Page, Bronwen Thomas, 2011-12-01 Just as the explosive growth of digital media has led to ever expanding narrative possibilities and practices so these new electronic modes of storytelling have in their own turn demanded a rapid and radical rethinking of narrative theory This timely volume takes up the challenge deeply and broadly considering the relationship between digital technology and narrative theory in the face of the changing landscape of computer mediated communication *New Narratives* reflects the diversity of its subject by bringing together some of the foremost practitioners and theorists of digital narratives It extends the range of digital subgenres examined by narrative theorists to include forms that have become increasingly prominent new examples of experimental hypertext and contemporary video games The collection also explicitly draws connections between the development of narrative theory technological innovation and the use of narratives in particular social and cultural contexts Finally *New Narratives* focuses on how the tools provided by new technologies may be harnessed to provide new ways of both producing and theorizing narrative Truly interdisciplinary the book offers broad coverage of contemporary narrative theory including frameworks that draw from classical and postclassical narratology linguistics and media studies      *Ten to One* Bob Perelman, 1999-10 The first selected poems from one of the most inventive poets writing today      **Stained Glass of the Middle Ages in England and France** Hugh Arnold, 2014-03-14 The Cathedral verger conducting his flock of tourists round the building while giving them plenty of really interesting and valuable information about it for the verger of to day is a different man from his predecessor and is often very intelligent and well informed remarks briefly The glass is of the thirteenth century or fourteenth or fifteenth as the case may be the procession gazes carelessly at it and passes on Yet from out of that dazzling and glowing labyrinth of coloured jewels a past age is speaking far more articulately if one stops to unravel the message than ever in stone or wood and it is for those who can be induced to take that second look which will be followed by a third and a fourth and many more that I have written this book      **More Twisted** Jeffery Deaver, 2007-11-27 A collection of short stories of mystery and suspense      **Grandmothers for God** Lois Ryan, 2023-06-08 This book is lovingly compiled using the blog written by Grandma Lois Lois believed that by writing her thoughts and sharing them with other grandparents and their grandchildren as well she could lead others to know her Lord and Savior Jesus Christ      *The Sleeping Doll* Jeffery Deaver, 2009-06-16 A vicious killer escapes from a California super prison and embarks on a mysterious and deadly quest It s up to Kathryn Dance and her CBI partners to track him down before he can get to the lone survivor of the murders he had committed Now in a tall Premium Edition      **The Broken Window** Jeffery Deaver, 2008-06-10 SOON TO BE A MAJOR TELEVISION EVENT FROM NBC STARRING RUSSELL
