applying their universal theories to all women regardless of their ethnicity socio economic status or sexuality This book argues that contemporary women s writing has continued the challenge against normative perceptions of the body that was originally launched by the second wave feminists whilst also taking a more nuanced contextual and intersectional approach to corporeal experience The cross cultural and interdisciplinary approach of this book is informed not only by critics of the second wave feminist movement but also by sociological studies which consider how women s bodily experiences are shaped by socio cultural context
