The Beats in Mexico David Stephen Calonne,2022-04-15 Mexico features prominently in the literature and personal legends of the Beat writers from its depiction as an extension of the American frontier in Jack Kerouac s On the Road to its role as a refuge for writers with criminal pasts like William S Burroughs Yet the story of Beat literature and Mexico takes us beyond the movement s superstars to consider the important roles played by lesser known female Beat writers The first book length study of why the Beats were so fascinated by Mexico and how they represented its culture in their work this volume examines such canonical figures as Kerouac Burroughs Ginsberg Lamantia McClure and Ferlinghetti It also devotes individual chapters to women such as Margaret Randall Bonnie Bremser and Joanne Kyger who each made Mexico a central setting of their work and interrogated the misogyny they encountered in both American and Mexican culture The Beats in Mexico not only considers individual Beat writers but also places them within a larger history of countercultural figures from D H Lawrence to Antonin Artaud to Jim Morrison who mythologized Mexico as the land of the Aztecs and Maya where shamanism and psychotropic drugs could take you on a trip far beyond the limits of the American imagination

Western European Museums and Visual Persuasion J. Donald Ragsdale,2020-07-13 Western European Museums and Visual Persuasion is an assessment of the visual persuasiveness of art museums It demonstrates that museums are as capable of influence as speeches or advertisements are and that an awareness of this influence provides an insight into museums cultural roles The book considers a diverse array of institutions ranging from such national cultural icons as the Louvre the British Museum and the Prado to museums of partisan advocacy such as the Centre Georges Pompidou the Tate Modern and the Museo Nacional Centro Arte de Reina Sofia The museums architectural significance the importance of their collections and the persuasiveness of their exhibition designs are the bases for assessment Western European Museums and Visual Persuasion is an important extension of theories of persuasion and visual communication to art art history and museology It utilizes a theory of visual signs based on the semiotics of C S Peirce

to demonstrate that museum buildings the art within them and the spaces used for display all may be thought as ways of influencing society Catalogue of the library of E.W.
