For All We Have and Are James M. Pitsula, 2011-11-30

The First World War profoundly affected every community in Canada In Regina the politics of national identity the rural myth and the social gospel all lent a distinctive flavour to the city's experience of the Great War For many Regina's the fight against German militarism merged with the struggle against social evils and the Big Interests adding new momentum to the forces of social reform including the fights for prohibition and women's suffrage James M Pitsula traces these social movements against the background of the lives of Regina men who fought overseas in battles such as Passchendaele and Vimy Ridge Skillfully combining vivid detail with the larger social context *For All We Have and Are* provides a nuanced picture of how one Canadian community rebuilt both its realities and myths in response to the cataclysm of the war to end all wars

What Is My Purpose? Dr. Vijaya Chetty,2014-02-04 This book is for all parents those who are pregnant those who already are gifted with children and those future mothers and fathers just waiting for a special soul to make their life complete For the latter this book can be used daily for mediation and as a tool in asking for that special little person to choose us to be their parents For those who have already been blessed with little ones this book can be used as a valuable reminder for them as to who they are where they are and what their purpose in life is We are so busy reacting to external situations in our ever changing world that we often forget who we really are smothering ourselves in a blanket of stress and anxiety over things that dont really matter The ever observant child will learn to mimic how we deal with situations carrying the same heavy blanket with them and can in turn lose track of what really matters who they are and their real purpose in life This book is about shedding those unnecessary layers to reveal our true selves so that through successful relationships we can share our love happiness peace truth and strength with each individual we come in to contact with Please do not underestimate the capabilities of a child Whether he or she is a teenager 6 years old a newborn baby or a young fetus they all can hear us and they all feed off the

love we show them Every child whatever their age needs us to love them unconditionally care for them and to be good role models Practice this by reading the book to your loved ones wherever they may be I wish you the very best and I am grateful for this opportunity to share all my love happiness and strength with all the parents and children in this world and beyond Dr Vijaya Chetty *The Electrical Engineer* ,1891 **Energy and Water Development Appropriations for Fiscal Year 2005** United States.
